Subject: University of Southern California, University Park (ID 800265) – Title V Significant Permit Revision

Dear Mr. Rios:

University of Southern California, University Park has proposed to revise their Title V permit under application no. 571957 by the installation of a three new emergency electrical generators and two natural gas fired boilers. This is a college located at McClintock W. 34th Childs Street, Los Angeles, CA 90089. The proposed permit revision is considered as a "significant permit revision" to their Title V permit and a Rule 3006 Public Notice is required. Attached for your review is the permit evaluation, the proposed revised portion of Section D of the Facility Permit, and the Public Notice for the proposed revision. With the receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period begins on October 21, 2015.

If you have any questions or need additional information regarding the proposed permit revision, please call Mr. Roy Olivares (909) 396-2208.

Very truly yours,
