The United States Environmental Protection Agency, Region 7 (EPA or Complainant) and City of Cedar Rapids (Respondent) have agreed to a settlement of this action before filing of a complaint, and thus this action is simultaneously commenced and concluded pursuant to Rules 22.13(b) and 22.18(b)(2) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. §§ 22.13(b), 22.18(b)(2).

Complainant, as duly delegated by the Administrator of the EPA, is the Director of the Region 7 Enforcement and Compliance Assurance Division. Part 68," dated January 5, 2004, and "Changes to Restrictions on the Use of Expedited Settlements in Addressing Violations of the Clean Air Act Chemical Accident Prevention Provisions," dated December 20, 2013, are appropriate for administrative penalty actions.

ALLEGED VIOLATIONS

On or about February 25, 2025, an authorized representative of the EPA conducted a compliance inspection of Respondent's J Avenue Water Treatment Plant facility located at 761 J Avenue NE, Cedar Rapids, Iowa 52402-4519 to determine compliance with the Chemical Accident Prevention Provisions (CAPP), commonly known as the Risk Management Program regulations, promulgated pursuant to Section 112(r)(7) of the CAA and found at 40 C.F.R. Part 68. The EPA found that Respondent violated the CAPP as noted on the enclosed CAPP Inspection Findings, which is hereby incorporated by reference.
