I. PRELIMINARY STATEMENT

1. This Administrative Compliance Order on Consent ("ACOC") is entered into by the United States Environmental Protection Agency, Region 6 ("EPA"), and Respondent, Calcorp Resources, Inc. ("Calcorp" or "Respondent"), and concerns the facility located at 8515 Clinton Drive, Houston, Texas, 77029 (the "Facility").
2. Notice of this action has been given to the state of Texas, under Section 3008(a)(2) of RCRA, 42 U.S.C. § 6928(a)(2)¹.
3. For the purpose of these proceedings, Respondent admits the jurisdictional allegations herein; however, Respondent neither admits nor denies the specific factual allegations and

¹ On December 26, 1984, the State of Texas received final authorization for its base Hazardous Waste Management Program (49 FR 48300). Subsequent revisions have been made to the Texas Hazardous Waste Program and authorized by the EPA. conclusions of law contained in this ACOC. This ACOC states a claim upon which relief may be granted.

4. Respondent explicitly waives any right to contest the allegations and its right to appeal the proposed final order contained in this ACOC and waives all defenses which have been raised or could have been raised to the claims set forth in the ACOC.
5. Respondent consents to the issuance of the ACOC hereinafter recited and consents to the specific stated Compliance Order, Section VI, of this ACOC.

II. JURISDICTION

6. This ACOC is issued by the EPA pursuant to Section 3008(a) of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. § 6928(a), as amended by the Hazardous and Solid Waste Amendments of 1984 ("HSWA") and is simultaneously commenced and concluded through the issuance of this ACOC under 40 C.F.R. §§ 22.13(b) and 22.18(b)(2) and (3).
7. Respondent agrees to undertake and complete all actions required by the terms and conditions of this ACOC. In any action by the EPA or the United States to enforce the terms of this ACOC, Respondent agrees not to contest the authority or jurisdiction of the EPA to issue or enforce this ACOC and agrees not to contest the validity of this ACOC or its terms or conditions.

III. STATEMENT OF PURPOSE

8. This ACOC provides for the resolution of EPA's investigation of Respondent's Facility.
9. By entering into this ACOC, the mutual objectives of EPA and Respondent are to remedy and prevent the potential endangerment to human health and the environment from activities

involving solid waste and hazardous waste, and to ensure that the injunctive relief that Respondent will complete as described in the Section VI, Compliance Order, is protective of human health and/or the environment.

IV. STATUTORY AND REGULATORY BACKGROUND

10. Federal regulation of hazardous waste is primarily based on RCRA, enacted on October 21, 1976, to amend the Solid Waste Disposal Act, and the Hazardous and Solid Waste Amendments (“HSWA”) enacted by Congress in 1984 to further amend the Solid Waste Disposal Act. RCRA establishes a “cradle-to-grave” program to be administered by the Administrator of EPA and authorized states for regulating the generation, transportation, treatment, storage, and disposal of hazardous waste. *See* 42 U.S.C. § 6901 *et seq.*
11. RCRA’s Subchapter III (RCRA §§ 3001-23, 42 U.S.C. §§ 6921-40, known as “Subtitle C”) required EPA to promulgate regulations establishing performance standards applicable to facilities that generate, transport, treat, store, or dispose of hazardous wastes. Together, RCRA Subtitle C and its implementing regulations, set forth at 40 C.F.R. Parts 260 – 279, comprise EPA’s RCRA hazardous waste program.
12. Pursuant to its authority under RCRA, EPA has promulgated regulations at 40 C.F.R. Parts 260 through 272 applicable to generators, transporters, and treatment, storage, and disposal facilities. These regulations generally prohibit treatment, storage, and disposal of hazardous waste without a permit or equivalent “interim status.” They prohibit land disposal of certain hazardous wastes, and provide detailed requirements governing the activities of those who generate hazardous waste and those who are lawfully permitted to store, treat, and dispose of hazardous waste.

13. Pursuant to 40 C.F.R. § 261.2, a “solid waste” is any discarded material that is not otherwise excluded under 40 C.F.R. § 261.4(a), or that is not excluded by variance. A discarded material is any material which is abandoned, recycled, inherently waste-like, or a military munition. Materials are solid waste, as defined in 40 C.F.R. § 261.2, if they are abandoned by being disposed of, burned or incinerated, or accumulated, stored, or treated (but not recycled) before, or in lieu of, being abandoned by being disposed of, burned, or incinerated.
14. A solid waste is a hazardous waste if it is not excluded from regulation as a hazardous waste under 40 C.F.R. § 261.4(b), and it exhibits any of the characteristics of hazardous waste identified in 40 C.F.R. Part 261, Subpart C, or it is listed in 40 C.F.R. Part 261, Subpart D.
15. Characteristic hazardous wastes are assigned “D” codes in 40 C.F.R. Part 261, Subpart C, depending on the specific hazardous characteristic that the waste exhibits.
16. Under RCRA, any person importing a hazardous waste into the United States from a foreign country is subject to the hazardous waste generator standards.
17. Importers of hazardous waste must also comply with import-specific generator requirements in 40 C.F.R. Part 262 Subpart H, in addition to 40 C.F.R. Part 262 Subparts A – D.
18. Pursuant to 40 C.F.R. § 262.81, an “importer” is the person to whom possession or other form of legal control of the hazardous waste is assigned at the time the imported hazardous waste is received in the United States.
19. Importers of solid waste and hazardous waste are responsible for complying with the following generator requirements in 40 C.F.R. Part 262 Subparts A – D and F:

- A. Determine whether their generated solid wastes are hazardous, pursuant to 40 C.F.R. § 262.11;
- B. Comply with the statutory notification requirements of Section 3010 of RCRA, 42 U.S.C. § 6930;
- C. Comply with the manifest requirements, pursuant to 40 C.F.R. § 262.20; and
- D. Determine its generator status by meeting the exemption conditions set forth at 40 C.F.R. § 262.34 or comply with the specific requirements set forth at 40 C.F.R. § 270.10.

V. FINDINGS OF FACT AND CONCLUSIONS OF LAW

- 20. Respondent is an authorized corporation in the state of Texas, authorized on January 20, 1987, and is located at 8515 Clinton Drive, Houston, TX, 77029.
- 21. Respondent is a “person” within the meaning of Section 1004(15) of RCRA, 42 U.S.C. § 6903(15); and 40 C.F.R. § 260.10.
- 22. The Facility identified in Paragraph 1 of this ACOC is a “facility” within the meaning of 40 C.F.R. § 260.10.
- 23. Calcorp is an importer of hazardous waste within the meaning of 40 C.F.R. § 262.81.
- 24. As an importer of hazardous waste, Calcorp is subject to Sections 3002 and 3010 of RCRA, 42 U.S.C. §§ 6922 and 6930, and the regulations set forth at 40 C.F.R. Subpart F of Part 266 and the provisions of 40 C.F.R. part 262 Subpart B and H.
- 25. During the period of July through December 2020, EPA conducted a RCRA investigation and records review (“Investigation”) of Calcorp’s performance as an importer of hazardous waste.

26. During the Investigation, EPA discovered that Calcorp imported silver (waste code D011).
27. The waste stream identified in Paragraph 26 is "solid waste" and "hazardous waste" as defined in 40 C.F.R. §§ 261.2 and 261.24.
28. From the Investigation, EPA determined that during 2018 and 2019, Calcorp imported the hazardous waste streams identified in Paragraph 26 and sent them off for precious metal reclamation.
29. On September 9, 2003, Calcorp registered with Texas Commission on Environmental Quality as a recycler of hazardous waste, who stores prior to recycling.
30. On December 9, 2019, the EPA conferred with Respondent regarding the violations alleged herein and provided an opportunity for Respondent to submit additional information or materials.

Claim i. Notification Requirements

31. The allegations in Paragraphs 1-30 are realleged and incorporated herein by reference.
32. Pursuant to Section 3010(a) of RCRA, 42 U.S.C. § 6930(a), any person generating a characteristic or listed hazardous waste shall file with the Administrator or authorized State a notification stating the location and general description of such activity and the identified characteristic or listed hazardous wastes handled by such person. No identified characteristic or listed hazardous waste subject to this subchapter may be transported, treated, stored, or disposed of unless notification has been given as required by Section 3010(a) of RCRA, 42 U.S.C. § 6930(a).

33. Calcorp did not file with the Administrator a subsequent notification to accurately state the general description of its hazardous waste activities and its generation and management of hazardous waste during 2018 and 2019, in violation of Section 3010(a) of RCRA, 42 U.S.C. § 6930(a).
34. At all times relevant to this ACOC, Respondent failed to comply with its notification requirements in violation of Section 3010(a) of RCRA, 42 U.S.C. § 6930(a).

Claim ii. Failure to Comply with Manifest Requirements

35. The allegations in Paragraphs 1-30 are realleged and incorporated herein by reference.
36. Importers of hazardous must comply with manifest requirements under 40 C.F.R. § 262.60. Pursuant to 40 C.F.R. § 262.60(d) in the international shipment block, the importer must check the import box and enter the point of entry (city and state) into the United States.
37. During the Investigation, EPA reviewed several manifests prepared by Respondent from 2018 through 2019. EPA determined that in 2019, manifests 019277553 JJK, 019277554 JJK, and 019277555 JJK were not prepared as required by the regulations. Therefore, in 2019, Respondent violated 40 C.F.R. § 262.60(d).

VI. COMPLIANCE ORDER

38. Pursuant to Section 3008(a) of RCRA, 42 U.S.C. § 6928(a), Respondent is hereby ordered to take the following actions, and within thirty (30) calendar days of the effective date of the settlement agreement, Respondent shall provide in writing the following:
- A. Respondent shall certify that it has assessed all of its solid waste streams to determine the accurate waste codes and has developed and implemented Standard Operating Procedures

("SOP") to ensure that Calcorp is operating in compliance with RCRA and the regulations promulgated thereunder, including, but not limited to, procedures for: (a) making hazardous waste determinations; (b) managing hazardous wastes; (c) reporting, transporting, and disposing of hazardous waste; (d) preparing the manifests; and (e) meeting the requirements of the land disposal restrictions;

B. Respondent shall certify that it has accurately and adequately complied with its RCRA Section 3010 Notification; and

C. Respondent shall provide, with its certification, a copy of Respondent's SOPs as described in subparagraph A above.

39. In all instances in which this ACOC requires written submission to EPA, the submittal made by Respondent shall be signed by an owner or officer of Calcorp and shall include the following certification:

"I certify under the penalty of law that this document and all of its attachments were prepared by me or under my direct supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. 45. EPA reserves all of its statutory and regulatory powers, authorities, rights, remedies, both legal and equitable, that may pertain to Respondent's failure to comply with any of the requirements of this ACOC.
