CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 16(a) of the Toxic Substances Control Act (TSCA), 15 U.S.C. § 2615(a), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4. Respondent is Colonial Chemical Solutions, Inc.
2. The authority to take action under Section 16(a) of TSCA, 15 U.S.C. § 2615(a), is vested in the Administrator of the EPA. The Administrator of the EPA has delegated this authority under TSCA to the EPA Region 4 Regional Administrator by EPA Delegation 12-2-A, dated May 11, 1994. The Region 4 Regional Administrator has re-delegated this authority to the Director of the Air, Pesticides and Toxics Management Division by EPA Region 4 Delegation 12-2-A, dated January 14, 2009. Pursuant to that Delegation, the Director of the Air, Pesticides and Toxics Management Division has the authority to

commence an enforcement action as the Complainant in this matter and has the authority to sign Consent Agreements memorializing settlements between the EPA and Respondent.

3. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 C.F.R. § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony; the making of any argument; or the adjudication of any issue in this matter, and in accordance with 40 C.F.R. § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

4. Pursuant to Section 15 of TSCA, 15 U.S.C. § 2614, it is unlawful for any person to: (1) fail or refuse to comply with any rule promulgated or order issued under Sections 4, 5, or 6 of TSCA, 15 U.S.C. § 2603, § 2604, or § 2605, and any requirement prescribed by Section 5 or 6 of TSCA, 15 U.S.C. § 2604 or § 2605; (2) use for commercial purposes a chemical substance or mixture that the person knew or had reason to know was manufactured, imported, processed, or distributed in commerce in violation of Section 5 or 6 of TSCA, 15 U.S.C. § 2604 or § 2605; (3) fail to maintain records, submit reports or information, or permit access to or allow copying of records including but not limited to records and reports required by Section 8 of TSCA, 15 U.S.C. § 2607, and export notices required by Section 12(b) of TSCA, 15 U.S.C. § 2611(b); and (4) refuse to permit entry or inspection as authorized by Section 11 of TSCA, 15 U.S.C. § 2610.
5. Any person who violates a provision of Section 15 of TSCA shall be liable for a civil penalty in an amount not to exceed \$25,000 for each such violation, in accordance with

Section 16(a) of TSCA. The Debt Collection Improvement Act of 1996 requires the EPA to review and adjust penalties, as necessary, for inflation at least once every four years. As such, pursuant to the Adjustment of Civil Monetary Penalties for Inflation Rule, 40 C.F.R. Part 19, the revised maximum penalty for each violation occurring after January 30, 1997, through March 15, 2004, is \$27,500; for each violation occurring after March 15, 2004, through January 12, 2009, the maximum penalty for each violation is \$32,500; and for each violation occurring after January 12, 2009, the maximum penalty for each violation is \$37,500. Each day a violation continues may constitute a separate violation.

III. Specific Allegations

6. Respondent operates a chemical importing and manufacturing facility located at 916 West Lathrop Avenue, Savannah, Georgia.
7. Respondent is a manufacturer and an importer as those terms are defined in 40 C.F.R. §§ 711.3 and 720.3(l).
8. On August 13, 2012, Respondent submitted its 2012 Chemical Data Report (CDR) to the EPA for thirty-one (31) chemical substances that were imported to its Savannah, Georgia site in 2011.
9. On June 20, 2013, an authorized agent of the EPA conducted an inspection at Respondent's place of business pursuant to Section 11(a) of TSCA, 15 U.S.C. § 2610(a).
10. Records provided to the EPA during the inspection included the 2011 chemical import records (production records) and the Respondent's 2012 CDR.
11. The 2012 CDR indicated that 618,729 pounds of sodium silicate (CAS # 6834-92-0) were imported in 2011.

12. Based on the EPA's review of the Respondent's 2011 production records for sodium silicate, the EPA has determined that Respondent's 2012 CDR included less than fifty percent of the actual amount of sodium silicate that Respondent imported in 2011.
13. On December 11, 2013, Respondent confirmed to the EPA that sodium silicate's 2011 import volume was actually 1,210,340 pounds which is not two significant figures of accuracy of 618,729.
14. Pursuant to 40 C.F.R. § 711.15.(b)(3)(iii), for the principal reporting year (2011) and for each site, the total amount of the reportable chemical substance manufactured or imported must be reported in pounds separately, and the amount reported must be reported to two significant figures of accuracy.
15. Respondent did not report sodium silicate to two significant figures of accuracy in its 2012 CDR report submitted to the EPA on August 13, 2012.
16. By submitting a 2012 CDR for sodium silicate which did not report production volume to two significant figures of accuracy, Respondent violated 40 C.F.R. § 711.15(b)(3)(iii).
17. Pursuant 40 C.F.R. § 711.1(c), Section 15(3) of TSCA (15 U.S.C. § 2614), makes it unlawful for any person to fail or refuse to submit information required under 40 C.F.R. Part 711.
18. By failing to report its 2011 production volume for sodium silicate to two significant figures of accuracy as required by 40 C.F.R. § 711.15(b)(3)(iii), Respondent thereby violated Section 15(3) of TSCA.

IV. Consent Agreement

19. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set forth above and neither admits nor denies the factual allegations set forth above.

20. Respondent waives its right to a hearing on the allegations contained herein and its right to appeal the proposed Final Order accompanying the Consent Agreement.
21. Respondent consents to the assessment of the penalty proposed by the EPA and agrees to pay the civil penalty as set forth in this CAFO.
22. Respondent certifies that as of the date of its execution of this CAFO, it is in compliance with the TSCA regulations referenced in this CAFO.
23. Compliance with this CAFO shall resolve the allegations of the violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States. Other than as expressed herein, neither the EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.
24. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of TSCA.

29. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, the EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. In accordance with 40 C.F.R. § 13.11(a), interest on any civil penalty assessed in a CAFO begins to accrue on the date that a copy of the CAFO is mailed or hand-delivered to the Respondent. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). A charge will also be assessed to cover the administrative costs, both direct and indirect, of overdue debts. In addition, a late payment penalty charge shall be applied on any principal amount not paid within ninety (90) days of the due date.
