NOTICE OF SECURITIES AND EXCHANGE COMMISSION REGISTRANTS' DUTY TO DISCLOSE ENVIRONMENTAL LEGAL PROCEEDINGS

Securities and Exchange Commission regulations require companies registered with the SEC (e.g., publicly traded companies) to disclose, on at least a quarterly basis, the existence of certain administrative or judicial proceedings taken against them arising under Federal, State or local provisions that have the primary purpose of protecting the environment. Instruction 5 to Item 103 of the SEC's Regulation S-K (17 CFR 229.103) requires disclosure of these environmental legal proceedings. For those SEC registrants that use the SEC's "small business issuer" reporting system, Instructions 1-4 to Item 103 of the SEC's Regulation S-B (17 CFR 228.103) requires disclosure of these environmental legal proceedings.

If you are an SEC registrant, you have a duty to disclose the existence of pending or known to be contemplated environmental legal proceedings that meet any of the following criteria (17 CFR 229.103(5)(A)-(C)):

- A. Such proceeding is material to the business or financial condition of the registrant;
- B. Such proceeding involves primarily a claim for damages, or involves potential monetary sanctions, capital expenditures, deferred charges or charges to income and the amount involved, exclusive of interest and costs, exceeds 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis; or
- C. A governmental authority is a party to such proceeding and such proceeding involves potential monetary sanctions, unless the registrant reasonably believes that such proceeding will result in no monetary sanctions, or in monetary sanctions, exclusive of interest and costs, of less than \$100,000; provided, however, that such proceedings which are similar in nature may be grouped and described generically.

Specific information regarding the environmental legal proceedings that must be disclosed is set forth in Item 103 of Regulation S-K or, for registrants using the "small business issuer" reporting system, Item 103(a)-(b) of Regulation S-B. If disclosure is required, it must briefly describe the proceeding, "including the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceedings and the relief sought."

You have been identified as a party to an environmental legal proceeding to which the United States government is, or was, a party. If you are an SEC registrant, this environmental legal proceeding may trigger, or may already have triggered, the disclosure obligation under the SEC regulations described above.

This notice is being provided to inform you of SEC registrants' duty to disclose any relevant environmental legal proceedings to the SEC. This notice does not create, modify or interpret any existing legal obligations, it is not intended to be an exhaustive description of the legally applicable requirements and it is not a substitute for regulations published in the Code of Federal Regulations. This notice has been issued to you for information purposes only. No determination of the applicability of this reporting requirement to your company has been made by any governmental entity. You should seek competent counsel in determining the applicability of these and other SEC requirements to the environmental legal proceeding at issue, as well as any other proceedings known to be contemplated by governmental authorities.

If you have any questions about the SEC's environmental disclosure requirements, please contact the Office of Chief Counsel in the SEC's Division of Corporation Finance. The phone number is (202) 942-2900.

HEARING CLERK

CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 109 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, 42 U.S.C. § 9609 and by Section 325 of the Emergency Planning and Community Right-to-Know Act (EPCRA), 42 U.S.C. § 11045 and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties, and the Revocation/Termination or Suspension of Permits (Consolidated Rules), codified at 40 CFR Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, Region 4, United States Environmental Protection Agency (EPA). Respondent is Mallinckrodt Baker, Inc.

2. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 CFR § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 CFR § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

3. The authority to take action under Section 109 of CERCLA, 42 U.S.C. § 9609 and Section 325 of EPCRA, 42 U.S.C. § 11045, is vested in the Administrator of EPA. The Administrator of EPA has delegated this authority under CERCLA and under EPCRA to the Regional Administrators by EPA Delegation 14-31 and 22-3-A, dated May 11, 1994. The Regional Administrator, Region 4, has redelegated to the Director, Air, Pesticides and Toxics Management Division, the authority under CERCLA by EPA Region 4 Delegation 14-31 dated March 8, 1999, and updated August 6, 2004, and the authority under EPCRA by EPA Region 4 Delegation 22-3-A, dated November 8, 1994. Pursuant to these delegations, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter.

4. Respondent is a corporation doing business in the Commonwealth of Kentucky.

5. Respondent is a "person" as defined in Section 329(7) of EPCRA, 42 U.S.C. § 11049(7) and Section 101(21) of CERCLA, 42 U.S.C. § 9601(21).

6. Respondent has a "facility" as that term is defined by Section 101(9) of CERCLA, 42 U.S.C. § 9601(9) and by Section 329(4) of EPCRA, 42 U.S.C. § 11049(4).

7. Respondent's facility is located at 7001 Bypass Road, Paris, Kentucky.

8. Respondent is an "owner or operator" of the facility as that term is defined by Section 101(20)(A) of CERCLA, 42 U.S.C. § 9601(20)(A).

9. Section 102(a) of CERCLA, 42 U.S.C. § 9602(a), required the Administrator of EPA to publish a list of substances designated as hazardous substances which, when released into the environment, may present substantial danger to public health or welfare or the environment and to promulgate regulations establishing the quantity of any hazardous substance the release of which was required to be reported under Section 103(a) of CERCLA, 42 U.S.C. § 9603(a). EPA has published and amended such a list, including the corresponding reportable quantities (RQ) for those substances. This list initially published on April 4, 1985 (50 Fed. Reg. 13474) and is periodically amended. The list is codified at 40 CFR Part 302.

10. Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), and the regulations found at 40 CFR Part 302.6, require a person in charge of a facility or vessel to immediately notify the National Response Center (NRC), as soon as he or she has knowledge of a release of a hazardous substance from such facility or vessel in an amount equal to, or greater than the reportable quantity (RQ).

11. Respondent was in charge of the facility during the relevant period described below.

12. Ethyl ether is a "hazardous substance" as that term is defined by Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), with an RQ of 100 pounds, as specified in 40 CFR Part 302.4.

13. On April 17, 2006, a release of ethyl ether above the RQ occurred at the facility.

14. Methylene chloride is a "hazardous substance" as that term is defined by Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), with an RQ of 1,000 pounds, as specified in 40 CFR § 302.4.

15. On April 17, 2006, a release of methylene chloride above the RQ occurred at the facility.

16. EPA alleges that Respondent violated the notification requirements of Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), by failing to immediately notify the NRC as soon as Respondent had knowledge of the release of ethyl ether and methylene chloride in an amount equal to or greater than its RQ at Respondent's facility and is therefore subject to the assessment of penalties under Section 109 of CERCLA, 42 U.S.C. § 9609.

17. Pursuant to Section 109 of CERCLA, 42 U.S.C. § 9609, and 40 CFR Part 19, EPA may assess a penalty not to exceed \$32,500 for each violation of Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), that occurred on or after March 15, 2004. Each day a violation of Section 103 continues constitutes a separate violation. Civil penalties under Section 109 of CERCLA, 42 U.S.C. § 9609, may be assessed by Administrative Order.

18. Section 304(a) of EPCRA, 42 U.S.C. §11004(a) and the regulations found at 40 CFR Part 355.40, require the owner or operator of a facility at which hazardous chemicals are produced, used or stored, to immediately notify the State Emergency Response Commission (SERC) and Local Emergency Planning Committee (LEPC) when there has been a release of a CERCLA hazardous substance or extremely hazardous substance in an amount equal to or greater than the reportable quantity.

19. Respondent was the owner or operator of the facility during the relevant period, described below.

20. At all times relevant to this matter, the facility produced, used, or stored "hazardous chemicals" as defined under Section 311(e) of EPCRA, 42 U.S.C. § 11021(e) and under 29 CFR Part 1910.1200(c).

21. Methylene chloride is a "hazardous chemical" as that term is defined by EPCRA, 42 U.S.C. § 11049(5), with an RQ of 1,000 pounds, as specified in 40 CFR Part 302.4.

22. On April 17, 2006, a release of methylene chloride above the RQ occurred at the facility.

23. Ethyl ether is a "hazardous chemical" as that term is defined by EPCRA, 42 U.S.C. § 11049(5), with an RQ of 100 pounds, as specified in 40 CFR Part 302.4.

24. On April 17, 2006, a release of ethyl ether above the RQ occurred at the facility.

25. EPA alleges that Respondent violated the notification requirements of Section 304(a) of EPCRA, 42 U.S.C. §11004(a) by failing to immediately notify the SERC and LEPC as soon as Respondent had knowledge of the release of methylene chloride and ethyl ether in an amount equal to or greater than the RQ at Respondent's facility, and is therefore subject to the assessment of penalties under Section 325 of EPCRA, 42 U.S.C. §11045.

26. Section 304(c) of EPCRA, 42 U.S.C. §11004(c), and the regulations found at 40 CFR Part 355.40, require the owner or operator of a facility at which there has been a release that is reportable under EPCRA § 304(a) to provide, as soon as practicable, a follow-up written notice to the SERC and LEPC.

27. Respondent failed to submit a follow-up written notice to the SERC and to the LEPC in a timely manner for the April 17, 2006, release of ethyl ether and methylene chloride.

28. Respondent violated the notification requirements of Section 304(c) of EPCRA, 42 U.S.C. §11004(c), and is therefore subject to the assessment of penalties under Section 325 of EPCRA, 42 U.S.C. §11045.

29. Pursuant to Section 325(b) of EPCRA, 42 U.S.C. § 11045(b), and 40 CFR Part 19, EPA may assess a penalty of not more than \$32,500 for each violation of Section 304(a) and 304(c) of EPCRA, 42 U.S.C. §§ 11004 (a) and (c), that occurred on or after March 15, 2004. Civil penalties under Section 325(b) of EPCRA, 42 U.S.C. § 11045(b), may be assessed by Administrative Order.

III. Consent Agreement

30. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set out above but neither admits nor denies the factual allegations set out above.

31. Respondent waives any right to contest the allegations and its right to appeal the proposed final order accompanying the Consent Agreement.

31. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.

33. Respondent certifies that as of the date of its execution of this CAFO, it is in compliance with all relevant requirements of EPCRA and CERCLA.

34. Compliance with the CAFO shall resolve the allegations of violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States other than as expressed herein. Neither EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.

35. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of CERCLA and EPCRA.

IV. Final Order

36. Respondent shall pay a civil penalty of SIX THOUSAND FIVE HUNDRED FORTY NINE DOLLARS (\$6,549) for the CERCLA violations. Payment shall be paid within thirty (30) days of the effective date of this CAFO.

37. Respondent shall pay the CERCLA civil penalty by forwarding a cashier's or certified check, payable to "EPA Hazardous Substance Superfund" to the following address:

41. Pursuant to 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the date of entry of the CAFO if the penalty is not paid by the date required.
