COUNT I
FINDINGS OF FACT RELATING TO THE
VIOLATION OF SECTION 311 OF EPCRA

13. The factual allegations contained in Paragraphs 5 through 12 of this CAFO are incorporated by reference herein as though fully set forth at length.

14. Section 311 of EPCRA, 42 U.S.C. § 11021, as implemented by 40 C.F.R. Part 370, requires an owner or operator of a facility required to prepare or have available a Material Safety Data Sheet (“MSDS”) or Safety Data Sheet (“SDS) for a hazardous chemical in accordance with the Occupational Safety and Health Administration (“OSHA”) Hazard Communication Standard, 29 U.S.C. §§ 651 *et seq.*, and 29 C.F.R. § 1910.1200, and at which facility is present at any one time a hazardous chemical, including, but not limited to, a hazardous chemical which also qualifies as an extremely hazardous substance (“EHS”), in a quantity equal to or greater than its applicable minimum threshold level for reporting (“MTL”) or threshold planning quantity (“TPQ”) established by 40 C.F.R. § 370.10, to submit either MSDSs or SDSs for, or a list identifying, those hazardous chemicals to the appropriate Local Emergency Planning Committee (“LEPC”), State Emergency Response Commission (“SERC”), and local fire department with jurisdiction over the facility within three months after meeting the MTL or TPQ.

15. The SERC for the Facility is, and at all times relevant to this CAFO has been, the West Virginia Division of Homeland Security and Emergency Management, located at 1900 Kanawha Boulevard East, Building 1, Room EB-80, Charleston, West Virginia 25305.

16. The LEPC for the Facility is, and at all times relevant to this CAFO has been, the Cabell-Wayne LEPC, located at 750 5th Avenue, Suite 300, Huntington, West Virginia 25701.

17. Anhydrous ammonia and diesel fuel are “hazardous chemicals” as defined by Section 311(e) of EPCRA, 42 U.S.C. § 11021(e), and 40 C.F.R. § 370.66. Anhydrous ammonia is also an EHS as defined by Section 329(3) of EPCRA, 42 U.S.C. § 11049(7), and 40 C.F.R. § 370.66.

18. Respondent is the owner of a facility that is required to prepare or have available MSDSs or SDSs for any hazardous chemicals present at the Facility under the OSHA Hazard Communication Standard, 29 U.S.C. §§ 651 *et seq.*, and 29 C.F.R. § 1910.1200.

19. According to information supplied to EPA by Respondent, approximately 3,394 pounds of anhydrous ammonia and approximately 73,392 pounds of diesel fuel were present at the Facility during calendar years 2012, 2013, and 2014.

20. Pursuant to 40 C.F.R. § 370.10(a)(1), the TPQ for anhydrous ammonia is 500 pounds and the MTL for diesel fuel is 10,000 pounds.

21. Respondent was required to submit to the SERC, LEPC and local fire department an MSDS or SDS for anhydrous ammonia and diesel fuel, or a list identifying hazardous chemicals identifying anhydrous ammonia and diesel fuel as present at the Facility, no later than three (3) months after the two hazardous chemicals were present at the Facility in a quantity equal to or exceeding their respective MTL or TPQ.

22. Respondent failed to provide the SERC and the LEPC with an MSDS or SDS for anhydrous ammonia and diesel fuel, or a list of hazardous chemicals present at the Facility, including anhydrous ammonia and diesel fuel.

**CONCLUSION OF LAW RELATED TO THE
VIOLATION OF SECTION 311 OF EPCRA**

23. Respondent's failure to submit to the SERC and the LEPC an MSDS or SDS, or list, of each hazardous chemical present at the Facility in a quantity equal to or exceeding its respective MTL or TPQ, no later than three (3) months after the chemical was present at the Facility in an amount equal to or greater than its respective MTL or TPQ, constitutes a violation of Section 311 of EPCRA, 42 U.S.C. § 11021, and is, therefore, subject to the assessment of penalties under Section 325 of EPCRA, 42 U.S.C. § 11045.

43. The EPCRA civil penalty stated herein is based upon Complainant’s consideration of a number of factors, including, but not limited to, the statutory factors set forth in Section 325(b)(1)(C) of EPCRA, 42 U.S.C. § 11045(b)(1)(C): the nature, circumstances, extent and gravity of the violation or violations and, with respect to the violator, ability to pay, any prior history of such violations, the degree of culpability, economic benefit or savings (if any) resulting from the violation, and such other matters as justice may require. The penalty is also consistent with 40 C.F.R. Part 19 and the *Enforcement Response Policy for Sections 304, 311 and 312 of the Emergency Planning and Community Right-to-Know Act and Section 103 of the Comprehensive Environmental Response, Compensation and Liability Act* (September 30, 1999).

44. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, EPA is entitled to assess interest and late payment penalties on outstanding debts owed to the United States and a charge to cover the costs of processing and handling a delinquent claim, as more fully described below. Accordingly, Respondent’s failure to make timely payment by the final due date or to comply with the conditions in this CAFO shall result in the assessment of late payment charges, including interest, penalties, and/or administrative costs of handling delinquent debts.

45. Interest on the civil penalty assessed in this CAFO will begin to accrue on the date that a copy of this fully executed CAFO is mailed or hand-delivered to Respondent. However, EPA will not seek to recover interest on any amount of the civil penalties that is paid within thirty (30) calendar days after the date on which such interest begins to accrue. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a).

46. The costs of the Agency’s administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue in accordance with 40 C.F.R. § 13.11(b). Pursuant to Appendix 2 of Resources Management Directives - Cash Management, Chapter 9, EPA will assess a \$15.00 administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the Final Due Date and an additional \$15.00 for each subsequent thirty (30) day period the penalties remain unpaid.

47. A penalty charge of six (6) percent per year will be assessed monthly on any portion of the civil penalties which remain delinquent more than ninety (90) calendar days in accordance with 40 C.F.R. § 13.11(c). Should assessment of the penalty charge on the debt be required, it shall accrue from the first day payment is delinquent, in accordance with 31 C.F.R. § 901.9(d).

48. Failure by Respondent to pay the EPCRA civil penalty assessed by the Final Order in full by the Final Due Date may subject Respondent to a civil action to collect the assessed penalties, plus interest, pursuant to Section 325 of EPCRA, 42 U.S.C. § 11045. In any such collection action, the validity, amount and appropriateness of the penalty shall not be subject to review.

GENERAL PROVISIONS

49. For the purpose of this proceeding, Respondent expressly waives its right to a hearing and to appeal the Final Order under Section 325 of EPCRA, 42 U.S.C. § 11045.

50. The provisions of the CAFO shall be binding upon Respondent, its officers, directors, agents, servants, employees, and successors or assigns. By his or her signature below, the person signing this Consent Agreement on behalf of Respondent is acknowledging that he or she is fully authorized by the party represented to execute this Consent Agreement and to legally bind Respondent to the terms and conditions of the Consent Agreement and accompanying Final Order.

51. This Consent Agreement and the accompanying Final Order resolve only the civil penalty claims for the specific violations alleged in this Consent Agreement. EPA reserves the right to commence action against any person, including Respondent, in response to any condition which EPA determines may present an imminent and substantial endangerment to the public health, public welfare, or the environment. Nor shall anything in this Consent Agreement and Final Order be construed to limit the United States authority to pursue criminal sanctions. In addition, this settlement is subject to all limitations on the scope of resolution and the reservation of rights set forth in 40 C.F.R. §22.18(c). Further, Complainant reserves any rights and remedies available to it under the Act, the regulations promulgated thereunder, and any other federal laws or regulations for which Complainant has jurisdiction, to enforce the provisions of this Consent Agreement and accompanying Final Order following its filing with the Regional Hearing Clerk.

52. Each party to this action shall bear its own costs and attorney's fees.
