

## **Appendix D**

### **Dithionite Injection/Withdrawal**

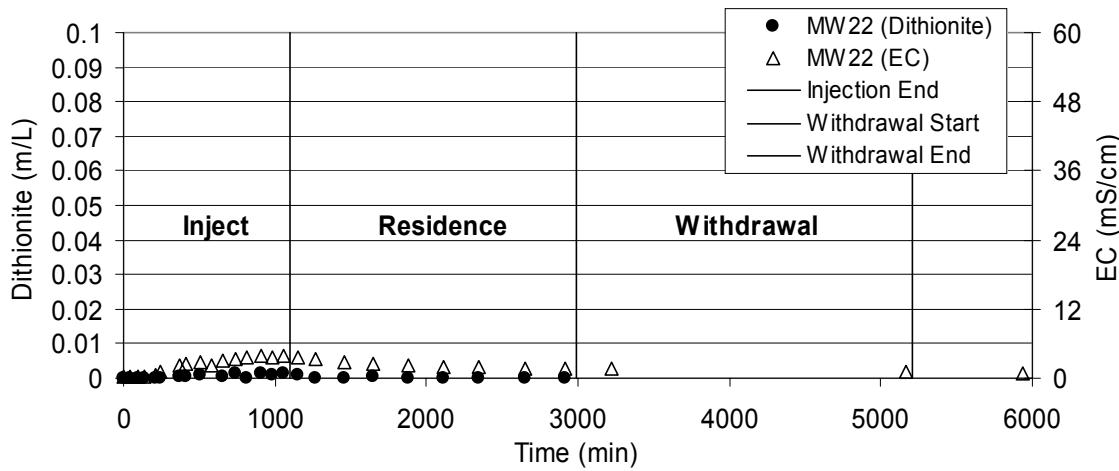

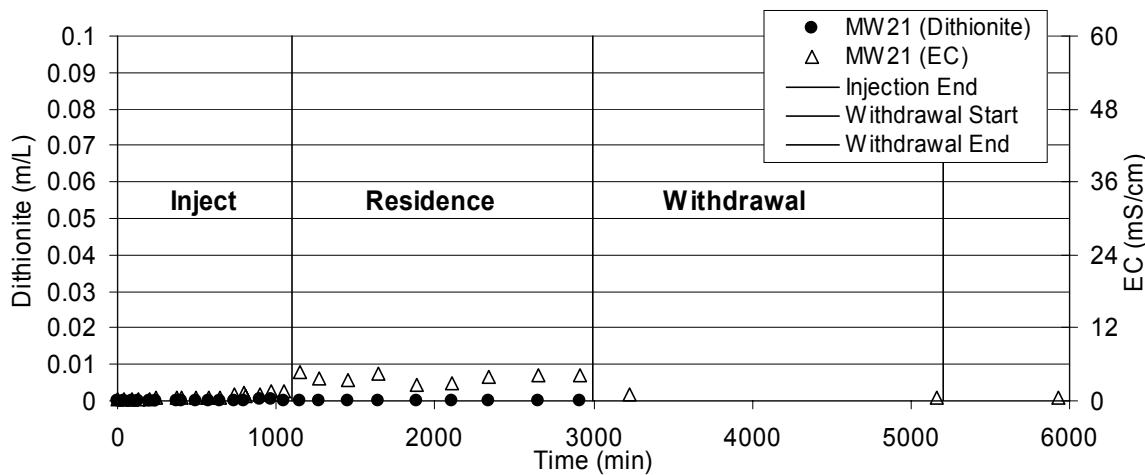

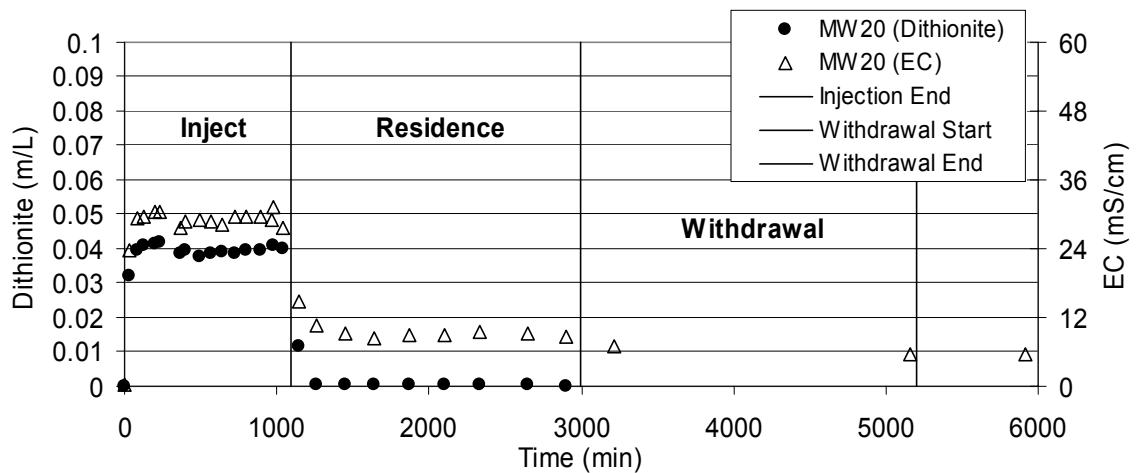

## **Appendix D**

### **Dithionite Injection/Withdrawal**

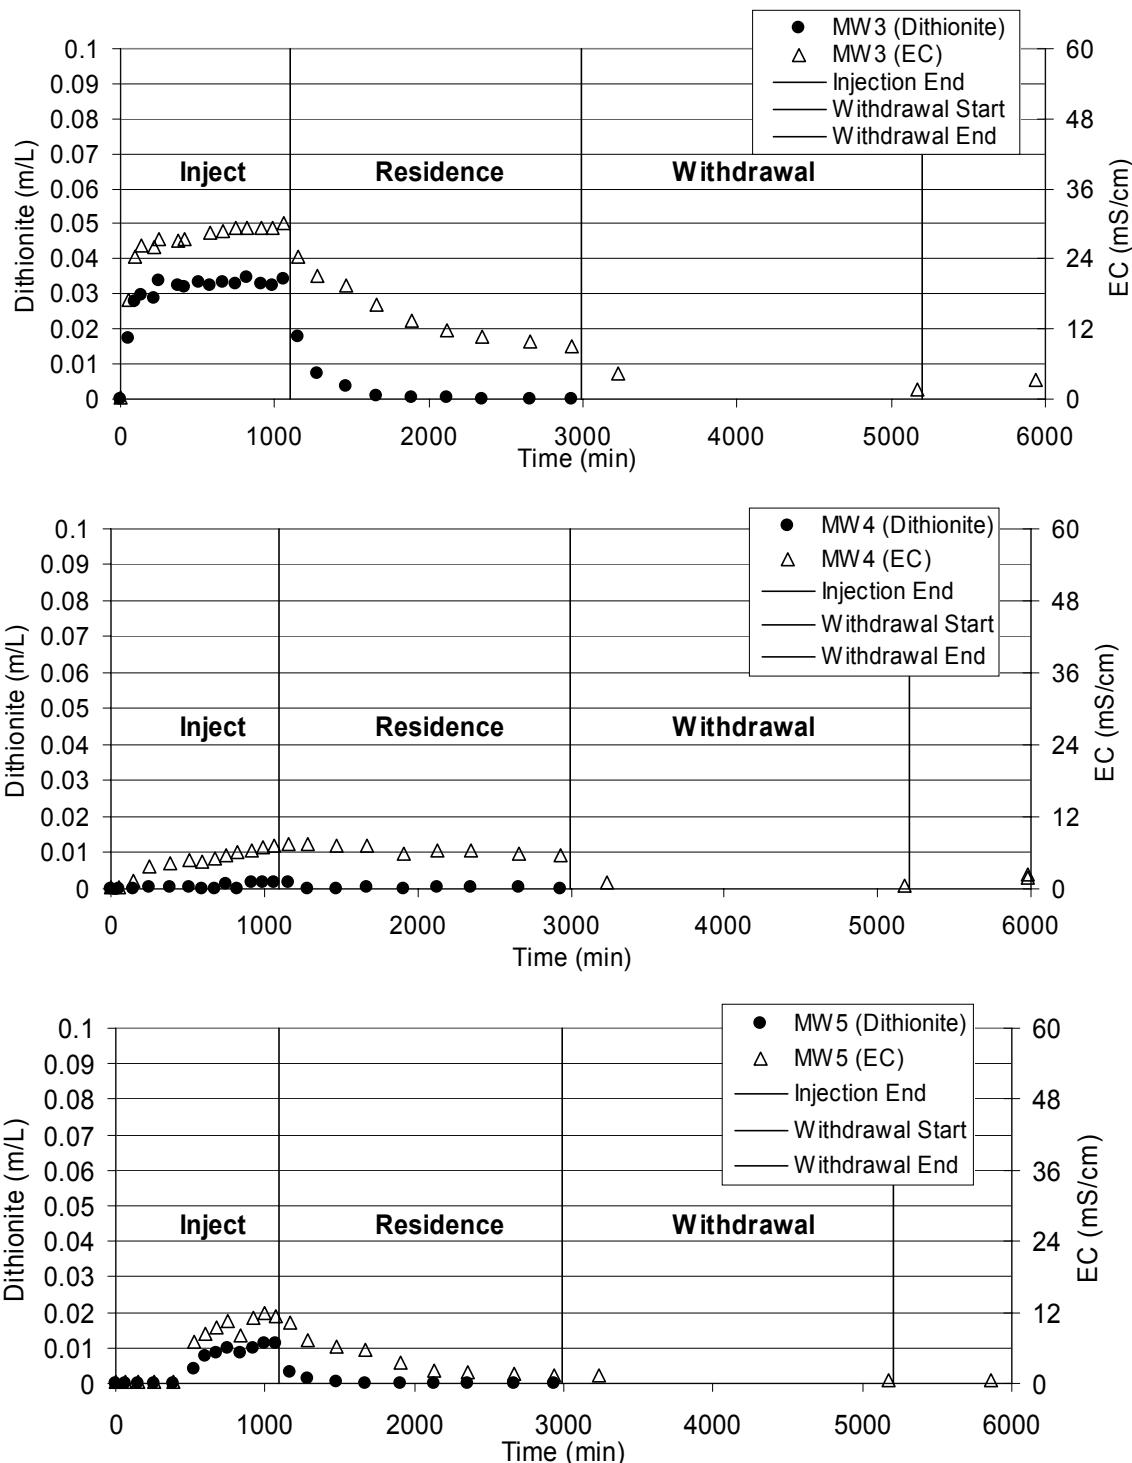

This appendix contains dithionite and electrical conductivity (EC) measurements for all wells at the Frontier Hard Chrome ISRM proof-of-principle test site during the dithionite Injection/Withdrawal Test conducted from October 17 to October 21, 2002. These data are from samples collected and analyzed at the ISRM site. The test is discussed in Section 5. Table 5.1 contains a summary of the test operations.
