CONSENT AGREEMENT

I. NATURE OF THE ACTION

1. This is a civil administrative enforcement action, ordering compliance with the requirements of Sections 12-8-60 through 12-8-83 of the Georgia Hazardous Waste Management Act (GHWMA), GA. CODE ANN. § 12-8-60 et seq. (Subtitle C of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. §§ 6921-6939e). This action seeks civil penalties pursuant to Section 3008(a) of RCRA, 42 U.S.C. § 6928(a), for alleged violations of the GHWMA and the regulations promulgated pursuant thereto, set forth in the Georgia Hazardous Waste Management Rules (GHWMR), codified at GA. COMP. R. AND REGS. 391-3-11.01 through 391-3-11.18 (Title 40 of the Code of Federal Regulations (40 C.F.R.) Parts 260 through 279).
2. The *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits*, 40 C.F.R. Part 22, provide that where the parties agree to settlement of one or more causes of action before the filing of a complaint, a proceeding may be simultaneously commenced and concluded by the issuance of a Consent Agreement and Final Order (CA/FO). 40 C.F.R. §§ 22.13(b) and 22.18(b)(2).
3. The parties have conferred solely for the purpose of settlement pursuant to 40 C.F.R. § 22.18 and desire to settle this action. Accordingly, before any testimony has been taken upon the pleadings and without any admission of violation or adjudication of any issue of fact or law and in accordance with 40 C.F.R. § 22.13(b), Complainant and Respondent have agreed to the execution of this CA/FO, and Respondent hereby agrees to comply with the terms of this CA/FO.

II. THE PARTIES

4. Complainant is the Chief, RCRA and OPA Enforcement and Compliance Branch, RCRA Division, Region 4, United States Environmental Protection Agency.

5. Respondent is UAG Duluth, Inc. D\B\A Atlanta Toyota, a corporation incorporated under the laws of the State of Texas and doing business in the State of Georgia (Georgia or the State), located at 2345 Pleasant Hill Road, Duluth, Georgia 30136.

III. PRELIMINARY STATEMENTS

6. Pursuant to Section 3006(b) of RCRA, 42 U.S.C. § 6926(b), Georgia has received final authorization from the EPA to carry out a hazardous waste program in lieu of the federal program set forth in RCRA. The requirements of the Georgia authorized program are found at GA. CODE ANN. § 12-8-60 through 12-8-83 and GA. COMP. R. AND REGS. 391-3-11.01 through 391-3-11.18.
7. Pursuant to Section 3006(g) of RCRA, 42 U.S.C. § 6926(g), the requirements established by the Hazardous and Solid Waste Amendments of 1984 (HSWA), Pub. L. 98-616, are immediately effective in all states regardless of their authorization status and are implemented by the EPA until a state is granted final authorization with respect to those requirements. Georgia has received final authorization for certain portions of HSWA, including those recited herein.
8. Although the EPA has granted the State authority to enforce its own hazardous waste program, the EPA retains jurisdiction and authority to initiate an independent enforcement action pursuant to Section 3008(a)(2) of RCRA, 42 U.S.C. § 6928(a)(2), to address violations of the requirements of the authorized state program. The EPA exercises this authority in the manner set forth in the Memorandum of Agreement between the EPA and the State of Georgia.
9. As Georgia's authorized hazardous waste program operates in lieu of the federal RCRA program, the citations for the violations alleged herein will be to the authorized Georgia program; however, for ease of reference, the federal citations will follow in parentheses.
10. Pursuant to Section 3008(a)(2) of RCRA, 42 U.S.C. § 6928(a)(2), Complainant has given notice of this action to the State before issuance of this CA/FO.
11. GA. CODE ANN. § 12-8-64(1)(A) (Section 3002(a) of RCRA, 42 U.S.C. § 6922(a)), requires the promulgation of standards applicable to generators of hazardous waste. The implementing regulations for these requirements are found at GA. COMP. R. AND REGS. 391-3-11-.08(1) (40 C.F.R. Part 262).
12. GA. CODE ANN. § 12-8-64(1)(A) (Section 3004 of RCRA, 42 U.S.C. § 6924) requires the promulgation of regulations establishing standards applicable to owners and operators of hazardous waste treatment, storage and disposal facilities. The implementing regulations for these requirements are found at GA. COMP. R. AND REGS. 391-3-11-.10(2) (40 C.F.R. Part 264).
13. GA. CODE ANN. § 12-8-66 (Section 3005 of RCRA, 42 U.S.C. § 6925) sets forth the requirement that a facility treating, storing, or disposing of hazardous waste must either have a permit or achieve interim status. The implementing regulations for this requirement are found at GA. COMP. R. AND REGS. 391.3-11-.10(1) (interim status) and (2) (permitted) (40 C.F.R. Parts 264 (permitted) and 265 (interim status)).

14. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. § 261.2), the term “solid waste” means any discarded material that is not otherwise excluded by regulation. A discarded material includes any material that is abandoned by being stored in lieu of being disposed.
15. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. § 261.3), a solid waste is a “hazardous waste” if the solid waste meets any of the criteria set out in GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. § 261.3(a)(2)) and it is not otherwise excluded from regulation as a hazardous waste by operation of GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. § 261.4(b)).
16. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. §§ 261.3(a)(2)(i) and 261.21), a solid waste that exhibits the characteristic of ignitability is a hazardous waste and is identified with the EPA Hazardous Waste Number D001.
17. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. §§ 261.3(a)(2)(i) and 261.23), a solid waste that exhibits the characteristic of reactivity is a hazardous waste and is identified with the EPA Hazardous Waste Number D003.
18. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. §§ 261.3(a)(2)(i) and 261.24), a solid waste that exhibits the characteristic of toxicity for benzene is a hazardous waste and is identified with the EPA Hazardous Waste Number D018.
19. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. §§ 261.3(a)(2)(ii) and 261.31), a solid waste is a hazardous waste from a nonspecific source if is listed in 40 C.F.R. § 261.31 and has not been excluded under 40 C.F.R. §§ 260.20 and 260.22 and is listed in Appendix IX. Hazardous wastes from nonspecific sources are identified with the EPA Hazardous Wastes Numbers F001 through F039.
20. Pursuant to GA. CODE ANN. § 12-8-62(23) (Section 1004(34) of RCRA, 42 U.S.C. § 6903(34)), “treatment” means any method, technique, or process, including neutralization, designed to change the physical, chemical, or biological character or composition of any hazardous waste so as to neutralize such waste or so as to render such waste nonhazardous, safe for transport, amenable for recovery, amenable for storage, or reduced in volume. Such term includes any activity or processing designed to change the physical form or chemical composition of hazardous waste so as to render it nonhazardous.
21. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.02(1) (40 C.F.R. § 260.10), the term “person” means an individual, trust, firm, joint stock company, corporation (including a government corporation), partnership, association, municipality, commission, or political subdivision or any agency, board, department or bureau of a state or the federal government.
22. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.02(1) (40 C.F.R. § 260.10), the term “generator” means any person, by site, whose act or process produces hazardous waste identified or listed in GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. Part 261) or whose act first causes a hazardous waste to be subject to regulation.
23. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.02(1) (40 C.F.R. § 260.10), the term “facility” means all contiguous land and structures, other appurtenances and improvements on the land, used for treating, storing or disposing of hazardous waste.

24. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.02(1) (40 C.F.R. § 260.10), the term “owner” means the person who owns a facility or part of a facility and the term “operator” means the person responsible for the overall operation of a facility.
25. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. § 261.5(a)), a generator of less than 100 kilograms of hazardous waste in a calendar month is a Conditionally Exempt Small (CESQG).
26. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.07(1) (40 C.F.R. § 261.5(g)), in order for hazardous waste generated by a CESQ in quantities of 100 kilograms or less during a calendar month to be excluded from full regulation, the generator must comply with, among other requirements, GA. COMP. R. AND REGS. 391-3-11-.08(1) (40 C.F.R. § 262.11), which requires a generator of solid waste to determine if that waste is hazardous, and at no point accumulate hazardous waste in an amount exceeding 1,000 kilograms.
27. Pursuant to GA. COMP. R. AND REGS. 391-3-11-.17 (40 C.F.R. § 279.22(c)(1)), containers and aboveground tanks used to store used oil at generator facilities must be labeled or marked clearly with the words “Used Oil.”

IV. EPA’S ALLEGATIONS AND DETERMINATIONS

28. Respondent is a “person” within the meaning of GA. COMP. R. AND REGS. 391-3-11-.02(1) (40 C.F.R. § 260.10).
29. At all times relevant to this CA/FO, Respondent was the “owner” and/or “operator” of a “facility” located at 2345 Pleasant Hill Road, Duluth, Georgia 30136 as those terms are defined in GA. COMP. R. AND REGS. 391-3-11-.02(1) (40 C.F.R. § 260.10).
30. Respondent operates an automobile sales dealership and maintenance facility. Operations performed at the facility include general maintenance and routine repair of automobiles.
31. Respondent’s most recent Hazardous Waste Generator Notification to Georgia, dated April 9, 2011, characterized the facility as a CESQG. This notification indicated that the facility generated wastes characteristic for ignitability (D001), toxicity for benzene (D018), as well as hazardous wastes from nonspecific sources (F003 and F005).
32. Respondent, as a result of its operations at the facility, is a generator of hazardous waste.
33. On March 7, 2011, representatives of the EPA performed a RCRA compliance evaluation inspection (CEI) of the Respondent’s facility located at 2345 Pleasant Hill Road, Duluth, Georgia 30136. The findings of the CEI were documented in a RCRA inspection report, dated April 27, 2011.
34. At the time of the March 7, 2011, CEI, Respondent was storing used oil in both its upper and lower shop areas in containers, some of which were not labeled with the words “Used Oil.”
35. The EPA therefore alleges that Respondent violated GA. COMP. R. & REGS. 391-3-11-.17 (40 C.F.R. § 279.22(c)(1)), by storing used oil in containers that were not labeled or marked clearly with the words “Used Oil.”

36. At the time of the March 7, 2011, CEI, inspectors observed an aerosol can, which was not at zero pressure, disposed of in the trash destined for the municipal landfill. Respondent had not made a hazardous waste determination on this solid waste that was generated at its facility.
37. The EPA therefore alleges that Respondent violated GA. COMP. R. & REGS. 391-3-11-.08(1) (40 C.F.R. § 262.11), by failing to make a hazardous waste determination on solid waste generated at its facility.
38. At the time of the March 7, 2011, CEI, Respondent's practice for managing used undeployed air bags, which exhibit the characteristic of reactivity, was to deploy the air bags in the dumpster area of the facility before disposing of them in the trash destined for the municipal landfill. The EPA alleges that this practice of deployment meets the definition of treatment under GA. CODE ANN. § 12-8-62(23) (Section 1004(34) of RCRA, 42 U.S.C. § 6903(34)), because it changes the physical character of the waste so as to render it nonhazardous, safe for transport, and amenable for storage. Respondent did not have a permit or interim status pursuant to GA. CODE ANN. § 12-8-66 (Section 3005 of RCRA, 42 U.S.C. § 6925).
39. The EPA therefore alleges that Respondent violated GA. CODE ANN. § 12-8-66 (Section 3005 of RCRA, 42 U.S.C. § 6925), by treating hazardous waste without having obtained a permit or interim status.

V. TERMS OF AGREEMENT

Based on the foregoing Preliminary Statements, Allegations, and Determinations, the parties agree to the following:

40. For the purposes of this CA/FO, Respondent admits the jurisdictional allegations set out in the paragraphs above pursuant to Section 3008 of RCRA, 42 U.S.C. § 6928.
41. Respondent neither admits nor denies the factual allegations and determinations set out in paragraphs 28 through 39 of this CA/FO.
42. Respondent waives any right to contest the allegations and its right to appeal the proposed Final Order accompanying the Consent Agreement.

45. The parties agree that the settlement of this matter is in the public interest and that this CA/FO is consistent with the applicable requirements of RCRA.
46. Respondent, by signing this CA/FO, certifies that Respondent is currently in compliance with RCRA and the authorized Georgia hazardous waste program.

47. The parties agree that compliance with the terms of this CA/FO shall resolve all of Respondent's liability for civil penalties for the violations alleged and facts stipulated to in this CA/FO.
48. Each party will pay its own costs and attorneys' fees.

52. If Respondent fails to remit the civil penalty as agreed to herein, the EPA is required to assess interest and penalties on debts owed to the United States and a charge to cover the costs of processing and handling the delinquent claim. Interest, at the statutory judgment rate provided for in 31 U.S.C. § 3717, will therefore begin to accrue on the civil penalty if it is not paid within thirty (30) calendar days after the effective date of this Consent Agreement. Pursuant to 31 U.S.C. § 3717, Respondent must pay the following amounts on any amount overdue:

- (a) Interest. Any unpaid portion of a civil penalty must bear interest at the rate established by the Secretary of the Treasury pursuant to 31 U.S.C. § 3717(a)(1). Interest will therefore begin to accrue on a civil penalty or stipulated penalty if it is not paid by the last date required. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 4 C.F.R. § 102.13(c).
- (b) Monthly Handling Charge. Respondent must pay a late payment handling charge of fifteen dollars (\$15.00) on any late payment, with an additional charge of fifteen dollars (\$15.00) for each subsequent thirty (30) calendar day period over which an unpaid balance remains.
- (c) Non-Payment Penalty. On any portion of a civil penalty more than ninety (90) calendar days past due, Respondent must pay a non-payment penalty of six percent (6%) per annum, which will accrue from the date the penalty payment became due and is not paid. This non-payment penalty is in addition to charges which accrue or may accrue under subparagraphs (a) and (b) of this Paragraph.

53. Penalties paid pursuant to this CA/FO are not deductible for federal tax purposes under 26 U.S.C. § 162(f).

VII. PARTIES BOUND

54. This CA/FO shall be binding upon Respondent and its successors and assigns. Respondent shall cause its officers, directors, employees, agents and all persons, including independent contractors,

55. No change in ownership, partnership, corporate or legal status relating to the facility will in any way alter Respondent's obligations and responsibilities under this CA/FO.
56. The undersigned representative of Respondent hereby certifies that she or he is fully authorized to enter into this CA/FO and to execute and legally bind Respondent to it.

VIII. RESERVATION OF RIGHTS

57. Notwithstanding any other provision of this CA/FO, an enforcement action may be brought pursuant to Section 7003 of RCRA, 42 U.S.C. § 6973, or other statutory authority, should the EPA find that the handling, storage, treatment, transportation, or disposal of solid waste or hazardous waste at Respondent's facility may present an imminent and substantial endangerment to human health or the environment.
58. Complainant reserves the right to take enforcement action against Respondent for any future violations of RCRA and the implementing regulations and to enforce the terms and conditions of this CA/FO.
59. Except as expressly provided herein, nothing in this CA/FO shall constitute or be construed as a release from any civil or criminal claim, cause of action or demand in law or equity for any liability Respondent may have arising out of, or relating in any way to, the transportation, storage, release, or disposal of any hazardous constituents, hazardous substances, hazardous wastes, pollutants, or contaminants found at, taken to, or taken from Respondent's facility.
60. This CA/FO may be amended or modified only by written agreement executed by both the EPA and Respondent.
