Re: Supplemental Environmental Project Completion Report for Consent Agreement and Final Order
CAA-05-2023-0014

Dear Racquel Vaske:

In paragraphs 37 through 50 of the above referenced Consent Agreement and Final Order (CAFO), Saint Paul Regional Water Services (SPRWS) agreed to perform a Supplemental Environmental Project (SEP) to reduce the cash civil penalty in the CAFO. In brief, SPRWS upgraded its ammonia and chlorine leak detection system. In accordance with paragraph 47 of the CAFO, on January 3, 2024, SPRWS submitted a SEP completion report. U.S. EPA has reviewed the report and determined that SPRWS has completed the SEP.
