In re: Citizens For Clean Air (CCA)

Respondent EPA Region 9

Dkt. No. [docket number to be set]

NOTICE OF APPEAL

Citizens For Clean Air ("Appellant") seeks review of a decision by Presiding Administrative Officer Omer Shalev, representing Environmental Protection Agency (EPA) Region 9, to deny a public hearing on the proposed Sierra Pacific Industries co-generation/lumber processing facility located in Anderson, CA. The decision to deny the citizens of Shasta County a public hearing, as part of EPA Region 9's permitting process, was issued on October 1, 2012.

On February 20, 2013, Presiding Administrative Officer Omer Shalev issued Sierra Pacific Industries a new Prevention of Significant Deterioration (PSD) permit.

This action violates Environmental Justice Guidelines, as well as the letter and intent of the Clean Air Act.

An appeal brief will be forthcoming within 30 days if approved.
