EXPEDITED SETTLEMENT AGREEMENT AND FINAL ORDER

1. The U.S. Environmental Protection Agency (“EPA”) alleges that Dynasty Restoration Inc. (“Respondent”), failed to comply with the regulations governing residential property renovation, in violation of Section 409 of the Toxic Substances Control Act (“TSCA”), 15 U.S.C. § 2689.

2. Section 402(c) of TSCA, 15 U.S.C. § 2682(c), requires the Administrator of EPA to promulgate regulations governing renovation and remodeling activities to ensure, among other things, that contractors engaged in such activities are certified by EPA to perform these activities. These regulations are codified at Part 745 of Title 40 of the Code of Federal Regulations.

3. On January 11, 2022, the EPA issued a Subpoena to Respondent to evaluate Respondent’s compliance with TSCA and the requirements of the Renovation, Repair, and Painting Rule. On March 11, 2022, Respondent provided a response to the subpoena.

4. The EPA’s investigation and Respondent's subpoena response (“EPA investigation”) revealed that Respondent had performed a renovation for compensation at 9710 Brentwood Drive in Omaha, Nebraska (“Property”), which was built in approximately 1971 and is “target housing” as defined by Section 401(17) of TSCA, 15 U.S.C. § 2681(17).

5. The regulation at 40 C.F.R. § 745.81(a)(2)(ii) prohibits firms from performing, offering, or claiming to perform renovations without certification from EPA under § 745.89 in target housing or child-occupied facilities on or after April 22, 2010.

6. Respondent, as a firm which performs, offers, or claims to perform renovations for compensation on housing constructed prior to 1978, is required to obtain firm certification from EPA. The EPA investigation revealed that, at the time of the renovation of the Property, Respondent failed to obtain initial firm certification from EPA to perform renovations, in violation of 40 C.F.R. §§ 745.89(a)(1) and 745.81(a)(2)(ii).

7. The regulation at 40 C.F.R. § 745.84(a)(1) requires that firms performing renovations in any residential dwelling unit of target housing must, no more than sixty (60) days before beginning renovation activities, provide the owner with the EPA pamphlet titled *Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools* and either obtain the owner's written acknowledgment that the owner has received the pamphlet or obtain a certificate of mailing at least 7 days prior to the renovation.

8. For the renovation of the Property, Respondent failed to obtain either owner acknowledgement of receipt of the pamphlet or a certificate of mailing, as required by 40 C.F.R. § 745.84(a)(1)(i)-(ii). Respondent therefore violated Section 409 of TSCA, 15 U.S.C. § 2689.

9. The regulation at 40 C.F.R. § 745.86 requires firms performing renovations on target housing to retain and, if requested, make available to EPA all records necessary to demonstrate compliance with Part 745, Subpart E, for a period of 3 years following completion of the renovation.

10. For the renovation of the Property, Respondent failed retain and make available to EPA all records necessary to demonstrate compliance with Part 745, Subpart E, for a period of 3 years following completion of the renovation, in violation of 40 C.F.R. § 745.86.

11. In determining the amount of penalty to be assessed, EPA has taken into account the factors specified in Section 16(a)(2)(B) of TSCA, 15 U.S.C. § 2615(a)(2)(B). After considering these factors, EPA has determined, and Respondent agrees, that settlement of this matter for a civil penalty of \$3,000 (Three Thousand Dollars) is in the public interest.

12. Not more than thirty (30) calendar days after the effective date of the Final Order, Respondent shall deposit the civil penalty amount listed in Paragraph 11 by one of the following methods:
