CONSENT AGREEMENT AND FINAL ORDER

The Director of the Compliance Assurance and Enforcement Division of the United States Environmental Protection Agency ("EPA"), Region 6 ("Complainant") and, Georgia-Pacific Wood Products South LLC ("Respondent") in the above-referenced proceeding, hereby agree to resolve this matter through the issuance of this Consent Agreement and Final Order ("CAFO").

I. PRELIMINARY STATEMENT

1. This proceeding for the assessment of civil penalties is brought by EPA pursuant to sections 113(a)(3) and 113(d)(1)(B) of the Clean Air Act, as amended ("Act" or "CAA"), 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), and is simultaneously commenced and concluded through the issuance of this CAFO pursuant to 40 C.F.R. §§ 22.13(b), 22.18(b)(2) and (3), and 22.34.k

2. Only for the purposes of this proceeding, including any subsequent proceeding by EPA to enforce this document, Respondent admits the jurisdictional allegations contained herein; however, Respondent neither admits nor denies the specific factual allegations contained in this CAFO.

3. For purposes of this proceeding only, including any subsequent proceeding by EPA to enforce this document, Respondent explicitly waives any right to contest the allegations and its right to appeal the proposed Final Order set forth herein, and waives all defenses against EPA in this proceeding, which have been raised or could have been raised to the claims set forth in this CAFO. Compliance with all the terms and conditions of this CAFO shall resolve only Respondent's alleged liability for federal civil monetary penalties for the violations and facts alleged in this CAFO.

4. Respondent consents to the issuance of this CAFO and to the assessment and payment of the stated civil penalty in the amount and by the method set forth in this CAFO.

II. EPA's ALLEGATIONS

5. Respondent is a limited liability company authorized to do business in the States of Texas and Arkansas.

6. Respondent owns and operates the Georgia-Pacific Wood Products South LLC plywood manufacturing facility located at 800 Industrial Road, Corrigan, Polk County, Texas 75939 ("Corrigan" or "Facility").

7. Respondent owns and operates the Georgia-Pacific Wood Products South LLC plywood manufacturing facility located at #1 GP Lane, Gurdon, Arkansas 71743 ("Gurdon Facility").

8. On April 26, 2014, Respondent had a fire and deflagration event at the Facility.

9. A deflagration in the Facility's sander baghouse occurred after an ignition source entered the baghouse and ignited an explosible dust cloud.

10. The Facility utilized a fan to draw dust from a sander through a duct system into the filter section of the sander baghouse. Shortly before the deflagration in the sander baghouse, the fan -- which had been off for some period of time -- was turned back on. The fan controls were located below the sander baghouse. Two workers who were near the sander baghouse when the deflagration occurred eventually died from their injuries, and a third remains hospitalized.

11. The sander dust collection system was installed in 2004 by the prior owner of the Facility. Respondent purchased the Facility in 2007.

12. Respondent owns and operates a second, similar facility in Gurdon, Arkansas, which Respondent also purchased in 2007 from the same prior owner. At that facility the main vent fan controls were also located under the baghouse.

13. Pursuant to section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1), an owner/operator of a stationary source producing, processing, handling or storing substances listed pursuant to section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3), or any other extremely hazardous substance, has a general duty to: (1) identify hazards which may result from accidental releases of such substances using appropriate hazard assessment techniques; (2) design and maintain a safe facility, taking such steps as are necessary to prevent releases; and (3) minimize the consequences of accidental releases that do occur.

14. Respondent is a "person" as that term is defined by section 302(e) of the CAA, 42 U.S.C. § 7602(e).

15. The Corrigan Facility and Gurdon Facility are "stationary sources" as that term is defined by section 112(r)(2)(C) of the CAA, 42 U.S.C. § 7412(r)(2)(C)

16. Respondent is the “owner or operator” as those terms are defined by section 112(a)(9) of the CAA, 42 U.S.C. § 7412(a)(9), of these stationary sources.

17. At the Facility, Respondent produces, processes, handles, or stores substances listed in, or pursuant to, CAA § 112(r)(3) or other extremely hazardous substances identified as such due to toxicity, reactivity, flammability, volatility, or corrosivity.

18. The fire and deflagration event that occurred at the Facility on April 26, 2014 constituted an “accidental release” as that term is defined by section 112(r)(2)(A) of the CAA, 42 U.S.C. § 7412(r)(2)(A).

19. Respondent did not relocate the fan controls after it acquired the facilities in 2007; Respondent continued to operate the facilities with the fan controls located under the sander baghouses as the prior owner had.

20. Respondent’s failures at the Corrigan and Gurdon facilities as described in paragraph 19 constitute a violation of the general duty clause in section 112(r)(1) of the CAA, 42 U.S.C. § 7412(r)(1).

21. Respondent is therefore subject to the assessment of penalties pursuant to sections 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), for at least one day of violation of the general duty clause of section 112(r)(1) of the CAA, 42 U.S.C. §7412(r)(1).

III. TERMS OF SETTLEMENT

A. CIVIL PENALTY

22. Pursuant to the authority granted in sections 113(a)(3) and 113(d)(1)(B) of the CAA, 42 U.S.C. §§ 7413(a)(3) and 7413(d)(1)(B), and taking into consideration the size of the Respondent’s business, the economic impact of the penalty on the Respondent’s business, the Respondent’s full compliance history and good faith efforts

to comply, the duration of the violation, payment by Respondent of penalties previously assessed for the same violation (if any), the economic benefit of noncompliance, and the seriousness of the violation, as well as other factors which justice may require, EPA and Respondent agree that an appropriate penalty to settle this matter is \$75,000. In agreeing to this penalty the parties also considered Respondent's actions, prior to the settlement, to return to compliance. Specifically, that the Respondent has already modified the Gurdon facility to relocate the main vent fan controls and has rebuilt the sander area at the Corrigan facility including a new sander baghouse with the main vent fan controls in a remote location.

23. Respondent shall pay the assessed civil penalty within thirty (30) days of the effective date of this CAFO. Respondent shall pay the assessed civil penalty by certified check, cashier's check, or wire transfer, made payable to "Treasurer, United States of America, EPA – Region 6." 25. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, unless otherwise prohibited by law, EPA will assess interest and late payment penalties on outstanding debts owed to the United States and a charge to cover the costs of processing and handling a delinquent claim. Interest on the civil penalty assessed in this CAFO will begin to accrue thirty (30) days after the effective date of the CAFO and will be recovered by EPA on any amount of the civil penalty that is not paid by the due date. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Moreover, the costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. *See* 40 C.F.R. § 13.11(b).

26. EPA will also assess a \$15.00 administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the payment is due and an additional \$15.00 for each subsequent thirty (30) day period that the penalty remains unpaid. In addition, a penalty charge of up to six percent per year will be assessed monthly on any portion of the debt which remains delinquent more than ninety (90) days. *See* 40 C.F.R. § 13.11(c). Should a penalty charge on the debt be required, it shall accrue from the first day payment is delinquent. *See* 31 C.F.R. § 901.9(d). Other penalties for failure to make a payment may also apply.

30. Nothing in this CAFO shall limit the power and authority of EPA or the United States to take, direct, or order all actions to protect public health, welfare, or the environment, or prevent, abate, or minimize an actual or threatened release of hazardous substances, pollutants, or contaminants at or from the Facility. Furthermore, nothing in this CAFO shall be construed to prevent or limit EPA's civil and criminal authorities, or that of other Federal, State, or local agencies or departments to obtain penalties or injunctive relief under Federal, State, or local laws or regulations, except with respect to the civil penalty claims that have been specifically resolved pursuant to this CAFO..

31. In any subsequent administrative or judicial proceeding initiated by the Complainant or the United States for injunctive relief, civil penalties, or other appropriate relief relating to the Facility, Respondent shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the Complainant or the United States in the subsequent proceeding were or should have been brought in the instant case, except with respect to the claims that have been specifically resolved pursuant to this CAFO.
