RECEIVED
EPA REGION IV

CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 113(d) of the Clean Air Act (CAA), 42 U.S.C. § 7413(d), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits (Consolidated Rules), published in 40 CFR Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, Region 4, United States Environmental Protection Agency. Respondent is Four Star Oil & Gas Company (hereinafter, "Respondent").

2. The authority to take action under Section 113(d) of the CAA, 42 U.S.C. § 7413(d), is vested in the Administrator of the EPA. The Administrator of the EPA has delegated this authority under the CAA to the Regional Administrators by the EPA Delegation 7-6-A, last updated on August 4, 1994. The Regional Administrator, Region 4, has re-delegated this authority to the Director, Air, Pesticides and Toxics Management Division. Pursuant to that delegation, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 CFR § 22.18, and agree to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 CFR § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

3. Respondent does business in the State of Alabama.

4. Respondent is a "person" within the meaning of Section 302(e) of the CAA, 42 U.S.C. § 7602(e), and is therefore subject to the provisions of the CAA and regulations promulgated there under.

5. Respondent operates a "stationary source" as that term is defined by Section 302(z) of the CAA, 42 U.S.C. § 7602(z). The Respondent's stationary source is located at 1340 Radcliff Road, Creola, Alabama 36525.

6. Section 112(r) of the CAA, 42 U.S.C. § 7412(r), addresses the prevention of releases of substances listed pursuant to Section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3). The purpose of this section is to prevent the accidental release of extremely hazardous substances and to minimize the consequences of such releases. Pursuant to Section 112(r)(7) of the CAA, 42 U.S.C. § 7412(r)(7), the EPA is authorized to promulgate regulations for accidental release prevention.

7. Pursuant to Section 112(r)(3) and 112(r)(7) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(7), the EPA promulgated rules codified at 40 CFR Part 68, Chemical Accident Prevention Provisions. These regulations are collectively referred to as the "Risk Management Program" (RMProgram) and apply to an owner or operator of a stationary source that has more than a threshold quantity of a regulated substance in a process. Pursuant to Sections 112(r)(3) and 112(r)(5) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(5), the list of regulated substances and threshold levels are codified at 40 CFR § 68.130.

8. The Respondent, at its stationary source identified in Paragraph 5 of this CAFO, has one RMProgram covered process, condensate storage, which stores or otherwise uses a flammable mixture of, butane, isobutene, pentane and isopentane, in an amount exceeding its applicable threshold of 10,000 pounds.

9. Pursuant to Section 112(r)(7)(B)(iii) of the CAA, 42 U.S.C. § 7412(r)(7)(B)(iii), and 40 CFR §§ 68.10 and 68.150, the owner or operator of a stationary source that has a regulated substance in an amount equal to or in excess of the applicable RMProgram threshold in a "process" as defined in 40 CFR § 68.3, must develop an RMProgram accidental release prevention program, and submit and register a single Risk Management Plan (RMPlan) to the EPA.

10. Respondent has submitted and registered an RMPlan to the EPA for the stationary source identified in Paragraph 5 of this CAFO. Respondent has developed an RMProgram accidental release prevention program for the stationary source identified in Paragraph 5 of this CAFO.

11. Based on an RMProgram compliance monitoring investigation initiated by EPA on June 24-26, 2013, the EPA alleges that the Respondent violated the codified rules governing the CAA Chemical Accident Prevention Provisions, because Respondent did not adequately implement provisions of 40 CFR Part 68 when it:

Failed to include in the process safety information, information pertaining to the hazards of the regulated substance in the process as required by 40 CFR § 68.65(b);

Failed to include in the process safety information, piping and instrument diagrams pertaining to the equipment in the process as required by 40 CFR § 68.65(d)(1)(ii);

Failed to retain the 2008 compliance audit reports as required by 40 CFR § 68.79(e);

Failed to include for each covered process, the name and CAS number of each regulated substance held above the threshold quantity in the process, the maximum

quantity of each regulated substance in the process, the NAICS code, and the program level of the process as required by 40 CFR § 68.160(b)(7).

III. Consent Agreement

12. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set out above but neither admits nor denies the factual allegations set out above.
13. Respondent waives any right to contest the allegations and its right to appeal the proposed final order accompanying the Consent Agreement.
14. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.
15. Respondent certifies that as of the date of execution of this CAFO, to the best of the Respondent's knowledge after a good faith inquiry, it is compliant with the applicable requirements of Section 112(r) of the CAA.
16. Compliance with the CAFO shall resolve the allegations of violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States other than as expressed herein. Neither the EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.
17. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the RMP Program.

IV. Final Order

18. Respondent agrees to pay a civil penalty of TWENTY TWO THOUSAND FOUR HUNDRED DOLLARS (\$22,400), to be paid within thirty (30) days of the effective date of this CAFO.
