RE: Emergency Administrative
Order issued under Section 1431
SDWA to High Meadow Ranch
Owners Association
Docket No. SDWA-08-2007-0041
PWS ID #5601569

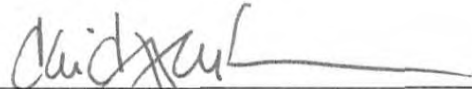

Dear Mr. Wells:

On March 26, 2007, the U.S. Environmental Protection Agency (EPA) issued an Emergency Administrative Order (Order) under section 1431 of the Safe Drinking Water Act (the Act), 40 U.S.C. § 300i, to the High Meadow Ranch Owners Association. This letter confirms the verbal notice provided to you by Lisa Kahn of EPA on May 4, 2007 for reduced monitoring and rescission of the public notification and alternative water requirements required by the Order. Additionally, this letter serves as written notice that effective May 3, 2007, pursuant to the Order, daily bacteriological monitoring is no longer required and may be reduced to weekly monitoring. This notice is based on bacteriological monitoring conducted on April 25th, 26th, and 30th, and May 1st, 2007 which were analyzed as total coliform negative. Weekly bacteriological monitoring shall be conducted until you are notified by EPA that sampling may be reduced to monthly. Additionally, you may discontinue the public notice required by the Order and may discontinue the provision of an alternative potable water supply. Please submit a copy of the public notice and the dates it was posted and delivered with your signature to EPA as soon as possible.

The system is required to comply with all other provisions of the Order. Penalties for failing to comply are set forth in the Order.

We appreciate your cooperation. If you have any questions regarding this matter, please contact Kimberly Pardue Welch at (303) 312-6983. If you are represented by an attorney or have legal questions, please ask your attorney to call Marc Weiner, Enforcement Attorney, at (303) 312-6913.

Sincerely,

David J. Janik, Acting Director
