James A. Oliver
J. Oliver Products, LLC
3187 Robertson Gin Road
Hernando, Mississippi 38632

Dear Mr. Oliver:

VACATION OF STOP SALE, USE, OR REMOVAL ORDER

On February 21, 2017, the Environmental Protection Agency (EPA) placed a Stop Sale, Use or Removal Order (SSURO), Docket No. FIFRA-07-2017-0150, on all quantities and sizes of the registered pesticide known, sold and distributed as WARTHOG 2EC, EPA Registration Number (EPA Reg. No.) 83222-30, believed to be adulterated (the product) and held within the control and custody of HPI Products, Inc. EPA has received information from J. Oliver Products, Inc., indicating that the product was transferred and 550 gallons of the product was land applied in accordance with the SSURO.

EPA is hereby vacating the SSURO, subject to the following conditions:

1. All quantities of the sizes of the product shall be maintained in the care, custody, and control of J. Oliver Products, LLC.
2. The product shall only be transferred and used in accordance with the subsequently issued Stop Sale, Use or Removal Order, Docket No. FIFRA-07-2017-0455.

This vacation of the SSURO does not preclude the Agency from taking additional enforcement actions for any violations of FIFRA. If you have any questions about this matter, please contact my staff member, Mark Leshner, at (913) 551-7054.

Sincerely,

Jamie Green

Chief, Toxics and Pesticides Branch
