On April 27, 2001, the Environmental Appeals Board (the "Board") received a Notice of Withdrawal from SEPTA and AMTRAK (the "petitioners") in the above-captioned matter. In the notice, petitioners request that their petition seeking reimbursement under CERCLA 106(b) for costs incurred at the Paoli Railyard Superfund Site be withdrawn. Accordingly, the Board dismisses the petition with prejudice and the Board's file in the matter will be closed.

So ordered.
