Consent Agreement and Final Order

**UNITED STATES
ENVIRONMENTAL PROTECTION AGENCY
BEFORE THE ENVIRONMENTAL APPEALS BOARD**

IN THE MATTER OF	)	
	)	
Cellco Partnership and its Affiliates,	)	
doing business as Verizon Wireless	)	Docket No. HQ-2005-8000
180 Washington Valley Road	)	
Bedminster, NJ 07921	)	
	)	
Respondent	)	

CONSENT AGREEMENT

I. Preliminary Statement

A. Complainant, the United States Environmental Protection Agency (EPA), and Cellco Partnership and its Affiliates doing business as Verizon Wireless (Respondent), having consented to the terms of this Consent Agreement (Agreement), and before the taking of any testimony and without the adjudication of issues of law or fact herein, agree to comply with the terms of this Agreement and attached proposed Final Order hereby incorporated by reference.

B. In December 2004, pursuant to EPA's Policy on Incentives for Self-Policing (Audit Policy), 65 Fed. Reg. 19,618 (April 11, 2000), Respondent submitted its initial voluntary disclosure to EPA regarding potential violations of:

1. Emergency Planning and Community Right-to-Know Act (EPCRA) §§ 302-303, 42 U.S.C. §§ 11002-11003;
2. EPCRA § 311, 42 U.S.C. §11021; and
3. EPCRA § 312, 42 U.S.C. §11022.

C. Respondent submitted a final audit report on February 14, 2005 and a supplemental report on June 22, 2005. Such disclosures have resulted in a final list of disclosed violations found in Attachment A, hereby incorporated by reference, which are the subject of this Agreement.

II. Jurisdiction

A. The parties agree to the commencement and conclusion of this cause of action by issuance of this Agreement, as prescribed by EPA's Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, 40 C.F.R. Part 22, and more specifically by 40 C.F.R. § 22.18(b).

B. Respondent agrees that Complainant has jurisdiction to bring an administrative action, based upon the facts which Respondents disclosed, for these violations and for the assessment of civil penalties pursuant to EPCRA § 325, 42 U.S.C. § 11045.

C. Respondent hereby waives its right to request a judicial or administrative hearing on any issue of law or fact set forth in this Agreement and its right to appeal the proposed Final Order accompanying this Agreement.

D. For purposes of this proceeding, Respondents admits that EPA has jurisdiction over the subject matter which is the basis of this Agreement.

E. Respondent neither admits nor denies the conclusions of law as set forth in this Agreement.

III. Statements of Fact

A. Respondent is Cellco Partnership and its Affiliates doing business as Verizon Wireless, a wireless telecommunications provider. Cellco Partnership is a partnership organized under the laws of the state of Delaware.

B. Pursuant to the EPA's Audit Policy, Respondent hereby certifies and warrants as true the following facts upon which this Agreement is based:

1. the violations were discovered through an audit or through a compliance management system reflecting due diligence in preventing, detecting and correcting violations;
2. the violations were discovered voluntarily;
3. both the initial and subsequent violations were disclosed to EPA promptly and in writing;
4. the violations were disclosed prior to commencement of an agency inspection or investigation, notice of a citizen suit, filing of a complaint by a third party, reporting of the violations by a "whistle blower" employee, or imminent discovery by a regulatory agency;
5. the violations have been corrected and the Respondent is, to the best of its knowledge and belief, in full compliance with EPCRA §§ 302-303,

§§ 311-312, 42 U.S.C. §§ 11002 - 11003, §§ 11021 - 11022, and the implementing regulations, with respect to the violations set forth in this Agreement;

6. appropriate steps have been taken to prevent a recurrence of the violations;

7. the specific violations (or closely related violations), identified in Attachment A, have not occurred within three years of the date of disclosure identified in Paragraphs I(B) and (C) above, at the same facilities that are the subject of this Agreement, and have not occurred within five years of the date of disclosure identified in Paragraph I(B) and (C) above, as part of a pattern at multiple facilities owned or operated by the Respondent. For the purposes of subparagraph 7, a violation is:

(a) any violation of federal, state, or local environmental law identified in a judicial or administrative order, consent agreement or order, complaint, or notice of violation, conviction or plea agreement; or

(b) any act or omission for which the regulated entity has previously received penalty mitigation from EPA or a state or local agency; Respondent has no knowledge that violations other than those covered in this Agreement (or closely related violations), have occurred within the past three years at the same facilities; nor are the specific violations that are the subject of this Agreement part of a pattern of violations by the entity's parent organization which have occurred over the past five years;

8. the violations have not resulted in serious actual harm nor presented an imminent and substantial endangerment to human health or the environment and they did not violate the specific terms of any judicial or administrative Final Order or Agreement; and

9. Respondent has cooperated as requested by EPA.

IV. Conclusions of Law

EPCRA

A. For purposes of this Agreement, Respondent is a person as defined in EPCRA § 329(7), 42 U.S.C. § 11049(7), and is the owner or operator of facilities as defined in EPCRA § 329(4), 42 U.S.C. § 11049(4).

B. Section 302(c) of EPCRA, 42 U.S.C. § 11002(c), and the regulations found at 40 C.F.R. Part 355, require owners and operators of facilities at which an extremely hazardous substance is present, at or above stated designated threshold quantities, to notify the State Emergency Response Commission ("SERC") that such facility is subject to the requirements of EPCRA § 302(c).

C. Section 303(d) of EPCRA, 42 U.S.C. § 11003(d), and the regulations found at 40 C.F.R. Part 355, require owners and operators of facilities at which an extremely hazardous substance is present, at or above stated designated threshold quantities, to notify the Local Emergency Planning Committee ("LEPC") of the facility representative who will participate in the emergency planning process as a facility emergency coordinator.

D. Section 311(a) of EPCRA, 42 U.S.C. § 11021(a), and the regulations found at 40 C.F.R. Part 370, require the owner or operator of a facility, which is required to prepare or have available a material safety data sheet ("MSDS") for a hazardous chemical under the Occupational Safety and Health Act of 1979, 29 U.S.C. § 651 et. seq., ("OSH Act") and regulations promulgated under the OSH Act, to submit the MSDS, or in the alternative, a list of chemicals to the LEPC, the SERC, and to the fire department with jurisdiction over the facility by October 17, 1987, or within three months of first becoming subject to EPCRA § 311 requirements.

E. Section 312(a) of EPCRA, 42 U.S.C. § 11022(a), and the regulations found at 40 C.F.R. Part 370, require the owner or operator of a facility which is required to have an MSDS for a hazardous chemical under the OSH Act of 1979, 29 U.S.C.A. § 651 et. seq., and regulations promulgated under the OSH Act, to prepare and submit an emergency and hazardous chemical inventory form (Tier I or Tier II as described in 40 C.F.R. Part 370) containing the information required by those sections to the LEPC, SERC, and to the fire department with jurisdiction over the facility by March 1, 1988, (or March 1 of the first year after the facility first becomes subject to EPCRA § 312 requirements), and annually thereafter.

F. Sulfuric acid is an extremely hazardous substance, and diesel fuel and lead are hazardous chemicals, as defined under § 312 of EPCRA, 42 U.S.C. § 11022 and 40 C.F.R. § 370.2.

G. As set forth in 40 C.F.R. § 370.20, the reporting threshold amount for hazardous chemicals present at a facility at any one time during the preceding calendar year is ten thousand (10,000) pounds. The reporting threshold, therefore, for diesel fuel and lead are ten thousand (10,000) pounds. For "extremely hazardous" substances present at the facility, the reporting threshold is five hundred (500) pounds or the threshold planning quantity ("TPQ") as defined in 40 C.F.R. Part 355, whichever is lower. The TPQ for sulfuric acid is one thousand (1,000) pounds. The reporting threshold for sulfuric acid, therefore, is five hundred (500) pounds.

H. The information supplied by the Respondent in its self-disclosure indicated that for varying lengths of time during calendar years 1999-2004, Respondent had the extremely hazardous substance sulfuric acid, and/or hazardous chemicals, diesel fuel and lead, in excess of the threshold amounts, present at the facilities listed in Attachment A, hereby incorporated by reference.

I. For purposes of this Agreement, Complainant hereby states and alleges that, based on the information supplied by Respondent to EPA, Respondent has violated the following requirements:

1. EPCRA § 302(c), 42 U.S.C. § 11002(c), and the regulations found at 40 C.F.R.

Part 355, when they failed to notify the SERC at eight (8) facilities, identified in Attachment A;

2. EPCRA § 303(d), 42 U.S.C. § 11003(d), and the regulations found at 40 C.F.R. Part 355, when they failed to notify the LEPC of the identity of the emergency coordinator who would participate in the emergency planning process at eight (8) facilities, identified in Attachment A;

3. EPCRA § 311(a), 42 U.S.C. § 11021(a), and the regulations found at 40 C.F.R. Part 370, when they failed to submit an MSDS for a hazardous chemical(s) or, in the alternative, a list of such chemicals, for four hundred forty-eight (448) facilities, to the LEPC, SERC, and the fire department with jurisdiction over these facilities, identified in Attachment A;

4. EPCRA § 312(a), 42 U.S.C. § 11022(a), and the regulations found at 40 C.F.R. Part 370, at four hundred one (401) facilities, by failing to prepare and submit emergency and chemical inventory forms to the LEPC, the SERC and the fire department with jurisdiction over each facility, identified in Attachment A.

V. Civil Penalty

A. EPA agrees, based upon the facts and information submitted by Respondent and upon Respondent's certification herein to the veracity of this information, that Respondent has satisfied all of the conditions set forth in the Audit Policy and thereby qualifies for a 100% reduction of the gravity component of the civil penalty that otherwise would apply. Complainant alleges that the gravity component of the unmitigated civil penalty would have been \$1,297,243. EPA alleges that this gravity component is potentially assessable against Respondent for the violations that are the basis of this Agreement.

B. Under the Audit Policy, EPA has discretion to assess a penalty equivalent to the economic benefit Respondent gained as a result of its noncompliance. Based on information provided by Respondent and use of the Economic Benefit ("BEN") computer model, EPA has determined that Respondent obtained an economic benefit of \$11,034 as a result of its noncompliance in this matter. Accordingly, the civil penalty agreed upon by the parties for settlement purposes is \$11,034.

VI. Terms of Settlement

A. Respondent agrees to pay ELEVEN THOUSAND THIRTY-FOUR DOLLARS (\$11,034), in satisfaction of the civil penalty.

B. For payment of the civil penalties, Respondent shall send, within thirty (30) days of issuance of the Final Order, a cashier's check or certified check in the amount of ELEVEN THOUSAND DOLLARS THIRTY-FOUR DOLLARS (\$11,034), made payable to the "Treasurer of the United States of America," to the following address:

United States Environmental Protection Agency
Hearing Clerk
P.O. Box 360277M
Pittsburgh, PA 15251

The check should indicate that it is for In re: Cellco Partnership and its Affiliates, doing business as Verizon Wireless, Docket No. HQ-2005-8000.

Alternatively, Respondents shall pay ELEVEN THOUSAND THIRTY-FOUR DOLLARS (\$11,034), by wire transfer with a notation of "Cellco Partnership and its Affiliates, doing business as Verizon Wireless, Docket No. HQ-2005-8000" by using the following instructions:

Name of Beneficiary:	EPA
Number of Account for deposit:	68010099
The Bank Holding Account:	Treas NYC
The ABA routing Number:	021030004

C. Respondent shall forward copies of these checks or evidence of wire transfer to EPA, within five (5) days of payment, to the attention of:

Beth Cavalier
Special Litigation and Projects Division (2248-A)
Office of Enforcement and Compliance Assurance
U.S. Environmental Protection Agency
1200 Pennsylvania Ave, N.W.
Ariel Rios Building, Room 3119 A
Washington, DC 20460

and

Clerk, Environmental Appeals Board
U.S. Environmental Protection Agency
MC 1103B
Ariel Rios
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

D. Respondent's obligation under this Agreement shall end when it has paid the civil penalties as required by this Agreement and the Final Order, and in accordance with Section VI(B), and complied with its obligations under Section VI(C), in this Agreement.

E. Pursuant to 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the date of entry of the Final Order, if the penalty is not paid by the date required. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11. A charge will be

assessed to cover the costs of debt collection, including processing and handling costs and attorney fees. In addition, a penalty charge of twelve (12) percent per year compounded annually will be assessed on any portion of the debt that remains delinquent more than ninety (90) days after payment is due.

F. As part of this Agreement, and in satisfaction of the requirements of the Audit Policy, Respondent has certified to certain facts. The parties agree that should EPA receive information that proves or demonstrates that these facts are other than as certified by Respondent, the portion of this Agreement pertaining to the affected facility or facilities, including mitigation of the proposed penalty, may be voided, or this entire agreement may be declared null and void at Complainant's election, and EPA may proceed with an enforcement action.

G. The parties agree that the Respondent preserves all of its rights should this Agreement be voided in whole or in part. The parties further agree that Respondent's obligations, agreements and waivers under this Agreement will cease, and be null and void with no effect, should this Agreement be rejected by the Environmental Appeals Board (EAB).

VII. Reservation of Rights and Settlement

A. This Agreement and the Final Order, when issued by the EAB, and upon payment by Respondent of civil penalties in accordance with Section VI shall resolve only the civil claims specified in Attachment A and shall constitute a final and complete settlement of all federal civil and administrative claims and causes of action specified in Attachment A. Nothing in this Agreement and the Final Order shall be construed to limit the authority of EPA and/or the United States to undertake any action against Respondent, in response to any condition which EPA or the United States determines may present an imminent and substantial endangerment to the public health, welfare, or the environment. Furthermore, issuance of the Final Order does not constitute a waiver by EPA and/or the United States of its right to bring an enforcement action, either civil or criminal, against Respondent for any other violation of any federal or state statute, regulation or permit.

VIII. Other Matters

A. Each party shall bear its own costs and attorney fees in this matter.

B. The provisions of this Agreement and the Final Order, when issued by the EAB, shall apply to and be binding on the Complainant, and the Respondent, as well as Respondent's officers, agents, successors and assigns. Any change in ownership or corporate status of the Respondent including, but not limited to, any transfer of assets or real or personal property shall not alter Respondent's responsibilities under this Agreement, including the obligation to pay the civil penalty referred to in Section VI.

C. Nothing in this Agreement shall relieve Respondent of the duty to comply with all applicable provisions of the EPCRA, or other federal state or local laws or statutes, nor shall it restrict EPA's authority to seek compliance with any applicable laws, nor shall it be construed to be a ruling on, or a determination of, any issue related to any federal, state or local permit.

D. Except as provided in Section VI(G), Respondent waives any rights it may have to contest the allegations contained herein and their right to appeal the proposed Final Order accompanying this Agreement by reference.

E. EPA is not requiring submission of inventory forms for previous reporting cycles, *i.e.*, before reporting year 2004, in order to settle this matter. Respondent certifies that it has submitted EPCRA § 312 inventory forms for the previous reporting cycles to the SERC, or the equivalent entity delegated the authority specified in EPCRA § 301, 42 U.S.C. § 11001, for each State in which a facility is alleged to be in violation. This Agreement does not preclude or limit any state action regarding filing fees which may be owed or any other state action regarding Respondent's obligations under state law.

F. The undersigned representatives of each party to this Agreement certify that each is duly authorized by the party whom he represents to enter into these terms and bind that party to it.
