Dear Mr. Rios:

Reference: Shultz Steel Company (ID# 016639) Title V Permit Revision

Shultz Steel Company has proposed to revise their Title V Permit under A/N 536733 by replacing existing burners with lower NOx emission burners on their heat treating furnace. This proposed permit revision is considered as a "minor permit revision," to their Title V Permit. Enclosed for your review are the permit evaluation and the proposed Section D and Section H of the facility permit. With your receipt of the proposed Title V permit today, we will note that the EPA 45-day review period begins on August 7, 2012. Also, included in the sections is an administrative permit revision under A/N 540384 for adding a bag leak detector to the baghouse.

If you have any questions or need additional information regarding the proposed permit revision, please contact Mr. Michael Solis at (909) 396-3277.

Sincerely,

Brian L. Yeh
