12. Interest, penalty and other charges for late payment. Pursuant to Section 16 of TSCA, 15 U.S.C. § 2615, and 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States as well as a charge to cover the cost of processing and handling a delinquent claim. Interest will begin to accrue on the civil penalty if it is not paid within 60 calendar days of the effective date of this CAFO. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 31 C.F.R. § 901.9(b)(2). A charge will be assessed to cover the costs of debt collection, including processing and handling costs and attorneys' fees in accordance with 31 C.F.R. § 901.9(c). Should assessment of the penalty charge on the debt be required, it will be assessed as of the first day that payment is due.

Additional Provisions

14. Compliance with this CAFO, including payment of any penalties, interest, or other charges, shall not be a defense to any actions subsequently commenced pursuant to federal laws and regulations administered by EPA, and does not waive, suspend, or modify the responsibility of the Respondent to comply with such laws and regulations.

15. This CAFO constitutes a settlement by EPA of all claims for civil penalties pursuant to Section 16 of TSCA for the specific violation alleged in this CAFO. Nothing in this CAFO

shall prevent EPA from taking any necessary action to address conditions which may present an imminent and substantial endangerment to public health or the environment. Nor shall this CAFO be construed to, nor is it intended to operate in any way to, resolve any criminal liability or any other civil liability of Respondent.

16. Each party shall bear its own costs and fees in this proceeding.

17. Each undersigned representative of a party to this CAFO certifies that she or he is fully authorized to enter into the terms and conditions of this CAFO and to execute and legally bind such party to it.

TSCA-01-2018-0011

**COMPLAINT  
AND  
NOTICE OF OPPORTUNITY  
FOR HEARING**

1. This Administrative Complaint and Notice of Opportunity for Hearing (“Complaint”) is issued by Complainant, the U. S. Environmental Protection Agency (“EPA”), pursuant to Section 16(a) of the Toxic Substances Control Act (“TSCA”), 15 U.S.C. § 2615(a), and the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (“Consolidated Rules of Practice”), 40 C.F.R. Part 22. This Complaint notifies Respondent that EPA intends to assess penalties for an alleged violation of Section 15 of TSCA, 15 U.S.C. § 2614, and the federal regulations entitled, "Polychlorinated Biphenyls (PCBs) Manufacturing, Processing, Distribution in Commerce, and Use Prohibitions," 40 C.F.R. Part 761 ("PCB Regulations"). The alleged violation involves the failure to properly prepare a hazardous waste manifest for waste containing PCBs. The Notice of Opportunity for Hearing describes Respondent's option to file an Answer to the Complaint and to request a formal hearing.

2. The Respondent in this action, the City of Ansonia, Connecticut (“Respondent” or “The City”), is hereby notified of Complainant’s determination that The City has violated

Complaint and Notice of Opportunity for Hearing  
*City of Ansonia, TSCA-01-2018-0011*

Section 15 of TSCA, 15 U.S.C. § 2614, and the PCB Regulations, including 40 C.F.R. Part 761, Subpart B [*Manufacturing, Processing, Distribution in Commerce, and Use of PCBs and PCB Items*, at 40 C.F.R. §§ 761.20 – 761.35] and Subpart K [*PCB Waste Disposal Records and Reports*, at 40 C.F.R. §§ 761.202 – 761.219]. Respondent is also hereby notified that Complainant seeks civil penalties pursuant to Section 16 of TSCA, 15 U.S.C. § 2615, which provides for the assessment of civil and/or criminal penalties for violations of TSCA Section 15.

**I. STATUTORY AND REGULATORY AUTHORITY**

3. Section 6(e) of TSCA, 15 U.S.C. § 2605(e), requires EPA to promulgate regulations with respect to the disposal of PCBs.
4. The PCB Regulations at 40 C.F.R. Part 761 were promulgated pursuant to TSCA Section 6(e). The PCB Regulations "establish prohibitions of, and requirements for, the manufacturing, processing, distribution in commerce, use, disposal, storage, and marking of PCBs and PCB Items." 40 C.F.R. § 761.1(a).
5. Section 15(1)(C) of TSCA, 15 U.S.C. § 2614(1)(C), states that it shall be unlawful for any person to fail to comply with any regulation promulgated under Section 6 of TSCA, 15 U.S.C. § 2605.
6. Section 16(a) of TSCA, 15 U.S.C. § 2615(a), provides for the assessment of civil penalties for violations of TSCA Section 15.
7. Pursuant to Section 16(a)(1) of TSCA, 15 U.S.C. § 2615(a)(1), any person who violates a provision of TSCA Section 15 shall be liable to the United States for a civil penalty in

Complaint and Notice of Opportunity for Hearing

an amount not to exceed \$25,000 for each such violation.

8. Pursuant to the Debt Collection Improvement Act of 1996, 31 U.S.C. § 3701 note (“Debt Collection Improvement Act”), and 40 C.F.R. Part 19, violations of Section 15 of TSCA that trigger penalties under Section 16(a)(1) and occurred after December 6, 2013 are subject to penalties of up to \$37,500 per violation per day. Under the 2015 amendments to the Federal Civil Penalties Inflation Adjustment Act of 1990 (“2015 Penalty Inflation Act”), 28 U.S.C. § 2461 note, and 40 C.F.R. Part 19, the \$37,500 maximum penalty was raised to \$38,892 for each such violation that occurs after November 2, 2015 with penalties assessed on or after January 15, 2018. *See* Pub. L. 114-74, Section 701 (Nov. 2, 2015); 83 Fed. Reg. 1190 (January 10, 2018).

## **II. GENERAL ALLEGATIONS**

9. Respondent, City of Ansonia, is a municipality located in New Haven County, Connecticut, with principal offices at 253 Main Street, Ansonia. Among the various offices and departments within The City is the Ansonia Department of Public Works (“Ansonia DPW”).

10. Respondent, through its Ansonia DPW, operates the Ansonia Transfer Station at North Division Street in Ansonia (the “Ansonia Station”). The Ansonia Station provides waste disposal, transfer, and recycling services that include the collection of used oil (waste oil).

11. Respondent is a “person” as defined in 40 C.F.R. § 761.3.

12. As part of the normal operations at the Ansonia Station, Respondent collects used oil (waste oil) in an approximately 500-gallon capacity, above-ground storage tank located there (the “Ansonia Tank”).

Complaint and Notice of Opportunity for Hearing  
*City of Ansonia, TSCA-01-2018-0011*

13. As part of its normal operations at the Ansonia Station, Respondent employs the services of one or more outside entity(ies) to periodically collect, and transport off-site, the waste oil that has been accumulated within the Ansonia Tank. One of the entities used by The City to collect and transport waste oil from the Ansonia Station in this manner is CT Oil Recycling Services, LLC, of 27 Mill Street in Middletown, Connecticut (“CORS”).

14. On or about August 1, 2016, the Ansonia DPW had the accumulated waste oil in the Ansonia Tank sampled and tested for the presence of PCBs. The laboratory analysis of the sample collected from the waste oil accumulated within the Ansonia Tank revealed a PCB concentration of 140 parts per million (“ppm”) PCBs.

15. On August 1, 2016, the Ansonia DPW provided to CORS, by fax, a copy of the analytical results showing PCB concentration of the Ansonia Tank waste oil at 140 ppm.

16. On August 2, 2016, a CORS tanker truck, identified by CORS as truck no. 10, arrived at the Ansonia Station to collect the waste oil that was contained in the Ansonia Tank and that had been subject to the PCB testing described in the preceding Paragraph 14, above.

17. On August 2, 2016, Respondent and representatives of its Ansonia DPW gave CORS access to the Ansonia Tank and permitted CORS to remove approximately 500 gallons of waste oil from the Ansonia Tank and transfer the waste oil into CORS tanker truck no. 10. The written documentation Respondent used for this transaction consisted of a Non-RCRA Hazardous Bill of Lading (“BOL”) No. 28609.

18. On BOL No. 28609, Respondent identified the waste oil removed from the

Complaint and Notice of Opportunity for Hearing  
*City of Ansonia, TSCA-01-2018-0011*

Ansonia Tank as “585 gallons” of “used oil,” listed the Ansonia Station as the “generator,” and listed CORS as the “transporter.”

19. The waste oil that Respondent had CORS remove from the Ansonia Tank on August 2, 2016 under BOL 28609 was the same waste oil that had been tested by the Ansonia DPW, on or about August 1, 2016, and found to contain 140 ppm PCBs.

20. After CORS picked up the waste oil from the Ansonia Tank on August 2, 2016 under BOL 28609, the CORS tanker truck no. 10 continued to collect waste oil from various locations over the following several days, from August 2, 2016 through August 8, 2016.

21. On August 8, 2016, the CORS tanker truck no. 10 went to the Active Oil facility located at 120 Forbes Avenue in New Haven, Connecticut (the “Active Oil Facility”) to deliver (i.e., offload) the contents of its oil tank for recycling and/or disposal. By that time, tanker truck no. 10 contained a combined total of approximately 4,628 gallons of waste oil, including the waste oil from the Ansonia Tank that CORS had removed from the Ansonia Station, on August 2, 2016.

22. On August 8, 2016, CORS offloaded the approximately 4,628 gallons of waste oil from tanker truck no. 10, including the waste oil from the Ansonia Tank that had been removed from the Ansonia Station, on August 2, 2016, into a 15,000 gallon holding tank at the Active Oil Facility (the “Active Oil Holding Tank”) using a Non-RCRA Hazardous BOL No. 28492.

23. Once the Active Oil Holding Tank had accumulated approximately 13,000 gallons of waste oil, the Active Oil Facility had that used oil within the Active Oil Holding Tank

Complaint and Notice of Opportunity for Hearing  
*City of Ansonia, TSCA-01-2018-0011*

sampled and tested for the presence of PCBs. Analysis of the sample from the Active Oil Holding Tank revealed a PCB concentration of 14 ppm. The Active Oil Facility traced this source of PCB contamination back to the CORS delivery that had been made, on August 8, 2016, under BOL 28492.

24. At the time CORS delivered the approximately 4,628-gallon load of waste oil from tanker no. 10 to the Active Oil Facility, the Active Oil Facility was not a TSCA-approved facility authorized to store or dispose of PCB-contaminated waste and, on or about August 11, 2016, Active Oil notified the Connecticut Department of Energy and Environmental Protection (“CTDEEP”) and CORS of its findings regarding the PCB contamination of the Active Waste Oil.

25. After receiving the call from Active Oil about the findings concerning the waste oil from the Active Oil Holding Tank that had been tested and found to be contaminated with PCBs, on August 15, 2016, a CTDEEP inspector, as a representative of EPA, conducted an inspection at the Ansonia Station (the “CTDEEP Inspection”).

26. During the CTDEEP Inspection, the Ansonia DPW provided a copy of the analytical results from the used oil at Ansonia Station that had been tested and found to contain PCBs at a concentration at 140 ppm.

27. By providing CORS with access to the Ansonia Tank and allowing the removal and off-site transfer of the PCB contaminated waste oil that had accumulated therein,

Complaint and Notice of Opportunity for Hearing  
*City of Ansonia, TSCA-01-2018-0011*

Respondent's actions caused or contributed to the PCB contamination of approximately 4,628 gallons of waste oil.

28. Based on information obtained during or as a result of the CTDEEP Inspection, Complainant has determined that Respondent has violated Section 15 of TSCA and the PCB Regulations, as set forth below.

### **III. VIOLATIONS**

#### **COUNT 1**

##### *Failure to Prepare Hazardous Waste Manifest*

29. Complainant realleges and incorporates by reference Paragraphs 1 through 28.

30. Pursuant to 40 C.F.R. § 761.207(a), a generator who transports, or offers for transport, PCB waste for commercial off-site storage or disposal must prepare a hazardous waste manifest on EPA Form 8700-22. For each bulk load of PCBs, the generator shall specify on the manifest, among other things, the following information:

- a. the identity of the PCB waste;
- b. the earliest date of removal from service for disposal; and,
- c. the weight in kilograms of the PCB waste.

31. In accordance with 40 C.F.R. § 761.20(c)(2)(ii), concerning the testing of used oil fuel, "... if any PCBs at a concentration of 50 ppm or greater have been added to the container or equipment, then the total container contents must be considered as having a PCB concentration of 50 ppm or greater for purposes of complying with the [PCB] disposal requirements. . ."

Complaint and Notice of Opportunity for Hearing  
*City of Ansonia, TSCA-01-2018-0011*

32. With respect to the shipment of waste oil on August 2, 2016 (BOL No. 28609), Respondent was a "generator of PCB waste," as defined in 40 C.F.R. § 761.3.

33. At all times relevant to the allegations of violation in this Complaint, the waste oil that Respondent arranged to have removed from the Ansonia Tank and transported off-site by CORS was "PCB waste," as defined in 40 C.F.R. § 761.3.

34. As described in Paragraphs 17, 18, and 19, above, Respondent "transport[ed], or offer[ed] for transport" PCB waste by allowing CORS to pick up the waste oil from the Ansonia Tank, on August 2, 2016, and ship it off-site.

35. As described in Paragraphs 17, 18, and 19, above, Respondent offered PCB waste to CORS for commercial off-site "disposal," as defined in 40 C.F.R. § 761.3.

36. Accordingly, pursuant to 40 C.F.R. § 761.207(a), Respondent was required to properly prepare a hazardous waste manifest for the PCB waste it offered for transport from the Active Oil Tank, on August 2, 2016.

37. The Bill of Lading that Respondent used for CORS to transport the waste oil from the Ansonia Tank on August 2, 2016 (*i.e.*, BOL No. 28609) was not a proper hazardous waste manifest because it did not:

- a. comply with the required manifest form (*e.g.*, EPA Form 8700-22);
- b. identify the Waste as PCB waste;
- c. list the weight of the Waste in kilograms; and,
- d. include the storage for disposal date.

38. Accordingly, Respondent's failure to comply with the PCB manifesting

Complaint and Notice of Opportunity for Hearing  
*City of Ansonia, TSCA-01-2018-0011*

requirements for BOL. No. 28609, as described in the preceding Paragraph 37, above, constitutes a violation of 40 C.F.R. § 761.207(a) and Section 15 of TSCA for which penalties may be assessed pursuant to TSCA Section 16(a), 15 U.S.C. § 2615(a).

**IV. PROPOSED CIVIL PENALTY**

39. Section 16(a) of TSCA authorizes the assessment of a civil administrative penalty of up to \$25,000 per day for each violation described above. Pursuant to the Debt Collection Improvement Act, 31 U.S.C. § 3701 note, and EPA's Civil Monetary Penalty Inflation Adjustment Rule at 40 C.F.R. Part 19 ("Penalty Inflation Rule"), violations that occur after December 6, 2013 are subject to penalties up to \$37,500 per day per violation. *See* 78 Fed. Reg. 66643, 66647 (November 6, 2013). Under the 2015 Penalty Inflation Act, 28 U.S.C. § 2461 note, and the Penalty Inflation Rule, effective August 1, 2016, the \$37,500 maximum penalty remained \$37,500 for violations occurring after November 2, 2015 and assessed after July 31, 2016, was raised to \$38,114 for such violations where the penalties are assessed on or after January 15, 2017, and was raised, again, to \$38,892 for such violations where penalties are assessed on or after January 15, 2018. *See* Pub. L. 114-74, Section 701 (Nov. 2, 2015); 83 Fed. Reg. 1190-1194 (January 10, 2018).

40. In determining the amount of any penalty to be assessed, Section 16(a) of TSCA requires EPA to consider the nature, circumstances, extent and gravity of the violations and, with respect to the violator, ability to pay, the effect of the proposed penalty on the ability of the violator to continue to do business, any history of prior such violations, the degree of culpability

of the violator, and such other matters as justice may require. *See* 15 U.S.C. § 2615(a)(2)(B). To assess a penalty for the violation alleged herein, Complainant will take into account the particular facts and circumstances of this case with specific reference to EPA's April 9, 1990 "Polychlorinated Biphenyls (PCB) Penalty Policy" ("PCB Penalty Policy"), a copy of which is included with this Complaint. *See* 55 Fed. Reg. 13955 (Notice of Availability of Polychlorinated Biphenyls Penalty Policy, April 13, 1990). The PCB Penalty Policy, as well as EPA guidance regarding inflationary adjustments to penalties for violations occurring after November 2, 2015 [namely, Amendments to the EPA's Civil Penalty Policies to Account for Inflation (effective January 15, 2018) and Transmittal of the 2018 Civil Monetary Penalty Inflation Adjustment Rule, dated January 11, 2018, a copy of which is included with the Complaint], provide a rational, consistent and equitable calculation methodology for applying the statutory penalty factors enumerative above to particular cases. *See* 81 Fed. Reg. 43091 (July 1, 2016); 83 Fed. Reg. 1190 (January 10, 2018).

41. By this Complaint, Complainant seeks to assess civil penalties of up to the statutory maximum per violation against Respondent for the following violation:

- a. **COUNT 1:** *One violation of 40 C.F.R. § 761.207(a) for failure to properly prepare a hazardous waste manifest for bulk PCB waste offered for storage or disposal* – Respondent's failure to prepare a hazardous waste manifest for approximately 500 gallons of PCB waste offered for storage or disposal is considered a "Major Manifesting" violation (non-disposal) under the PCB Penalty Policy. It is designated as a Significant Extent, High Range, Level 1 violation that increased the likelihood of improper PCB disposal or release into the environment, increased the potential for harm from PCBs (e.g., in a fire), and decreased EPA's ability to determine compliance.

42. Prior to any hearing on this case, EPA will file a document specifying a proposed penalty amount for the violation alleged in this proceeding and explaining how the amount was calculated, as required by the Consolidated Rules of Practice. Complainant will calculate a proposed penalty based, in part, on its current knowledge of the Respondent's financial condition. The proposed penalty may be adjusted if Respondent establishes *bona fide* issues or defenses relevant to the appropriate amount of the penalty. Respondent shall pay the civil penalty with a cashier's or certified check, payable to the "Treasurer, United States of America." Respondent should note on the check the docket number of this Complaint (EPA Docket No. TSCA-01-2018-0011). The check shall be forwarded to:

47. Whether or not a hearing is requested upon filing an Answer, Respondent may confer informally with the EPA concerning the alleged violation.
