Wilmington, CA 90748-1028

SUBJECT: BP West Coast Products LLC, BP Wilmington Calciner (Facility ID 131249)
Title V Facility Permit, Section D – Revision No. 9, Section H – Revision No. 6

Dear Mr. Rosu:

Enclosed please find the revised Title Page, Table of Contents, Section A, Section D and Section H of your Title V Facility Permit for the petroleum coke calcining facility at 1175 Carrack Avenue, Wilmington, CA 90744. The revised Facility Permit reflects the approval of application no. 502187 for a Permit to Operate and the transfer of devices D114 and D115 from Section H to Section D as indicated below and a change of the responsible person and contact person. These revisions are considered to be administrative.

SECTION D (Permit to Operate)

Appl. No.	Equipment	Device	Process	System	Description
502187	Storage Silo, No. 5, with Enclosure	D114	1	4	Enclose the silo 5 emergency dump area and the portable cleanup hopper to comply with Rule 1158
502187	Maintenance Chute	D115	1	4	Maintenance chute where hot coke can be dumped at a location upstream of the silo 5 structure only during maintenance and inspection activities

Please review the attached pages carefully. Insert the enclosed sections into your Title V Facility Permit, and discard the earlier versions. If you have any questions concerning the changes to your permit, or if you determine any administrative error, please contact Ms. Belinda Wan at (909) 396-2532 or by email at bwan@aqmd.gov, within 30 days of the receipt of your permit.

Sincerely,

Jay Chen, P.E.
