CONSENT AGREEMENT AND FINAL ORDER

REGIONAL HEARING CLERK
U.S. ENVIRONMENTAL
PROTECTION AGENCY

1. Complainant, the Director of the Water Division, U.S. Environmental Protection Agency, Region 5 (“EPA”), and Respondents Kevin Logeman and Robert Scott Logeman d/b/a Logeman Brothers Farm, have agreed to the settlement of this action before the filing of a complaint. Therefore, this action is simultaneously commenced and concluded under Rules 22.13(b) and 22.18(b) of the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits* found at 40 C.F.R. §§ 22.13(b) and 22.18(b).
2. EPA institutes this civil administrative proceeding for the assessment of a civil penalty pursuant to the authority granted in Section 309(g) of the Federal Water Pollution Control Act, commonly known as the Clean Water Act (“CWA”), 33 U.S.C. § 1319(g).
3. Respondents consent to the entry of this Consent Agreement and Final Order (“CAFO”), all of the conditions of this CAFO, and the assessment of the civil penalty as outlined in this CAFO.
4. EPA and Respondents agree that the settlement of this matter pursuant to 40 C.F.R. § 22.13(b) is in the public interest and that the entry of this CAFO without engaging in litigation is the most efficient means of resolving this matter.

STATUTORY AND REGULATORY BACKGROUND

5. To restore and maintain the integrity of the nation's water, Section 301(a) of the CWA, 33 U.S.C. § 1311(a), prohibits the discharge of any pollutant into navigable waters of the United States by any person, except in compliance with, *inter alia*, a National Pollutant Discharge Elimination System ("NPDES") permit issued pursuant to Section 402 of the CWA, 33 U.S.C. § 1342.

6. Section 402 of the CWA, 33 U.S.C. § 1342, establishes the NPDES program under which EPA and, upon receiving authorization from EPA, a state, may permit discharges into navigable waters, subject to specific terms and conditions.

7. Section 502(6) of the CWA, 33 U.S.C. § 1362(6), and 40 C.F.R. § 122.2 define the term "pollutant" to mean, *inter alia*, solid waste, sewage, garbage, sewage sludge, biological materials, rock, sand, cellar dirt and industrial, municipal, and agricultural waste discharged into water.

8. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), and 40 C.F.R. § 122.2 define the term "discharge of pollutant" to mean any addition of any pollutant to navigable waters from any point source.

9. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines the term "navigable waters" to mean the waters of the United States.

10. 40 C.F.R. § 122.2 defines "waters of the United States" to include all waters which are, were or may be used in interstate or foreign commerce, including tributaries and wetlands.

11. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), and 40 C.F.R. § 122.2 define the term “point source” to mean any discernible, confined and discrete conveyance including, but not limited to, concentrated animal feeding operations from which pollutants are or may be discharged.

12. Pursuant to 40 C.F.R. § 122.23(b)(1), an “animal feeding operation” is defined as a lot or facility where the following conditions are met:

- (i) Animals have been, are or will be stabled or confined and fed or maintained for a total of 45 days or more in any 12-month period; and
- (ii) Crops, vegetation, forage growth, or post-harvest residues are not sustained in the normal growing season over any portion of the lot or facility.

13. Pursuant to 40 C.F.R. § 122.23(b)(4)(i), a “large concentrated animal feeding operation” is defined to include an animal feeding operation that stables or confines 2,500 or more swine each weighing greater than or equal to 55 pounds.

14. Pursuant to 40 C.F.R. § 122.23(b)(2), a “concentrated animal feeding operation” includes an animal feeding operation that qualifies as a “large concentrated animal feeding operation.”

15. Pursuant to 40 C.F.R. §§ 122.21(a) and 122.23(d)(1), the owner or operator of a concentrated animal feeding operation which discharges must seek coverage under an NPDES permit.

16. Pursuant to Section 402(b) of the CWA, 42 U.S.C. § 1342(b), EPA has approved the State of Illinois, through the Illinois Environmental Protection Agency, to administer the NPDES program, including the issuance of NPDES permits, in Illinois.

17. Section 309(g) of the CWA, 33 U.S.C. § 1319(g), authorizes the Administrator to assess a Class II civil penalty under Section 309(g)(2)(B) of the CWA, 33 U.S.C. § 1319(g)(2)(B), after consultation with the State, when the Administrator finds, on the basis of any information available, that a person has violated Section 301 of the CWA, 33 U.S.C. § 1311, or has violated any permit condition or limitation implementing a permit issued under Section 402 of the CWA, 33 U.S.C. § 1342.

GENERAL ALLEGATIONS

18. Complainant alleges that Respondents are a partnership doing business in the State of Illinois.

19. Complainant alleges that each Respondent is a "person" as defined by Section 502(5) of the CWA, 33 U.S.C. § 1362(5), and 40 C.F.R. § 122.2.

21. Complainant alleges that, at all times relevant to this CAFO, Respondents had been or were stabling, confining, feeding or maintaining 2,500 or more swine over 55 pounds for a total of 45 days or more in a 12-month period at the Site.

22. Complainant alleges that, at all times relevant to this CAFO, crops, vegetation, forage growth, or post-harvest residues were not sustained in the normal growing season over any portion of the Site.

23. Complainant alleges that, at all times relevant to this CAFO, the Site was an “animal feeding operation” as that term is defined by 40 C.F.R. § 122.23(b)(1).

24. Complainant alleges that, at all times relevant to this CAFO, the Site was a “large concentrated animal feeding operation” as that term is defined by 40 C.F.R. § 122.23(b)(4)(i).

25. Complainant alleges that, at all times relevant to this CAFO, the Site was a “concentrated animal feeding operation” as that term is defined by 40 C.F.R. § 122.23(b)(2).

26. Complainant alleges that an unnamed waterway flows adjacent to the Site. This unnamed waterway flows to Bear Creek Ditch. Bear Creek Ditch flows to New Columbia Ditch which in turn flows to Main Ditch. Main Ditch is also known as Old Cache River downstream from Route 45. Main Ditch/Old Cache River flows to the Post Creek Cutoff. The Post Creek Cutoff flows into the Ohio River.

27. Complainant alleges that the waterways described in Paragraph 26 are each a “navigable water” and are “waters of the United States” as those terms are defined by 33 U.S.C. § 1362(7) and 40 C.F.R. § 122.2.

28. Complainant alleges that Respondents’ activities at the Site resulted in the generation of wastes including manure, urine, litter, waste feed and process wastewater.

30. Complainant alleges that, at all times relevant to this CAFO, Respondents did not have a permit under Section 402 of the CWA, 33 U.S.C. § 1342, for the discharge of pollutants from the Site.

Violations - Discharges without a Permit

32. On April 28, 2009, EPA personnel conducted an inspection of the Site (“Inspection”).

34. Complainant alleges that, at the time of the Inspection, runoff from the East Finishers Barns, the Mortality Pile, and the First Stage and Second Stage Lagoons flowed through a series of ditches and emptied into the unnamed waterway referenced in Paragraph 26.

35. Complainant alleges that the runoff described in Paragraphs 33 and 34 contained pollutants as described in Paragraphs 28 and 29.

36. Complainant alleges that the Site and the locations and ditch referenced in Paragraphs 33 and 34 are each a “point source” as that term is defined by Section 502(14) of the CWA, 33 U.S.C. § 1362(14) and 40 C.F.R. § 122.2.

37. Complainant alleges that the addition of pollutants to the unnamed waterway via the point sources described in Paragraphs 33 and 34 is a “discharge of pollutants” as that term is defined in Section 502(12) of the CWA, 33 U.S.C. § 1362(12), and 40 C.F.R. § 122.2.

38. Complainant alleges that, by discharging pollutants to the unnamed tributary without a permit in 2009, Respondents violated Section 301 of the CWA, 33 U.S.C. § 1311.
