Consent Agreement and Final Order

Docket No. SDWA-04-2013-1003(b)

STATUTORY AUTHORITY

1. Pursuant to the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits (Consolidated Rules of Practice or Part 22), specifically Subpart I, published at 64 Fed. Reg. 40138 (July 23, 1999) and the delegated authority of the Administrator of the U.S. Environmental Protection Agency (EPA or Complainant) under Section 1423 of the Safe Drinking Water Act (SDWA), 42 U.S.C. § 300h-2, the EPA, as Complainant, hereby enters into the following Consent Agreement and Final Order (CA/FO) with Rodline Petroleum, LLC (Respondent).
2. Section 1450(a)(1) of the SDWA, 42 U.S.C. § 300j-9(a)(1), authorizes the Administrator to prescribe such regulations as are necessary or appropriate to carry out her functions under the SDWA. These regulations are found at 40 C.F.R. Parts 124, 144, 146, 147, and 148, and set forth requirements for the Underground Injection Control (UIC) program promulgated under Part C of the SDWA, 42 U.S.C. § 300h, *et seq.*
3. Injection well owners and operators are required to comply with the UIC program requirements. The UIC program for the Commonwealth of Kentucky, including all Indian lands, is administered by the EPA. *See* 40 C.F.R. § 147.901(a).

ALLEGATIONS

4. Respondent is a limited liability company organized under the laws of Kentucky and doing business in the Commonwealth of Kentucky, with a principal address of 400 Blankenship Road, Adolphus, Kentucky 42120.
5. Respondent is a "person" as that term is defined in Section 1401(12) of the SDWA, 42 U.S.C. § 300f(12), and 40 C.F.R. § 144.3.
6. Respondent is the owner and/or operator of the following Class II underground injection well (Subject Well). This well is a "facility" as that term is defined in 40 C.F.R. § 144.3:

<u>Permit No.</u>	<u>EPA ID No.</u>	<u>Well</u>	<u>County</u>
None	KYS0030013	Angie McReynolds #1	Allen

7. On October 17, 2012, the Kentucky Department for Environmental Protection (KDEP) conducted an inspection of the Subject Well and the inspectors observed the Respondent injecting produced fluids through a PVC line from a brine tank, "Division of Water No. 0030057", into the casing of an abandoned oil well.
8. On October 23, 2012, following that initial inspection, a joint inspection was conducted by the KDEP and the EPA-authorized UIC field inspector. The inspectors observed produced fluids continuing to be injected into the Subject Well.
9. A review of the EPA's and KDEP's records revealed that no permit had been issued for construction of the Subject Well, nor had authorization been given for injection of fluids into the Subject Well.
10. 40 C.F.R. § 144.11 prohibits any underground injection or construction of an underground injection well that is not authorized by rule or by an issued permit. Any violation of a UIC regulation also constitutes a violation of the SDWA, as provided in Part C of the SDWA, 42 U.S.C. § 300h, et seq.
11. Therefore, Respondent is in violation of Part C of the SDWA, 42 U.S.C. § 300j et seq. and 40 C.F.R. § 144.11 for unauthorized construction of an injection well and unauthorized underground injection.
12. On January 17, 2013, Respondent participated in a show cause hearing with representatives of the EPA to discuss these violations of the SDWA and the implementing regulations.

#### STIPULATIONS AND FINDINGS

13. Respondent admits the jurisdictional allegations and facts and findings of violations as alleged herein. Respondent waives any right to a hearing and waives any right to appeal a final order in this matter, and consents to the issuance of a final order without further adjudication.

Therefore, without the taking of any evidence or testimony, the making of an argument or the adjudication of any issue in this matter and in accordance with 40 C.F.R. § 22.13(b), this CA/FO will simultaneously commence and conclude this matter.

### GENERAL PROVISIONS

24. The provisions of this CA/FO shall be binding upon Respondent and its officers, directors, agents, servants, employees and successors or assigns. Notice of this CA/FO shall be given to any successors in interest prior to transfer of the ownership or operational control of the facility.

C of the SDWA, 42 U.S.C. § 300h, et seq. or any regulations promulgated there under. This CA/FO is not and shall not be interpreted to be, a permit for the injection of fluids under Section 1421 of the SDWA, 42 U.S.C. § 300h, nor shall it in any way relieve Respondent of any obligation imposed by any permit issued there under, or of Respondent's obligation to comply with any provision of the SDWA, its implementing regulations, or any other local, state or federal law. Payment of the penalty agreed to in this CA/FO shall not in any way affect the right of the Agency or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any other violations of law. Full payment of the penalty and performance of the injunctive relief agreed to in this CA/FO resolves only Respondents liability for federal civil penalties for the violations and facts stipulated herein.

26. If any event beyond the control of Respondent, its successors or assigns, occurs which causes or may cause a delay in the achievement of any requirement of this CA/FO, Respondent shall notify the EPA orally within 4 days of the time it has knowledge of the occurrence of such event. A written report of said event shall be submitted by certified mail to the EPA within 10 days of the date Respondent received knowledge of the event. Said report shall describe the violation or failure, its cause and all attendant circumstances, and the measures taken or to be taken to prevent or minimize any such violation or failure and to comply with the pertinent requirements of this CA/FO as soon as possible, and the timetable by which those measures are proposed to be implemented.

27. The burden of proving that any violation or failure is caused by circumstances beyond the control of and without fault of Respondent and the length of the delay attributable to such circumstances shall rest with Respondent. Financial, economic, or business conditions or changes in same, unanticipated or increased costs or expenses, or problems relating to reasonably foreseeable technological infeasibility associated with the implementation of actions called for by this CA/FO, shall not relieve Respondent of any obligation imposed under the terms of this CA/FO, nor from payment of any penalty set forth in this CA/FO. The EPA will notify Respondent of its determination that certain circumstances are considered to be beyond Respondent's control and the extension of time, if any, for completion of the affected requirements. Respondent shall waive this right to any extension for failure to provide the EPA with written notice as provided herein or for failure to provide adequate proof for the cause of the delay.

28. For the purposes of state and federal income taxation, Respondent shall not be entitled to and agrees not to attempt to claim a deduction for any penalty payment made pursuant to this CA/FO. Any attempt to deduct any such penalty shall constitute a violation of this CA/FO.

33. The parties acknowledge and agree that final approval by the EPA of this CA/FO is subject to 40 C.F.R. § 22.45(c)(4) which sets forth requirements under which a person not a party to this proceeding may petition to set aside a consent agreement and final order on the basis that material evidence was not considered.

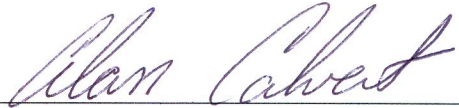

29. Each party shall bear its own costs and attorneys fees in connection with this action.

30. This CA/FO shall become effective upon the date that it is filed with the Regional Hearing Clerk.

31. The undersigned representative of Respondent certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Agreement and to execute and legally bind the Party he or she represents to this Agreement.
