CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 113(d) of the Clean Air Act (CAA), 42 U.S.C. § 7413(d), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits (Consolidated Rules), published in 40 CFR Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, Region 4, United States Environmental Protection Agency. Respondent is The Water Works and Sanitary Sewer Board of the City of Montgomery (hereinafter, "Respondent").

2. The authority to take action under Section 113(d) of the CAA, 42 U.S.C. § 7413(d), is vested in the Administrator of the EPA. The Administrator of the EPA has delegated this authority under the CAA to the Regional Administrators by the EPA Delegation 7-6-A, last updated on August 4, 1994. The Regional Administrator, Region 4, has re-delegated this authority to the Director, Air, Pesticides and Toxics Management Division. Pursuant to that delegation, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 CFR § 22.18, and agree to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 CFR § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

3. Respondent does business in the State of Alabama.
4. Respondent is a "person" within the meaning of Section 302(e) of the CAA, 42 U.S.C. § 7602(e), and is therefore subject to the provisions of the CAA and regulations promulgated there under.
5. Respondent operates "stationary sources" as that term is defined by Section 302(z) of the CAA, 42 U.S.C. § 7602(z). The Respondent's stationary sources are located at 5301 Jack Drive

(C.T. Perry Water Treatment Plant), 2350 Day Street (Day Street Pumping Station), 2501 Jackson-Ferry Road (Econchate Water Pollution Control Plant) and 6000 Richard E. Hanan Drive (Catoma Water Pollution Control Plant), Montgomery, Alabama.

6. Section 112(r) of the CAA, 42 U.S.C. § 7412(r), addresses the prevention of releases of substances listed pursuant to Section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3). The purpose of this section is to prevent the accidental release of extremely hazardous substances and to minimize the consequences of such releases. Pursuant to Section 112(r)(7) of the CAA, 42 U.S.C. § 7412(r)(7), the EPA is authorized to promulgate regulations for accidental release prevention.

7. Pursuant to Section 112(r)(3) and 112(r)(7) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(7), the EPA promulgated rules codified at 40 CFR Part 68, Chemical Accident Prevention Provisions. These regulations are collectively referred to as the "Risk Management Program" (RMProgram) and apply to an owner or operator of a stationary source that has more than a threshold quantity of a regulated substance in a process. Pursuant to Sections 112(r)(3) and 112(r)(5) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(5), the list of regulated substances and threshold levels are codified at 40 CFR § 68.130.

8. The Respondent, at its stationary sources identified in Paragraph 5 of this CAFO, each have one RMProgram covered process (C.T. Water Treatment Plant, Day Street Pumping Station: water treatment; Econchate Water Pollution Control Plant, Catoma Water Pollution Control Plant: wastewater treatment) which stores or otherwise uses chlorine in an amount exceeding its applicable thresholds of 2,500 pounds.

9. Pursuant to Section 112(r)(7)(B)(iii) of the CAA, 42 U.S.C. § 7412(r)(7)(B)(iii), and 40 CFR §§ 68.10 and 68.150, the owner or operator of a stationary source that has a regulated substance in an amount equal to or in excess of the applicable RMProgram threshold in a "process" as defined in 40 CFR § 68.3, must develop an RMProgram accidental release prevention program, and submit and register a single Risk Management Plan (RMPlan) to the EPA.

10. Respondent has submitted and registered an RMPlan to the EPA for the stationary sources identified in Paragraph 5 of this CAFO. Respondent has developed an RMProgram accidental release prevention program for the stationary sources identified in Paragraph 5 of this CAFO.

11. Based on an RMProgram compliance monitoring investigation conducted by EPA on June 6, 2012 at the C.T. Water Treatment Plant and Day Street Pumping Station; June 14, 2012 at the Econchate Water Pollution Control Plant; March 7, 2013 at the Catoma Water Pollution Control Plant, the EPA alleges that the Respondent violated the codified rules governing the CAA Chemical Accident Prevention Provisions, because Respondent did not adequately implement provisions of 40 CFR Part 68 when it:

C.T. Perry Water Treatment Plant

1. Failed to evaluate compliance with all program prevention 2 provisions at least every three years as required by 40 CFR § 68.58(g);

Day Street Pumping Station

2. Failed to evaluate compliance with all program prevention 2 provisions at least every three years as required by 40 CFR § 68.58(g);

Econchate Water Pollution Control Plant

3. Failed to update the hazard review at least once every five years or whenever a major change in the chlorine process occurred as required by 40 CFR § 68.50(d);
4. Failed to provide refresher training at least every three years, to each employee operating a process as required by 40 CFR § 68.54(b);
5. Failed to evaluate compliance with all program prevention 2 provisions at least every three years as required by 40 CFR § 68.58(g);

Catoma Water Pollution Control Plant

6. Failed to provide refresher training at least every three years, to each employee operating a process as required by 40 CFR § 68.54(b);
7. Failed to evaluate compliance with all program prevention 2 provisions at least every three years as required by 40 CFR § 68.58(g);

III. Consent Agreement

12. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set out above but neither admits nor denies the factual allegations set out above.

13. Respondent waives any right to contest the allegations and its right to appeal the proposed final order accompanying the Consent Agreement.

14. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.

15. Respondent certifies that as of the date of execution of this CAFO, to the best of the Respondent's knowledge after a good faith inquiry, it is compliant with the applicable requirements of Section 112(r) of the CAA.

16. Compliance with the CAFO shall resolve the allegations of violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States other than as

expressed herein. Neither the EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.

17. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the RMProgram.

IV. Final Order

18. Respondent agrees to pay a civil penalty of TWELVE THOUSAND SIX HUNDRED DOLLARS (\$12,600), to be paid within thirty (30) days of the effective date of this CAFO.

Respondent further certifies that, to the best of its knowledge and belief after reasonable inquiry, there is no such open federal financial transaction that is funding or could be used to fund the same activity as the SEP, nor has the same activity been described in an unsuccessful federal financial assistance transaction proposal submitted to EPA within two years of the date of this settlement (unless the project was barred from funding as statutorily ineligible). For the purposes of this certification, the term "open federal financial assistance transaction" refers to a grant, cooperative agreement, loan, federally-guaranteed loan guarantee, or other mechanism for providing federal financial assistance whose financial performance period has not yet expired.

32. For purposes of Paragraph 31, whether Respondent has fully and timely completed the SEP shall be in the sole discretion of EPA.

33. If Respondent fails to timely submit a SEP Completion Report as required by this CAFO, Respondent shall pay to the United States a stipulated penalty of \$100 for each calendar day that the report is late.

35. Pursuant to 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the effective date of this CAFO if the penalty is not paid by the date required. Interest will be assessed at the rate established by the Secretary of Treasury pursuant to 31 U.S.C. § 3717. A charge will be assessed to cover the costs of debt collection, including processing and handling costs and attorney fees.
