The Director, Compliance Assurance and Enforcement Division, United States Environmental Protection Agency (EPA), Region 6, and Groendyke Transport, Inc. (Respondent) in the above-referenced proceeding, hereby agree to resolve this matter through the issuance of this Consent Agreement and Final Order (CAFO).

I. PRELIMINARY STATEMENT

1. This proceeding for the assessment of civil penalties pursuant to Section 3008 of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. § 6928 is concluded by the issuance of this CAFO against the Respondent pursuant to 40 C.F.R. §§ 22.13(b), 22.18(b)(2) and (3), and 22.34.

2. Notice was given to the State of Louisiana prior to the issuance of this CAFO, as required by Section 3008(a)(2) of RCRA, 42 U.S.C. § 6928(a)(2).

3. For the purposes of this proceeding only, the Respondent admits the jurisdictional allegations herein; however, the Respondent neither admits nor denies the specific factual allegations or the conclusions of law contained in this CAFO.

4. The Respondent explicitly waives any right to contest the allegations and its right to appeal the proposed Final Order set forth therein, and waives all defenses which have been raised or could have been raised to the claims set forth in the CAFO.

5. Compliance with all the terms and conditions of this CAFO shall resolve only those violations and facts which are alleged herein.

6. The Respondent consents to the issuance of this CAFO, and to the assessment and payment of the stated civil penalty in the amount and by the method set forth in this CAFO.

7. The Respondent represents that it is duly authorized to execute this CAFO and that the party signing this CAFO on behalf of the Respondent is duly authorized to bind the Respondent to the terms and conditions of this CAFO.

8. The Respondent agrees that the provisions of this CAFO shall be binding on the Respondent, and its officers, directors, employees, successors, and assigns.

9. The headings in this CAFO are for convenience of reference only and shall not affect the interpretation of this CAFO.

II. STATUTORY AND REGULATORY BACKGROUND

10. The Resource Conservation and Recovery Act (RCRA), 42 U.S.C. § 6901 *et seq.*, was enacted on October 21, 1976, and establishes a comprehensive program to be administered by the Administrator of EPA (Administrator), regulating the generation, transportation, treatment, storage, and disposal of hazardous waste.

11. Pursuant to its authority under RCRA, EPA promulgated regulations at 40 C.F.R. Parts 260 through 272 that are applicable to generators, transporters, and treatment, storage, and disposal facilities. These regulations provide detailed requirements governing the activities of persons who generate hazardous waste. These regulations generally prohibit the treatment,

storage, and disposal of hazardous waste without a permit or equivalent "interim status."

These regulations also prohibit land disposal of certain hazardous waste.

12. Pursuant to Section 3006 of RCRA, 42 U.S.C. § 6926, and 40 C.F.R. Part 271, the Administrator may authorize a state to administer a RCRA hazardous waste program in lieu of the federal program when he or she deems the state program to be substantially equivalent to the federal program. When a state obtains such authorization, federally-approved state regulations apply in lieu of the federal RCRA regulations in that state. Federally-approved state RCRA regulations are enforceable by the United States pursuant to Section 3008(a) of RCRA, 42 U.S.C. § 6928(a).

13. The Administrator granted final authorization to Louisiana to administer its Hazardous Waste Management Program in lieu of the federal program effective February 7, 1985, and there have been multiple revisions approved by EPA since that time, as provided by 40 C.F.R. § 272.951.

14. The State of Louisiana's hazardous waste management program is administered by the Louisiana Department of Environmental Quality ("LDEQ") through regulations published at Title 33, Part V, of the Louisiana Administrative Code ("LAC").

III. FINDINGS OF FACT AND CONCLUSIONS OF LAW

15. Respondent is a corporation incorporated under the laws of the State of Oklahoma.

16. Respondent began doing business in Louisiana on or around August 28, 1968.

17. Respondent is a "person" as that term is defined at LAC 33:V.109, Section 1004(15) of RCRA, 42 U.S.C. § 6903(15) and 40 C.F.R. § 260.10.

18. Respondent's registered agent for service is CT Corporation System, 5615 Corporate Blvd., Ste. 400B, Baton Rouge, Louisiana 70808.

19. Respondent owns and operates a business with activities including commercial transport of various liquid chemicals, products, and hazardous wastes and operation of a trucking terminal for interior and exterior washing of tanker trailers, located at 2723 South Westport Drive, Port Allen, Louisiana.

20. Respondent's place of business described in paragraph 19 is a "Facility" as defined at LAC 33.V.109 [40 C.F.R. § 260.10].

21. Respondent is the "owner" and "operator" of the Facility as those terms are defined at LAC 33.V.109 [40 C.F.R. § 260.10].

22. Pursuant to RCRA § 3010(a), 42 U.S.C. § 6930(a), Respondent notified EPA and LDEQ that it is a large quantity generator and transporter of hazardous waste.

23. Respondent identified on Annual Hazardous Waste Notification reports submitted to LDEQ, that it generates greater than 1,000 kg/month (2,200 lbs/month) of solid waste which exceeds RCRA characteristic waste toxicity levels for ignitability (D001) and corrosivity (D002).

24. The material identified in paragraph 23 above is a "solid waste" as that term is defined at LAC 33:V.109, 40 C.F.R. § 261.2, Section 1004(27) of RCRA, 42 U.S.C. § 6903(27).

25. "Hazardous Waste" is defined at LAC 33:V.109 to mean "any solid waste identified or listed as a hazardous waste by the Administrator of the EPA pursuant to the federal Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, 42 U.S.C. § 6901 *et seq.*, as amended."

26. The material identified in paragraph 23 above is a "hazardous waste," as defined in LAC 33:V.109 [40 C.F.R. § 261.3].

27. Respondent is a "generator" of hazardous waste as that term is defined at LAC 33:V.109 [40 C.F.R. § 260.10].

28. Respondent is a “transporter” of hazardous waste as that term is defined at LAC 33:V.109 [40 C.F.R. § 260.10].

IV. ALLEGED VIOLATIONS

29. Paragraphs 1 – 28 of this Complaint are hereby incorporated by reference.

30. Pursuant to LAC 33:V.1105.C [40 C.F.R. 262.12(c)], a generator must not offer his or her hazardous waste to transporters or to treatment, storage, or disposal facilities that have not received an active EPA identification number and the required permits (or interim status) necessary to receive and manage the generator’s waste.

31. Respondent identified that it generated:

- a. 1,700 gallons of corrosive (D002), tetrachloroethylene (D039) and vinyl chloride (D043) hazardous waste on UHWM 001214791JJK on February 6, 2009; and
- b. 1,988 gallons of corrosive (D002), tetrachloroethylene (D039) and vinyl chloride (D043) hazardous waste on UHWM 001214793JJK on August 11, 2008.

32. Respondent sent hazardous waste identified in paragraph 31 above to U.S. Oil Recovery, LLC, 400 North Richey St, Pasadena, Texas 77571 (“USOR”).

33. USOR was authorized under Waste Permit No. 52123 to manage the following hazardous wastes: ignitable (D001), corrosive (D002), benzene (D018), cresol (D023 – D026), dinitrotoluene (D030), methyl ethyl ketone (D034)¹, and nitrobenzene (D036).

¹ D034 is not the hazardous waste code designated to wastes exhibiting the toxic characteristic of methyl ethyl ketone. D034 is the hazardous waste code for hexachloroethane, and D035 is the hazardous waste code for methyl ethyl ketone. The permit issued to U.S. Oil Recovery erroneously states that the facility was permitted to manage, treat, store, and dispose “methyl ethyl ketone (D034).” Because the violations identified in Section IV of this Complaint do not relate to either D034 or D035, this apparent mistake in the permit has no bearing on the violations alleged herein.

34. USOR was not authorized to receive, manage, store, treat, or dispose of tetrachloroethylene (D039) or vinyl chloride (D043) characteristic hazardous wastes sent by Respondent.

35. Therefore, Respondent violated LAC 33:V.1105.C [40 C.F.R. 262.12(c)], by failing to send hazardous waste to an authorized facility.

V. COMPLIANCE ORDER

36. Pursuant to 42 U.S.C. § 6928, Respondent is hereby ORDERED to take the following actions and provide evidence of compliance within the time period specified below:

- a. Within 30 days, provide to EPA a copy of the facility's waste analysis plan.
- b. Within 60 days, provide certification to EPA that the facility has developed and implemented standard operating procedures to ensure hazardous waste is sent only to facilities permitted to receive that waste, including a copy of those standard operating procedures.
- c. Within 90 days, provide certification to EPA that facility personnel who prepare manifests and arrange for the transport of hazardous waste have been trained how to do so in compliance with state and federal regulations.

37. In all instances in which this CAFO requires written submissions to EPA, each submission must be accompanied by the following certification signed by a "responsible official:"

I certify that the information contained in or accompanying this submission is true, accurate and complete. As to those identified portions of this submission for which I cannot personally verify the truth and accuracy, I certify as the company official having supervisory responsibility for the person(s) who, acting upon my direct instructions, made the verification, that this information is true, accurate, and complete.

For the purpose of this certification, a "responsible official" of a Respondent means a person with the authority to bind Respondent as to the truth, accuracy, and completeness of all certified information.

38. All documents required under this CAFO shall be sent to the following persons:

Associate Director (6EN-H)
Hazardous Waste Enforcement Branch
U.S. EPA Region 6, Suite 1200
1445 Ross Ave.
Dallas, TX 75202-2733

The Respondent's adherence to this request will ensure proper credit is given when penalties are received by EPA and acknowledged in the Region.

41. The Respondent agrees not to claim or attempt to claim a federal income tax deduction or credit covering all or any part of the civil penalty paid to the United States Treasurer.

42. If the Respondent fails to submit payment within thirty (30) days of the effective date of this Order, the Respondent may be subject to a civil action to collect any unpaid portion of the assessed penalty, together with interest, handling charges and nonpayment penalties as set forth below.

43. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, unless otherwise prohibited by law, EPA will assess interest and late payment penalties on outstanding debts owed to the United States and a charge to cover the costs of processing and handling a delinquent claim. Interest on the civil penalty assessed in this CAFO will begin to accrue thirty (30) days after the effective date of the CAFO and will be recovered by EPA on any amount of the civil penalty that is not paid by the respective due date. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Moreover, the costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. *See* 40 C.F.R. § 13.11(b).

44. EPA will also assess a \$15.00 administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the payment is due and an additional \$15.00 for each subsequent thirty (30) day period that the penalty remains unpaid. In addition, a penalty charge of up to six percent per year will be assessed monthly on any portion of the debt which remains delinquent more than ninety (90) days. *See* 40 C.F.R. § 13.11(c). Should a penalty charge on the debt be required, it shall accrue from the first day payment is delinquent. *See* 31 C.F.R. § 901.9(d). Other penalties for failure to make a payment may also apply.
