Subject: EPA RCRA Inspection of the Bonanza Power Plant during the week of Oct 24, 2022
Date: Monday, October 17, 2022 10:18:00 AM

Good morning Mr. Powaukee and Ms. Thompson,

I wished to provide you notice of an upcoming EPA inspection of the Bonanza Power Plant that will commence on October 24, 2022. The inspection will be conducted by a Region 8 geologist and by EPA's National Enforcement Investigations Center (NEIC). The participants include Treasure Bailey with whom you have worked in the past and Mr. Kennedy and Mr. Schlachter who are NEIC inspectors.

Please let Mr. Kennedy, who is the inspection lead, know if you or others would like to attend or have questions. His phone number is (303) 462-9278.

Consistent with our Indian policies, formal notification regarding this inspection is being sent separately to your tribal chairman. Thank you.

Best regards,

Linda Jacobson
