Notice of Intent to Issue Clean Air
Act

Title V Federal Operating Permits
United States Environmental
Protection Agency
Region 8, Air Program

Take notice that the United States
Environmental Protection Agency
(US EPA) has received applications
to issue renewed operating permits
that regulate air pollution emissions
from the following sources located
within the exterior boundaries of the
Southern Ute Indian Reservation in
La Plata County, Colorado:

BP America Production Company
Wolf Point Compressor Station
BP America Production Company
Flonda River Compressor Station

These sources are required to ob-
tain Clean Air Act Title V Permits to
Operate in accordance with Part 71
of Title 40 of the Code of Federal
Regulations. The permits will con-
tain all the Clean Air Act require-
ments that apply to the sources and
will require that the sources conduct
monitoring sufficient to enable US
EPA and the public to determine
whether the sources are complying
with the air quality requirements
that apply to the them. These pro-
ceedings are subject to the the ad-
ministrative requirements of 40 CFR
71.11.

Members of the public may review
copies of the draft permits prepared
by US EPA, the statement of basis
for the draft permits, the applica-
tions, and all supporting materials
submitted by the sources at the La
Plata County Clerk's Office in Du-
rango, Colorado, the Southern Ute
Indian Tribe's Environmental Pro-
grams Office (205 Ouray Drive,
Building #293) in Ignacio, Colorado,
and at the US EPA Region 8 office,
in Denver, Colorado. All documents
will be available for review at the US
EPA Region 8 office Monday
through Friday from 8:00 a.m. to
5:00 p.m. (excluding federal holi-
days).

If you have comments on the draft
permits, you have 30 calendar days
from the date of this notice to sub-
mit them. You have the right to re-
quest a public hearing on the draft
permits. Requests for a public hear-
ing must be made by the close of
the 30 day public comment period,
must include the issues proposed to
be raised at the hearing, and must
contain your reasons for requesting
a hearing. If a public hearing is
granted, the comment period will be
extended through the date of the
public hearing. All comments and
public hearing requests should be

addressed to Claudia Smith, U.S. EPA, Region 8, Air Program (8P-AR), 1595 Wynkoop Street, Denver, CO 80202. All comments received on or before May 19, 2008, and all comments made during a public hearing will be considered in arriving at a final decision on the permits. The final permits are a public record that can be obtained upon request. A statement of reasons for changes made to the draft permits and responses to comments received will be sent to persons who commented on the draft permits.

If you believe any condition of the draft permits are inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the end of the comment period. Any supporting materials that you submit must be included in full and may not be incorporated by reference, unless they are already part of the administrative record for this permit proceeding or consist of tribal, or federal statutes and regulations, U.S. EPA documents of general availability, or other generally available referenced materials.

If you would like to be added to our mailing list to be informed of future actions on these or other Clean Air Act permits issued in Indian Country, please send your name and address to Part 71 Permitting Contact, U.S. EPA Region 8, Air Program (8P-AR), 1595 Wynkoop Street, Denver, CO 80202.

**Public Notice for
 BP America Production Company
 Wolf Point Compressor Station &
 Florida River Compression Facility
 First Title 5 Permit Renewals
 Non-Controversial**

Note: Public Notice is scheduled for April 18, 2008 in the Durango Herald. The draft permits and docket copies must be mailed by April 11, 2008; therefore, we need Director's signature by April 7, 2008 to allow time to complete procurement request.

*Marisa,
 I need to send the paper an updated version of the text before when the actual order is placed. Should I have you do that at same time as card, or before?*

Notice of Intent to Issue Clean Air Act
Title V Federal Operating Permits
United States Environmental Protection Agency
Region 8, Air Program

Take notice that the United States Environmental Protection Agency (U.S. EPA) has received applications to issue renewed operating permits that regulate air pollution emissions from the following sources located within the exterior boundaries of the Southern Ute Indian Reservation in La Plata County, Colorado:

BP America Production Company
Wolf Point Compressor Station

BP America Production Company
Florida River Compression Facility

These sources are required to obtain Clean Air Act title V Permits to Operate in accordance with part 71 of Title 40 of the Code of Federal Regulations. The permits will contain all the Clean Air Act requirements that apply to the sources and will require that the sources conduct monitoring sufficient to enable U.S. EPA and the public to determine whether the sources are complying with the air quality requirements that apply to them. These proceedings are subject to the administrative requirements of 40 CFR 71.11.

Members of the public may review copies of the draft permits prepared by U.S. EPA, the Statement of Basis for the draft permits, the applications, and all supporting materials submitted by the sources at the La Plata County Clerk's Office in Durango, Colorado, the Southern Ute Indian Tribe's Environmental Programs Office (205 Ouray Drive, Building #293) in Ignacio, Colorado, and at the US EPA Region 8 office, in Denver, Colorado. All documents will be available for review at the US EPA Region 8 office Monday through Friday from 8:00 a.m. to 5:00 p.m. (excluding Federal holidays).

If you have comments on the draft permits, you have 30 calendar days from the date of this notice to submit them. You have the right to request a public hearing on the draft permits. Requests for a public hearing must be made by the close of the 30 day public comment period, must include the issues proposed to be raised at the hearing, and must contain your reasons for requesting a hearing. If a public hearing is granted, the comment period will be extended through the date of the public hearing. All comments and public hearing requests should be addressed to Claudia Smith, U.S. EPA, Region 8, Air Program (8P-AR), 1595 Wynkoop Street, Denver, CO 80202. All comments received on or before May 19, 2008, and all comments made during a public hearing will be considered in arriving at a final decision on the permits. The final permits are a public record that can be obtained upon request. A statement of reasons for changes made to the draft permits and responses to comments received will be sent to persons who commented on the draft permits.

If you believe any condition of the draft permits are inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the end of the comment period. Any supporting materials that you submit must be included in full and may not be incorporated by reference, unless they are already part of the administrative record for this permit proceeding or consist of tribal, or federal statutes and regulations, U.S. EPA documents of general availability, or other generally available referenced materials.

If you would like to be added to our mailing list to be informed of future actions on these or other Clean Air Act permits issued in Indian Country, please send your name and address to Part 71 Permitting Contact, U.S. EPA Region 8, Air Program (8P-AR), 1595 Wynkoop Street, Denver, CO 80202.

Notice of Intent to Issue Clean Air Act
Title V Federal Operating Permits
United States Environmental Protection Agency
Region 8, Air Program

*Revised
Version*

Take notice that the United States Environmental Protection Agency (U.S. EPA) has received applications to issue renewed operating permits that regulate air pollution emissions from the following sources located within the exterior boundaries of the Southern Ute Indian Reservation in La Plata County, Colorado:

BP America Production Company
Wolf Point Compressor Station

BP America Production Company
Florida River Compression Facility

These sources are required to obtain Clean Air Act title V Permits to Operate in accordance with part 71 of Title 40 of the Code of Federal Regulations. The permits will contain all the Clean Air Act requirements that apply to the sources and will require that the sources conduct monitoring sufficient to enable U.S. EPA and the public to determine whether the sources are complying with the air quality requirements that apply to the them. These proceedings are subject to the administrative requirements of 40 CFR 71.11.

Members of the public may review copies of the draft permits prepared by U.S. EPA, the Statement of Basis for the draft permits, the applications, and all supporting materials submitted by the sources at the La Plata County Clerk's Office in Durango, Colorado, the Southern Ute Indian Tribe's Environmental Programs Office (205 Ouray Drive, Building #293) in Ignacio, Colorado, and at the US EPA Region 8 office, in Denver, Colorado. All documents will be available for review at the US EPA Region 8 office Monday through Friday from 8:00 a.m. to 5:00 p.m. (excluding Federal holidays).

If you have comments on the draft permits, you have 30 calendar days from the date of this notice to submit them. You have the right to request a public hearing on the draft permits. Requests for a public hearing must be made by the close of the 30 day public comment period, must include the issues proposed to be raised at the hearing, and must contain your reasons for requesting a hearing. If a public hearing is granted, the comment period will be extended through the date of the public hearing. All comments and public hearing requests should be addressed to Claudia Smith, U.S. EPA, Region 8, Air Program (8P-AR), 1595 Wynkoop Street, Denver, CO 80202. All comments received on or before May 19, 2008, and all comments made during a public hearing will be considered in arriving at a final decision on the permits. The final permits are a public record that can be obtained upon request. A statement of reasons for changes made to the draft permits and responses to comments received will be sent to persons who commented on the draft permits.

If you believe any condition of the draft permits are inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the end of the comment period. Any supporting materials that you submit must be included in full and may not be incorporated by reference, unless they are already part of the administrative record for this permit proceeding or consist of tribal, or federal statutes and regulations, U.S. EPA documents of general availability, or other generally available referenced materials.

If you would like to be added to our mailing list to be informed of future actions on these or other Clean Air Act permits issued in Indian Country, please send your name and address to Part 71 Permitting Contact, U.S. EPA Region 8, Air Program (8P-AR), 1595 Wynkoop Street, Denver, CO 80202.

Notice of Intent to Issue Clean Air Act
Title V Federal Operating Permits
United States Environmental Protection Agency
Region 8, Air Program

Take notice that the United States Environmental Protection Agency (U.S. EPA) has received applications to issue significant modifications to operating permits that regulate air pollution emissions from the following sources located within the exterior boundaries of the Southern Ute Indian Reservation in La Plata County, Colorado:

Samson Resources Company
Jacques Compressor Station

Samson Resources Company
South Ignacio Central Delivery Point

These sources are required to obtain Clean Air Act title V Permits to Operate in accordance with part 71 of Title 40 of the Code of Federal Regulations. The permits will contain all the Clean Air Act requirements that apply to the sources and will require that the sources conduct monitoring sufficient to enable U.S. EPA and the public to determine whether the sources are complying with the air quality requirements that apply to the them. These proceedings are subject to the administrative requirements of 40 CFR 71.11.

Members of the public may review copies of the draft permits prepared by U.S. EPA, the Statement of Basis for the draft permits, the applications, and all supporting materials submitted by the sources at the La Plata County Clerk's Office in Durango, Colorado, the Southern Ute Indian Tribe's Environmental Programs Office (205 Ouray Drive, Building #293) in Ignacio, Colorado, and at the US EPA Region 8 office, in Denver, Colorado. All documents will be available for review at the US EPA Region 8 office Monday through Friday from 8:00 a.m. to 5:00 p.m. (excluding Federal holidays).

If you have comments on the draft permits, you have 30 calendar days from the date of this notice to submit them. You have the right to request a public hearing on the draft permits. Requests for a public hearing must be made by the close of the 30 day public comment period, must include the issues proposed to be raised at the hearing, and must contain your reasons for requesting a hearing. If a public hearing is granted, the comment period will be extended through the date of the public hearing. All comments and public hearing requests should be addressed to Claudia Smith, U.S. EPA, Region 8, Air Program (8P-A), 1595 Wynkoop Street, Denver, CO 80202. All comments received on or before May 19, 2008, and all comments made during a public hearing will be considered in arriving at a final decision on the permits. The final permits are a public record that can be obtained upon request. A statement of reasons for changes made to the draft permits and responses to comments received will be sent to persons who commented on the draft permits.

If you believe any condition of the draft permits are inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the end of the comment period. Any supporting materials that you submit must be included in full and may not be incorporated by reference, unless they are already part of the administrative record for this permit proceeding or consist of tribal, or federal statutes and regulations, U.S. EPA documents of general availability, or other generally available referenced materials.

If you would like to be added to our mailing list to be informed of future actions on these or other Clean Air Act permits issued in Indian Country, please send your name and address to Part 71 Permitting Contact, U.S. EPA Region 8, Air Program (8P-A), 1595 Wynkoop Street, Denver, CO 80202.

Notice of Intent to Issue Clean Air Act
Title V Federal Operating Permits
United States Environmental Protection Agency
Region 8, Air Program

Version #1

Take notice that the United States Environmental Protection Agency (US EPA) has received applications to issue renewed operating permits that regulate air pollution emissions from the following sources located within the exterior boundaries of the Southern Ute Indian Reservation in La Plata County, Colorado:

BP America Production Company
Wolf Point Compressor Station

BP America Production Company
Florida River Compressor Station

These sources are required to obtain Clean Air Act Title V Permits to Operate in accordance with Part 71 of Title 40 of the Code of Federal Regulations. The permits will contain all the Clean Air Act requirements that apply to the sources and will require that the sources conduct monitoring sufficient to enable US EPA and the public to determine whether the sources are complying with the air quality requirements that apply to the them. These proceedings are subject to the administrative requirements of 40 CFR 71.11.

Members of the public may review copies of the draft permits prepared by US EPA, the statement of basis for the draft permits, the applications, and all supporting materials submitted by the sources at the La Plata County Clerk's Office in Durango, Colorado, the Southern Ute Indian Tribe's Environmental Programs Office (205 Ouray Drive, Building #293) in Ignacio, Colorado, and at the U.S. Environmental Protection Agency office, Region 8, in Denver, Colorado. All documents will be available for review at the US EPA Region 8 office Monday through Friday from 8:00 a.m. to 5:00 p.m. (excluding federal holidays).

If you have comments on the draft permits, you have 30 calendar days from the date of this notice to submit them. You have the right to request a public hearing on the draft permits. Requests for a public hearing must be made by the close of the 30 day public comment period, must include the issues proposed to be raised at the hearing, and must contain your reasons for requesting a hearing. If a public hearing is granted, the comment period will be extended through the date of the public hearing. All comments and public hearing requests should be addressed to Claudia Smith, U.S. EPA, Region 8, Air Program (8P-AR), 1595 Wynkoop Street, Denver, CO 80202. All comments received on or before May 19, 2008, and all comments made during a public hearing will be considered in arriving at a final decision on the permits. The final permits are a public record that can be obtained upon request. A statement of reasons for changes made to the draft permits and responses to comments received will be sent to persons who commented on the draft permits.

If you believe any condition of the draft permits are inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the end of the comment period. Any supporting materials that you submit must be included in full and may not be incorporated by reference, unless they are already part of the administrative record for this permit proceeding or consist of tribal, or federal statutes and regulations, EPA documents of general availability, or other generally available referenced materials.
