NOTICE OF PROPOSED RENEWAL OF TITLE V PERMIT

The South Coast Air Quality Management District (AQMD) is the air pollution control agency for the four county region including all of Orange County and non-desert portions of Los Angeles, Riverside and San Bernardino Counties. Rule 3006 requires that the AQMD publish this notice prior to the renewal of a Title V permit previously issued to the facility listed below:

Tesoro Refining & Marketing Company, LLC
2149 E. Sepulveda Boulevard
Carson, CA 90745
Facility ID# 174703
Facility Contact Person:
Ms. Ruthanne Walker
Environmental Coordinator

This is an existing petroleum product terminal that receives, temporarily stores, and distributes gasoline. The facility operates eight storage tanks, two bulk loading racks, one bulk unloading rack, and a vapor disposal system (thermal oxidizer). Products are received primarily by pipeline. Gasoline is blended with denatured ethanol (oxygenate additive) and is distributed into tank trucks at the two bulk loading racks and are then further distributed into the marketplace. The gasoline vapors generated from the tank truck loading operation are controlled by the vapor disposal system.

Pursuant to Title V of the federal Clean Air Act and AQMD Rule 3004(f), a Title V permit shall expire five years from the date of issuance unless such a permit has been renewed. Accordingly, the above facility submitted a Title V permit renewal application and requested the AQMD to renew their Title V permit. The proposed permit incorporates updates to the facility information, as provided in the facility's Title V renewal application, as well as updates to all rules and regulations that are currently applicable to the facility.

As required by Title V of the federal Clean Air Act, the Title V permit includes all the emission limits, applicable requirements and operating conditions on the equipment, including the requirements of 40CFR Part 64, Compliance Assurance Monitoring (CAM). Title V facilities are required to certify compliance with the Title V permits in addition to recordkeeping and mandatory reporting of any deviation of the permit conditions.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at the Carson Library, 151 E. Carson Street, Carson, CA, CA 90745. The proposed permit can also be viewed at *http://www3.aqmd.gov/webappl/publicnotices2/Search.aspx* by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. **Anyone wishing to comment on the issuance of the proposed renewal permit should submit their comments by July 24, 2015. Written comments should be submitted to:**

South Coast Air Quality Management District
Engineering and Compliance
21865 Copley Drive
Diamond Bar, CA 91765-4178
Attention: Thomas G. Liebel
Senior Engineer

If you are concerned primarily about zoning decisions and the process by which this facility has been sited at this location, you should contact your local city or county planning department. For additional information, please contact Mr. Thomas Liebel at (909) 396-2554 or by e-mail at tliebel@aqmd.gov.

The public may request AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Thomas Liebel at the above AQMD address. The public hearing request must contain all the information requested on the form in order for the AQMD to determine whether or not the request is valid and if a public hearing will be held. The public hearing request forms may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or downloading from the internet at http://www.aqmd.gov/docs/default-source/grants/500-g-form.pdf?sfvrsn=2. **Any request for a public hearing must be submitted to the AQMD no later than July 9, 2015. At the same time, a copy of the hearing request must also be sent by first class mail to the facility contact person listed above at the same time.**

For your general information, anyone experiencing air quality problems such as dust, smoke and odors can telephone in a complaint to the AQMD by calling 1-800-CUT-SMOG (1-800-288-7664).
