Re: Oooguruk Development Project – Notice of Intent NPDES General Permit AKG-33-0000

Dear Mr. Lidgard:

Attached is a Notice of Intent (NOI) under National Pollutant Discharge Elimination System (NPDES) General Permit AKG-33-0000 replacing the NOI submitted on June 20, 2006. In the previous NOI, we inadvertently included graywater discharges (002) in the facility information section of the application. The graywater and domestic wastewater discharge will be combined, so a separate authorization is not needed.

Please contact me at (907) 343-2102, or by email at John.Hellen@pxd.com, if you have any questions.

Sincerely,

John Hellen
Regulatory and Environmental Coordinator
