Upon return to my office from travel, I read your request for final reports relative to the 8(e) document referenced above. Our Toxicology department informs me that the final report has not been received from the contract laboratory. I requested that the final report be produced on a priority basis and will provide same to the Agency upon its receipt.

If you need to contact me in the interim, I can be reached at 201-455-2733.

Sincerely,

Daniel Levine
