§  
Respondent § CONSENT AGREEMENT  
§ AND  
§ FINAL ORDER  
Facility "Permit" Number: NM0023396 §  
§ Pursuant to 40 C.F.R. § 22.13(b)

I. PRELIMINARY STATEMENT

1. This Consent Agreement and Final Order ("CAFO") is issued under the authority vested in the United States Environmental Protection Agency ("EPA") pursuant to Section 309(g) of the Clean Water Act ("the Act"), 33 U.S.C. § 1319(g). This CAFO is issued in accordance with 40 C.F.R. § 22.18, as described in the "Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits," 40 C.F.R. Part 22.

2. On March 1, 2019, EPA Region 6 issued to Ramah Water and Sanitation District ("Respondent") an Administrative Complaint ("Complaint") under Section 309(g) of the Act, 33 U.S.C. § 1319(g), which proposed to assess a civil penalty against Respondent, and gave notice of Respondent's opportunity to request a hearing on the proposed administrative penalty assessment.

3. Respondent and EPA (collectively, "Parties") agree that settlement of the relevant matters without litigation will save time and resources, that it is in the public's interest, and that the entry of this CAFO is the most appropriate means of resolving such matters. Compliance with all the terms and conditions of this CAFO resolves only those violations alleged in the Complaint.

4. Respondent admits the jurisdictional allegations of the Complaint; however, for the purposes of full and final settlement of the Complaint, Respondent neither admits nor denies the specific factual allegations and conclusions of law contained in the Complaint or the Findings of Fact and Conclusions of Law contained in this CAFO.

5. Respondent expressly waives any right to contest the factual allegations or conclusions of law contained in the Complaint and this CAFO and waives its right to appeal the Final Order set forth herein.

6. Before the taking of any testimony, and without adjudication of any issue of law or fact, the Parties agree to the terms of this CAFO and to its issuance. Respondent consents to the assessment and payment of a civil penalty in the amount and by the method stated below.

## II. FINDINGS OF FACT AND CONCLUSIONS OF LAW

7. Respondent is a "person," as that term is defined at Section 502(5) of the Act, 33 U.S.C. § 1362(5), and 40 C.F.R. § 122.2.

8. At all times relevant to this action, Respondent owned or operated a wastewater treatment plant located at 47A N. Bloomfield Road, City of Ramah, McKinley County, New Mexico ("facility") and was, therefore, an "owner or operator" within the meaning of 40 C.F.R § 122. 2.

9. The Complaint specified Findings of Fact and Conclusions of Law that are hereby incorporated by reference and alleged, among other things, that at the relevant times: Respondent was a "person" that "owned or operated" a facility that acted as a "point source" subject to "discharges" of "pollutants" to identified "waters of the United States" within the meaning of Section 502 of the Act, 33 U.S.C. § 1362, and 40 C.F.R. § 122.2; Respondent and the facility were subject to the provisions of the Act, 33 U.S.C. §§ 1251-1387 *et seq.*, and the National Pollutant Discharge Elimination System ("NPDES") program ("Permit").

10. Part 1.A of the Permit (Permit Number: NM0023396) ("Monitoring and Reporting Requirements") requires Respondent to sample and test its effluent and monitor its compliance with permit conditions according to specific procedures, to determine the facility's compliance or noncompliance with the permit and applicable regulations. The Permit also requires Respondent to file with EPA and the New Mexico Environment Department ("NMED") certified Discharge Monitoring Reports ("DMRs") of the results of the monitoring, and Noncompliance Reports when appropriate.

11. On February 14, 2017, EPA Region 6 issued to Respondent an Administrative Complaint under Section 309(g) of the Act, 33 U.S.C. § 1319(g). This Administrative Complaint proposed to assess a civil penalty because Respondent did not submit DMRs from October 2015 to January 2017 in violation of the Permit conditions. A subsequent Consent Agreement and Final Order, dated April 25, 2017, was issued to Respondent to resolve these violations as alleged in the Complaint. Respondent paid to the United States a civil penalty in the amount of five-thousand dollars (\$5,000.00) to settle these violations, in accordance with 40 C.P.R. § 22.18(c).

12. Respondent continued to not submit complete DMRs from February 2017 through December 2018 in violation of the Permit conditions.

13. EPA issued Administrative Order ("AO") Docket Number CWA-06-2018-1735 to Respondent on March 30, 2018, requiring Respondent to submit DMRs and return to compliance. Respondent did not respond to the AO and did not submit DMRs as required by the AO.

14. EPA issued AO Docket Number CWA-06-2017-1779 to Respondent on July 31, 2017, requiring Respondent to submit DMRs and return to compliance. Respondent did not respond to the AO and did not submit DMRs as required by the AO.

15. Based on the foregoing findings and pursuant to the authority of Section 309(a)(3) of the Act, 33 U.S.C. § 1319(a)(3), Respondent violated the Permit by failing to submit DMRs from February 2017 through December 2018.

16. With the issuance of the Complaint, the NMED was notified and given an opportunity to consult with EPA regarding the proposed assessment of an administrative penalty against Respondent.

17. EPA notified the public of the Complaint via the internet at <http://www.epa.gov/region6/publicnotice>, and afforded the public thirty (30) days to comment on the Complaint and proposed penalty. At the expiration of the notice period, EPA received no comments from the public.

22. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, unless otherwise prohibited by law, EPA will assess interest and late payment penalties on outstanding debts owed to the United States that are not paid by the due date and a charge to cover the cost of processing and handling a delinquent claim. Interest on the civil penalty assessed in this CAFO will begin to accrue thirty (30) days after the effective date of the CAFO and will be recovered by EPA on any amount of the civil penalty that is not paid by the respective due date. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Moreover, the costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. See 40 C.F.R. § 13.11(b).

23. EPA will also assess a fifteen dollar (\$15.00) administrative handling charge for administrative costs on unpaid penalties for the first thirty (30)-day period after the payment is due and an additional fifteen dollars (\$15.00) for each subsequent thirty (30)-day period that the penalty remains

unpaid. In addition, a penalty charge of up to six percent (6%) per year will be assessed monthly on any portion of the debt which remains delinquent more than ninety (90) days. See 40 C.F.R. § 13.11(c). Should a penalty charge on the debt be required, it shall accrue from the first day payment is delinquent. See 31 C.F.R. § 901.9(d). Other penalties for failure to make a payment may also apply.

24. Pursuant to Section 309(g)(9) of the Act, 33 U.S.C. § 1319(g)(9), any person who fails to pay on a timely basis a civil penalty ordered or assessed under this Section shall be required to pay, in addition to such penalty and interest, the United States' enforcement expenses including, but not limited to, attorneys' fees and costs incurred by the United States for collection proceedings, and a quarterly non-payment penalty for each quarter during which such failure to pay persists. Such non-payment penalty shall be twenty percent (20%) of the aggregate amount of such person's outstanding penalties and non-payment penalties accrued as of the beginning of each quarter.

25. Failure by Respondent to pay the penalty assessed according to the terms of this CAFO, in full, by its due date, may subject Respondent to a civil action to collect the assessed penalty and any accrued interest and penalties.

26. In the event a collection action is necessary, Respondent shall pay—in addition to any applicable penalty, fees, and interest described herein—all reasonable costs and expenses, including legal expenses and court costs, incurred by the United States for enforcement and collection proceedings for non-payment of the amounts agreed hereunder, pursuant to Section 309(g)(9) of the Act, 33 U.S.C. § 1319(g)(9). In any such collection action, the validity, amount, and appropriateness of the penalty, and the terms of this CAFO shall not be subject to review.

309(g)(7) of the Act, 33 U.S.C. § 1319(g)(7), nor does it constitute a waiver by EPA of its right to enforce compliance with the requirements of Respondent's permits or other requirements of the Act by actions pursuant to Section 309 of the Act, 33 U.S.C. § 1319.

29. The provisions of this CAFO shall be binding upon Respondent, its officers or officials, managers, employees, and their successors or assigns, in their capacity on behalf of Respondent.

30. Each party agrees to bear its own costs and attorneys' fees in this matter, except to the extent that Respondent may be responsible for reasonable costs and expenses of enforcement and collection proceedings for failure to comply with the terms of this CAFO.
