Dear County Commissioners:

The Safe Drinking Water Act requires that the Environmental Protection Agency (EPA) notify locally elected officials of certain enforcement actions taken in their area.

EPA has issued an Administrative Order (Order) to Alan Bybee and SSDA, LLC as owners of the Snake River Mobile Home Park drinking water system, directing them to comply with the National Primary Drinking Water Regulations. The violations alleged in the Order include: failing to monitor for nitrate and failing to report these violations to EPA.

For more details, a copy of the Order is enclosed. **The Order does not require any response or action by the County Commission.** If you have any questions regarding the Order, please contact Kimberly Pardue Welch at (303) 312-6983.

Sincerely,

Re: Administrative Order
Snake River Mobile Home Park

Docket No. **SDWA-08-2011-0049**
PWS ID #WY5600214

Dear Mr. Bybee and Ms. Shepherd:

Enclosed is an Administrative Order (Order) issued by the Environmental Protection Agency (EPA) under the authority of section 1414 of the Safe Drinking Water Act, 42 U.S.C. § 300g-3. Among other things, the Order alleges that SSDA, LLC (the company) has violated the National Primary Drinking Water Regulations (the drinking water regulations).

The Order is effective upon the date received. Please review the Order and within 10 days provide EPA with any information you believe EPA may not have. If SSDA, LLC complies with the Order, EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a Federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the drinking water regulations.

To submit information or request an informal conference with EPA, please contact Kimberly Pardue Welch at the above address (with the mailcode 8ENF-W) or by phone at (800) 227-8917, extension 6983 or

violation listed in paragraph 7, above, to EPA and, therefore, violated this requirement.

ORDER

Based on the above violations, Respondents are ordered to perform the following actions upon Respondents' receipt of this Order (unless a different deadline is specified below):

9. Within 30 days of receipt of this Order, and per the regulations thereafter, Respondents shall monitor the system's water for nitrate. 40 C.F.R. § 141.23. Respondents shall report analytical results to EPA within the first 10 days following the month in which sample results were received, as required by 40 C.F.R. § 141.31(a). Respondents shall report any violation of the nitrate monitoring requirements to EPA within 48 hours of the violation occurring, as required by 40 C.F.R. § 141.31(b).

10. Respondents shall direct all reporting required by this Order to:

U. S. EPA Region 8 (8P-W-DW)
1595 Wynkoop Street
Denver, CO 80202-1129

GENERAL PROVISIONS

11. This Order does not constitute a waiver, suspension, or modification of any requirement of the Act or drinking water regulations. Issuance of this Order is not an election by EPA to forgo any civil or criminal action.

12. Violation of any part of this Order or the drinking water regulations may subject Respondents to a civil penalty of up to \$37,500 (as adjusted for inflation) per day of violation, 42 U.S.C. § 300g-3; 40 C.F.R. part 19.

Issued: July 11, 2011.
