Subject: Administrative Revision to Title V Facility Permit
Hyperion Treatment Plant (Facility ID # 800214)

Dear Ms. Robinson,

Enclosed please find the revised Title Page, Table of Contents, Section D and Section H of your Title V Facility Permit. The revised sections reflect conversion of Permits to Construct to Permits to Operate under Administrative Revision. This revision does not require public notice or EPA review.

The following applications are added to Section D - Facility Equipment and Requirements, and removed from Section H - Permits to Construct and Temporary Permits to Operate.

Application No.	Equipment Description
245835	APC System, Liquid Scrubber – Truck Loading
254887	Wastewater Treatment System (Secondary)
265348	APC System, Liquid Scrubber – High Purity Oxygen Reactor
265350	APC System, Liquid Scrubber – High Purity Oxygen Reactor
299230	APC System, Liquid Scrubber – Biosoild Dewatering & Digester Screening
299232	Biosolids Dewatering Facility
362229	APC System, Liquid Scrubber – Intermediate Pumping Station

Also, the following application is removed from Section H since the equipment is no longer in operation under Administrative Revision.

Application No.	Equipment Description
296987	Boiler > 10 mm btu/hr, Diges. Gas & Nat. gas

Please review the attached sections carefully. Insert the enclosed section(s) in your Title V Facility Permit and discard the earlier versions. Questions concerning this revised permit should be directed to Abdi Majidifar at (909) 396-2449.

The operation of your facility is bound by the conditions and/or requirements stated in your Facility Permit to Operate. If you determine any administrative errors, please contact Abdi Majidifar at the above number within 30 days of receipt of your permit.

Sincerely,

Jay Chen, P.E.
