MOTION FOR LEAVE TO FILE A CORRECTED EXHIBIT

On May 9, 2024, the Region filed its Response to the Petition in this permit appeal. The Region has since discovered that one of its exhibits was incomplete. The exhibit, Exhibit 4 filed with the Response, is the Notice of Draft Permit on EPA’s Public Website. The filed exhibit contains the top portion of the notice but the bottom is cut off. The Region requests that the Board grant the Region leave to replace the incomplete notice with the full notice as an exhibit for the Response.

I have contacted counsel for both the Petitioners and the Permittee. Counsel for the both the Petitioners and the Permittee represent that they concur with this motion.

Respectfully submitted,

/s/ Philip Yeany
