

with recycled tire crumb rubber infill. The results of the research described in both Part 1 and Part 2 of this study should inform future risk assessments.

DATES: This announcement is effective July 25, 2019.

ADDRESSES: The Synthetic Turf Field Recycled Tire Crumb Rubber Research Under the Federal Research Action Plan Final Report: Part 1—Tire Crumb Rubber Characterization, will be available via the internet at <https://www.epa.gov/tirecrumb>.

FOR FURTHER INFORMATION CONTACT: For information on the *Synthetic Turf Field Recycled Tire Crumb Rubber Research Under the Federal Research Action Plan Final Report: Part 1—Tire Crumb Rubber Characterization*, contact Kelly Widener, ORD; telephone: 202-564-6737; or email: Widener.Kelly@epa.gov.

SUPPLEMENTARY INFORMATION:

Background Information on the Synthetic Turf Field Recycled Tire Crumb Rubber Research Under the Federal Research Action Plan Final Report: Part 1—Tire Crumb Rubber Characterization

According to the Synthetic Turf Council, there are currently 12,000 to 13,000 synthetic turf fields in the United States, with 1,200 to 1,500 new installations each year. Fields often use recycled tire rubber as infill material, sometimes mixed with sand. Fields are at municipal and county parks; schools, colleges, and universities; professional sports stadiums and practice fields; and military installations. It is estimated that millions of people use or work at these fields each year.

Parents, athletes, schools, and communities have raised concerns about potential health effects. To help address these concerns, the Centers for Disease Control and Prevention/Agency for Toxic Substances and Disease Registry (CDC/ATSDR) and the U.S. Environmental Protection Agency (EPA), in collaboration with the Consumer Product Safety Commission (CPSC), launched a multi-agency research effort in February 2016.

This multi-agency research effort, known as the Federal Research Action Plan (FRAP) on Recycled Tire Crumb Used on Playing Fields and Playground. The specific FRAP research covered in this report is focused on assessing potential human exposure, which includes conducting research activities to characterize the chemicals associated with recycled tire crumb rubber and to identify the ways in which people may be exposed to those chemicals based on their activities on synthetic turf fields. Also, the research includes

characterizing emissions and bioaccessibility to differentiate what is present in the recycled tire crumb rubber from what people may actually be exposed to from recycled tire crumb rubber.

This research was designed to evaluate exposure. Results from this study can be used by others to inform potential risk. Prior to the FRAP being initiated, most studies examining these potential risks have been considered inconclusive or otherwise incomplete. Based upon available literature, this research effort represents the largest tire crumb rubber study conducted in the United States. The information and results from the effort will fill specific data gaps about the potential for human exposure to chemical constituents associated with recycled tire crumb rubber used in synthetic turf fields. The research is not intended to be a risk assessment.

The FRAP includes: (1) A Literature Review/Gap Analysis; (2) Tire Crumb Characterization research; (3) Exposure Characterization research; and (4) A Playground Study. A status report was previously released describing activities of the FRAP as of December 2016 (EPA/600/R-16/364, available at: <https://www.epa.gov/tirecrumb>). The status report included a summary of stakeholder outreach, an overview of the tire crumb rubber manufacturing industry, progress on the research activities, and the final peer-reviewed literature review/gaps analysis (LRGA) white paper.

This *Synthetic Turf Field Tire Crumb Rubber Research Under the Federal Research Action Plan Final Report: Part 1—Tire Crumb Rubber Characterization* summarizes the findings from the Tire Crumb Characterization research effort. While the research under the FRAP is not a risk assessment, the results of the research described in this and future reports will advance the understanding of exposure to inform the risk assessment process. The Part 1 report currently being posted has been through external peer review. A summary of these comments is included in Appendix V. A response-to-peer review comments document will be released along with Part 2.

More information is available at <https://www.epa.gov/tirecrumb> concerning the timeline of the report. Feedback about the study and report can be sent to recycledtirecrumb@epa.gov. Information collected as part of the Exposure Characterization research under the FRAP (Part 2) will be released at a later date. Part 2 will include information from a biomonitoring study initiated by CDC/ATSDR to investigate

potential exposure to constituents in tire crumb rubber infill. The timeline and information about Part 2 will be posted to the agency's website as it becomes available. CPSC is also conducting the work on playgrounds and results from that effort will be reported separately.

Dated: July 8, 2019.

Timothy Watkins,

Director, National Exposure Research Laboratory.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9997-12-Region 8]

Administrative Settlement Agreement and Order on Consent: Richardson Flat Tailings Site, Park City, Summit County, Utah

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed agreement; request for public comment.

SUMMARY: In accordance with the requirements of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), notice is hereby given of the proposed settlement under CERCLA, between the U.S. Environmental Protection Agency ("EPA"), the U.S. Department of Interior ("DOI"), the State of Utah ("State"), the Florence J. Gillmor Foundation, the Estate of Florence J. Gillmor (collectively, "Owners"), Summit County, a political subdivision of the State of Utah, and the Snyderville Basin Recreation District, a Special District in the State of Utah (collectively, "Purchaser") to settle liabilities at the Richardson Flat Tailings Site in Summit County, Utah.

For thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the agreement. The Agency will consider all comments received and may modify or withdraw its consent to the agreement if comments received disclose facts or considerations that indicate that the agreement is inappropriate, improper, or inadequate.

DATES: Comments must be submitted on or before August 26, 2019.

ADDRESSES: The proposed agreement and additional background information relating to the agreement, as well as the Agency's response to any comments are or will be available for public inspection at the EPA Superfund Record Center, 1595 Wynkoop Street, Denver,

Colorado, by appointment. Comments and requests for a copy of the proposed agreement should be addressed to Matt Hogue, Enforcement Specialist, Superfund and Emergency Management Division, Environmental Protection Agency-Region 8, Mail Code 8SEM-PAC, 1595 Wynkoop Street, Denver, Colorado 80202, (303) 312-6591 and should reference the Richardson Flat Tailings Site.

FOR FURTHER INFORMATION CONTACT: Amelia Piggott, Senior Assistant Regional Counsel, Office of Regional Counsel, Environmental Protection Agency-Region 8, Mail Code 8ORC-LEC, 1595 Wynkoop Street, Denver, Colorado 80202, (303) 312-6410.

SUPPLEMENTARY INFORMATION: The proposed Settlement Agreement allows the Owners to make a cash payment: (1) To EPA and the State to resolve alleged civil CERCLA liability; and (2) to DOI and the State to resolve alleged natural resource damage liability. The proposed Settlement Agreement also facilitates the sale of the Property within the Site to Purchaser as a CERCLA Bona Fide Prospective Purchaser and provides for the performance of Work by Purchaser at the Property and for the payment of certain response costs incurred by the United States at or in connection with the Property. The Owners and Purchaser consent to and will not contest the authority of the United States to enter into the Agreement or to implement or enforce its terms. The Owners and Purchaser recognize that the Agreement has been negotiated in good faith and that the Agreement is entered into without the admission or adjudication of any issue of fact or law.

Dated: July 15, 2019.

Betsy Smidinger,

Division Director, Superfund and Emergency Management Division, U.S. Environmental Protection Agency, Region VIII.

BILLING CODE 6560-50-P

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act ("Act") (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than August 9, 2019.

A. Federal Reserve Bank of Atlanta (Kathryn Haney, Assistant Vice President) 1000 Peachtree Street NE, Atlanta, Georgia 30309. Comments can also be sent electronically to Applications.Comments@atl.frb.org:

1. *Jacquelyn Lee Johnson, as co-trustee of the Zachary M. Johnson, Jr. Irrevocable Trust, Woodbine, Georgia; Ms. Jennifer J. Pope, as co-trustee, Macon, Georgia; Mr. Zachary M. Johnson, III, and Mr. Homer Jackson Johnson, as co-trustees, of the Zachary M. Johnson, Jr. Irrevocable Trust, all of Alma, Georgia;* to retain shares of First Bank Shares of the South East, Inc., and thereby indirectly retain shares of its subsidiary, FNB South (formerly known as First National Bank South), both of Alma, Georgia.

B. Federal Reserve Bank of Kansas City (Dennis Denney, Assistant Vice President) 1 Memorial Drive, Kansas City, Missouri 64198-0001:

1. *Mark Brase, Windsor, Colorado, individually and as trustee for the William S. Olson Trust, the Beth Brase Appointment Trust, the Christine Vanderliet Appointment Trust, and the Carla Lehman Appointment Trust, all of Windsor, Colorado;* to retain voting shares of O & F Cattle Company, and thereby indirectly retain shares of Nebraska State Bank, both in Oshkosh, Nebraska.

In addition, Christine Vanderliet, Angels Camp, California; Carla Lehman, Denver, Colorado; and Beth Brase, Windsor, Colorado; to join the Olson Family Group and retain voting shares of O & F Cattle Company.

C. Federal Reserve Bank of Minneapolis (Mark A. Rauzi, Vice President) 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291:

1. *Ted Gerber and Kelly Gerber, both of Grantsburg, Wisconsin;* to retain shares of Cameron Bancorp, Inc., Cameron, Wisconsin, and thereby indirectly retain shares of Community Bank of Cameron, Cameron, Wisconsin.

Additionally, Mary Gerber, Timothy Gerber, Heather Gerber, Caralyn Duerkop, Justin Duerkop, all of Cameron, Wisconsin; Ernest Tyler Gerber, Menasha, Wisconsin; Nancy Gerber, Exeland, Wisconsin; and Mercedes Gerber, Rice Lake, Wisconsin;

to retain shares and be approved as members of the Gerber Family group acting in concert, to retain shares of Cameron Bancorp, Inc., Cameron, Wisconsin.

Board of Governors of the Federal Reserve System, July 22, 2019.

Yao-Chin Chao,

Assistant Secretary of the Board.

BILLING CODE 6210-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-19-19BIW; Docket No. CDC-2019-0060]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Evaluation of the DP18-1801 Healthy Schools Program. This evaluation will examine three selected DP18-1801 Healthy Schools Program (DP18-1801) grantees to provide a comprehensive picture of implementation activities, context, successes and challenges, key partnerships, lessons learned, and impact on program outcomes.

DATES: CDC must receive written comments on or before September 23, 2019.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2019-0060 by any of the following methods:

- *Federal eRulemaking Portal:* [Regulations.gov](https://www.regulations.gov). Follow the instructions for submitting comments.

- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and
