You are Invited to a Midnite Mine Public Meeting at BIA's Fire Management Conference Room, Wellpinit

The U.S. Environmental Protection Agency (EPA) invites you to a meeting at the BIA Fire Management Conference Room, 6290 Ford Wellpinit Road (just north of the high school), to share the latest information on the Midnite Mine Superfund Site. We will talk about:

- ◆ the site study and cleanup schedule
- ◆ the latest technical documents
- ◆ next steps for the roadside ore removal

Your concerns and suggestions about the cleanup are welcome at any time. We encourage you to bring them up at the meeting. For more information or answers to your questions, please call Debra Sherbina at 1-800-424-4372, ext. 0247.

In spring 2004, EPA will invite your comments on cleanup options for Midnite Mine. To help you learn more about the options, we will hold an Open House in coordination with the Spokane Tribe. We will send you more information about the Open House as the date gets closer.

Come to a Public Meeting

Wednesday
November 19, 2003
4:00 — 6:00 p.m.

 *For people with disabilities, if you have special requests for reasonable accommodation, please call Debra Sherbina by November 14th: 206-553-0247 (toll-free 1-800-424-4372). TTY users, please call 1-800-877-8339.*
