SUBJECT: Title V Facility Permit Revision (Facility ID: 002044)

Dear Mr. Loyd:

Please find attached the revised Title Page, Table of Contents, and Section D of your Title V Facility Permit. The revised sections reflect the approval of the permit revision requested in your Application No. 482924. The proposed permit revision was submitted to EPA for 45-day review on July 1, 2008. This permit revision includes construction of two new spray booths (to replace existing equipment) and to change the permit conditions to include these two spray booths in a VOC group limit with the currently permitted billiards spray booth, two enamel spray booths and one polyester resin mixer (see Attachment 1).

Please review the attached sections carefully. Insert the attached sections into your Facility Permit and discard the earlier versions. Questions concerning changes to your permit should be directed to Mr. Shailesh Patel at (909) 396-2681.

Sincerely,

Fred Lettice
Senior Manager
Coating, Printing, Aerospace
& Metal Finishing Operations
