Mr. Jay Demel
Vice President of Operations
DeMenno Kerdoon
2000 N. Alameda Street
Compton, CA 90222

Subject: Final Initial Title V Facility Permit (Facility ID NO.800037)

Dear Mr. Demel:

Please find the attached final initial Title V facility permit for your facility located at 2000 N. Alameda Street, Compton Ca. Effective July 1, 2011, this Title V facility permit replaces the RECLAIM Facility Permit and any other permits what have been issued by the AQMD to Demenno Kerdoon, Facility ID No. 800037.

A proposed permit and public notices were previously issued by the South Coast Air Quality Management District (AQMD) on March 30, 2011, for Environmental Protection Agency (EPA) and on April 7, 2011, for public review and commenting. AQMD received no comments from EPA or public on the proposed permit. Since the proposed permit was released, the following administrative revisions have been made to the permit.

Section D:

1. Devices, D23, and D33, were corrected by removing "TR302" from equipment description.
2. Device C22 was corrected by changing the number of vapor return lines from "4 total" to "5 total."
3. Condition No. F9.1 was corrected by changing applicable Rule Tag from "401, 9-11-1998" to "Rule 401, 11-9-2001."
4. Condition No. F39.1 was removed because this condition no longer applies after the initial Title V Facility Permit is issued.
5. Condition No. C1.6 was corrected by changing "166,667. lb(s)" to "166,667 lb(s)"
6. Condition No. C1.10 was corrected by changing "D89 (Tankd 503)" to D89 (Tank 503).

Section K & Appendix B:

These sections have been updated with the current federal and non-federal enforceable versions.

Please review the attached Title V Facility Permit. As of July 1, 2011, the operation of your facility is bound by the conditions and/or requirements stated in your Facility Permit to Operate. If you determine that there is any administrative error in your Facility Permit, please contact Mr. Jonathan Uhl, Air Quality Engineer II, at (909) 396-2725 within 30 days of the receipt of your permit.

Sincerely,

Mohsen Nazemi, P.E.
Deputy Executive Officer
