The Clean Water Act (the Act), as amended, authorizes the Administrator of EPA to assess administrative penalties against any person who discharges oil into or upon the navigable waters and adjoining shorelines of the United States in quantities that have been determined may be harmful to the public health or welfare or environment of the United States, 33 U.S.C. § 1321(b)(6) and (b)(3). This determination includes discharges of oil that (1) violate applicable water quality standards; (2) cause a film, sheen, or discoloration of the surface of the water or the adjoining shoreline; or (3) cause a sludge or emulsion to be deposited beneath the surface of the water or the adjoining shoreline, 40 C.F.R. § 110.3. This authority has been properly delegated to the undersigned EPA official.
