Subject: RE: Request

Dear Mr. Bagga, I did not see your response as it was routed to the spam/junk folder on my computer and I only saw it yesterday when I went into that folder to do a routine cleanout.

After the parties have filed the briefs required- either the brief ordered by the Board or the briefs required as part of the rules governing appeals, any further briefs can only be filed with the permission of the Board. "leave to reply" means permission to reply. I wrote you asking if you would consent, on behalf of Silky Associates, to EPA's motion asking the Board's leave, i.e. permission, to file a reply brief. Since I had no knowledge of our question at the time, and did not obtain Silky's consent prior to filing the motion seeking leave (permission) to file a reply brief, I indicated to the Board that I did not have Silky Associates' consent when I filed the motion.

Sincerely,

Joyce Howell

Subject: Re: Request

I do not understand meaning of
Leave to reply to your recent filings.

Please explain.

Mr. Bagga:

Please accept this email as my request for your consent to file a motion for leave to file a reply to your recent filings of April 18 and April 22. If I do not hear from you by 5:00 PM today, I will assume you oppose the motion.

Thank you

Joyce Howell
