Date:	Monday, December 23, 2019 6:09:47 PM

This letter is to inform you of the United States Environmental Protection Agency's (EPA) decision to close the Emergency Administrative Order (Emergency Order) issued on December 26, 2018, to Northern Cheyenne Utility Commission (Respondent). The EPA has determined that the Respondent has completed all actions outlined in the Emergency Order and that the water provided by the Lame Deer Public Water System (System) no longer presents an imminent and substantial endangerment to persons served by the System. Therefore, EPA will close the Emergency Order at this time.

Please be aware that the Respondent is still required to comply with the National Primary Drinking Water Regulations (NPDWR), 40 C.F.R. part 141. Violation of the NPDWRs may result in a court-imposed injunction and penalties of up to $53,907 per day of violation.
