Dear Mr. McLane:

Enclosed is the initial Title V permits issued by the South Coast Air Quality Management District (AQMD) for the facilities listed above. The draft copies of these permits were submitted to U.S. EPA Region IX (EPA) for a 45-day review period starting February 22, 2011 and made available for a 30-day public comment period starting March 01, 2011. The AQMD received no comments from the EPA; several public comments were received on the draft permits. All of the comments have been fully considered by the AQMD, and our responses have been sent to the public members who commented on the draft permits as well as the EPA. Comments from the public did not result in any changes to the proposed Title V permits.

Questions concerning your Title V permits may be directed to Mr. Khang Nguyen at (909) 396-3210 or knguyen@aqmd.gov.

Sincerely,

Mohsen Nazemi, P.E.
