Statutory and Regulatory Background

9. Section 312(a) of EPCRA, 42 U.S.C. § 11022(a), and its implementing regulations at 40 C.F.R. Part 370, require the owner or operator of a facility, which is required by the Occupational Safety and Health Act (OSHA) to prepare or have available a material safety data sheet (MSDS) for a hazardous chemical, to submit to the state emergency response commission (SERC), community coordinator for the local emergency planning committee (LEPC), and fire department with jurisdiction over the facility by March 1, 1988, and annually thereafter, an emergency and hazardous chemical inventory form (Tier I or Tier II as described in 40 C.F.R. Part 370). The form must contain the information required by Section 312(d) of EPCRA, covering all hazardous chemicals present at the facility at any one time during the preceding year in amounts equal to or exceeding 10,000 pounds and all extremely hazardous chemicals present at the facility at any one time in amounts equal to or greater than 500 pounds or the threshold planning quantity designated by U.S. EPA at 40 C.F.R. Part 355, Appendices A and B, whichever is lower.

10. Section 312(a) of EPCRA, 42 U.S.C. § 11022(a), assists state and local committees in planning for emergencies and makes information on chemical presence and hazards available to the public. A delay in reporting could result in harm to human health and the environment.

11. Under 29 C.F.R. § 1910.1200(b)(1), all employers are required to provide information to their employees about the hazardous chemicals to which they are exposed including, but not limited to, an MSDS.

12. Under 29 C.F.R. § 1910.1200(d)(3), chemicals listed in 29 C.F.R. Part 1910, Subpart Z are hazardous chemicals.

13. Section 325(c)(1) of EPCRA, 42 U.S.C. § 11045(c)(1), authorizes U.S. EPA to assess a civil penalty of up to \$25,000 per day of violation of EPCRA Section 312. The Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701 note, and its implementing regulations at 40 C.F.R. Part 19 increased these statutory maximum penalties to \$32,500 per day of violation that occurred after March 15, 2004 through January 12, 2009 and to \$37,500 per day of violation for violations that occurred after January 12, 2009.
