CONSENT AGREEMENT

PRELIMINARY STATEMENT

1. This Consent Agreement is entered into by the Director of the Enforcement and Compliance Assurance Division, U.S. Environmental Protection Agency, Region 3 ("Complainant") and Om Sai Enterprises, Inc. ("Respondent") (collectively the "Parties"), pursuant to Section 9006 of the Resource Conservation and Recovery Act ("RCRA" or "the Act"), 42 U.S.C. § 6991e, and the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation, Termination or Suspension of Permits ("Consolidated Rules of Practice"), 40 C.F.R. Part 22. Section 9006 of RCRA, 42 U.S.C. § 6991e authorizes the Administrator of the U.S. Environmental Protection Agency to assess penalties and undertake other actions required by this Consent Agreement. The Administrator has delegated this authority to the Regional Administrator who, in turn, has delegated the authority to enter into agreements concerning administrative penalties to the Complainant. This Consent Agreement and the attached Final Order (hereinafter jointly referred to as the "Consent Agreement and Final Order") resolve Complainant's civil penalty claims against Respondent under RCRA for the violations alleged herein.
2. In accordance with 40 C.F.R. §§ 22.13(b) and 22.18(b)(2) and (3) of the Consolidated Rules of Practice, Complainant hereby simultaneously commences and resolves this administrative proceeding.

JURISDICTION

3. The U.S. Environmental Protection Agency (“EPA”) has jurisdiction over the above-captioned matter, as described in Paragraph 1, above.
4. The Consolidated Rules of Practice govern this administrative adjudicatory proceeding pursuant to 40 C.F.R. § 22.1(a)(4).
5. The EPA has given the Maryland Department of the Environment (“MDE”) notice of the issuance of this Consent Agreement and Final Order in accordance with Section 9006(a)(2) of RCRA, 42 U.S.C. § 6991e(a)(2).

GENERAL PROVISIONS

6. For purposes of this proceeding only, Respondent admits the jurisdictional allegations set forth in this Consent Agreement and Final Order.
7. Except as provided in Paragraph 6, above, Respondent neither admits nor denies the specific factual allegations set forth in this Consent Agreement.
8. Respondent agrees not to contest the jurisdiction of the EPA with respect to the execution of this Consent Agreement, the issuance of the attached Final Order, or the enforcement of this Consent Agreement and Final Order.
9. For purposes of this proceeding only, Respondent hereby expressly waives its right to contest the allegations set forth in this Consent Agreement and Final Order and waives its right to appeal the accompanying Final Order.
10. Respondent consents to the assessment of the civil penalty stated herein, to the issuance of any specified compliance order herein, and to any conditions specified herein.
11. Respondent shall bear its own costs and attorney’s fees in connection with this proceeding.
12. By signing this Consent Agreement, Respondent waives any rights or defenses that respondent has or may have for this matter to be resolved in federal court, including but not limited to any right to a jury trial, and waives any right to challenge the lawfulness of the Final Order accompanying the Consent Agreement.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

13. In accordance with 40 C.F.R. §§ 22.13(b) and 22.18(b)(2) and (3) of the Consolidated Rules of Practice, Complainant alleges and adopts the Findings of Fact and Conclusions of Law set forth immediately below.
14. The State of Maryland is approved to administer and enforce a UST program in lieu of the Federal program under Subtitle I of RCRA. The State's program, as administered by MDE, was approved by the EPA pursuant to 42 U.S.C. § 6991c and 40 C.F.R. Part 181. The EPA approved the Maryland UST program on June 20, 1992, and the program became effective on July 30, 1992.
15. The State of Maryland has primary responsibility for administering and enforcing its federally approved UST program. However, the EPA retains the authority to exercise its inspection and enforcement authorities under Sections 9005 and 9006 of Subtitle I of RCRA, 42 U.S.C. § 6991d and § 6991e, regardless of whether Maryland has taken its own actions, as well as under any other applicable statutory and regulatory provisions.
16. Section 9006 of RCRA, 42 U.S.C. § 6991e, authorizes the assessment of civil penalties against any owner or operator of an UST who fails to comply with, *inter alia*, any requirement or standard of a State program that has been approved pursuant to Section 9004 of RCRA, 42 U.S.C. § 6991c, for the violations alleged herein.
17. The Maryland UST program regulates USTs used to contain "regulated substances," as that term is defined in Section 9001(7) of RCRA, 42 U.S.C. § 6991(7), and the Code of Maryland Regulations ("COMAR") § 26.10.02.04B(48).
18. At all times relevant to the alleged violations in this Consent Agreement and Final Order, Respondent has been a "person" as defined in Section 9001(5) of RCRA, 42 U.S.C. § 6991(5), and COMAR § 26.10.02.04.B(40).
19. At all times relevant to this Consent Agreement, Respondent is, and has been, the "owner" and "operator," as defined by Section 9001(3) and (4) of RCRA, 42 U.S.C. § 6991(3) and (4), and COMAR § 26.10.02.04.B(37) and (39), of "USTs" and "UST systems," as defined in Section 9001(10) of RCRA, 42 U.S.C. § 6991(10), and COMAR § 26.10.02.04.B(64) and (66), at the gas station and convenience store facility located at 2650 West Patapsco Avenue, Baltimore, Maryland 21230 ("the Facility").
20. At all times relevant to this Consent Agreement, there are, and there have been, the following USTs at the Facility, which contain a regulated substance.

- a. Tank 1: a 12,000 gallon tank that contains regular grade gasoline and was installed on or about November 2004. The tank is made of double-walled composite material with double-walled flexible plastic piping.
 - b. Tank 2: an 8,000 gallon compartment of a 12,000 gallon tank that contains super grade gasoline and was installed on or about November 2004. The tank is made of double-walled composite material with double-walled flexible plastic piping.
 - c. Tank 3: a 4,000 gallon compartment of a 12,000 gallon tank that contains diesel and was installed on or about November 2004. The tank is made of double-walled composite material with double-walled flexible plastic piping.
21. On August 6, 2024, the EPA conducted an on-site inspection to determine the Facility's compliance with RCRA Subtitle I and the federally authorized Maryland UST program ("the Inspection").

Count 1

Failure to perform annual test of the operation of the line leak detectors

22. The information and allegations in the preceding paragraphs of this Consent Agreement are incorporated herein by reference.
23. COMAR § 26.10.05.05.B establishes requirements for automatic line leak detectors and requires "[m]ethods that alert the operator to the presence of a leak by restricting or shutting off the flow of regulated substances through piping or triggering an audible or visual alarm may be used only if they detect leaks of three gallons per hour at 10 pounds per square inch pressure line within one hour. An annual test of the operation of the leak detector must be conducted in accordance with the manufacturer's requirements."
24. During the Inspection, the EPA observed that the USTs were equipped with mechanical line leak detectors ("mLLDs"), a type of automatic line leak detector. The EPA Inspectors asked for documentation of the most recent annual testing for the mLLDs, but the Facility representative was unable to provide any at the time of the Inspection.
25. An MDE UST Compliance Inspection Report, dated April 14, 2022, indicates that the Facility provided documentation of a test of the mLLDs, with Tanks 1 and 2 tested on August 16, 2021, and Tank 3 tested on September 16, 2021. Accordingly, annual testing of the mLLDs for Tanks 1 and 2 was due August 16, 2022, and testing for Tank 3 was due September 16, 2022.
26. On August 8, 2024, the EPA Inspector emailed the Facility and asked for testing records for the mLLDs. On September 3, 2024, the Facility provided mLLD testing documentation

to the EPA, indicating Tanks 1, 2, and 3 were tested on August 23, 2024, with passing results.

27. On September 16, 2024, the EPA Inspector emailed the Facility, asking for any documentation of 2022, 2023, or 2024 testing prior to the August 23, 2024 test. However, the EPA Inspector did not receive a response, and Respondent has not provided any documentation of testing prior to August 23, 2024.
28. For Tanks 1 and 2, from August 16, 2022, to August 22, 2024, Respondent violated COMAR § 26.10.05.05.B and RCRA Subtitle I by failing to perform annual testing of the operation of the mLLDs.
29. For Tank 3, from September 16, 2022, to August 22, 2024, Respondent violated COMAR § 26.10.05.05.B and RCRA Subtitle I by failing to perform annual testing of the operation of the mLLDs.
30. In failing to comply with COMAR § 26.10.05.05.B, Respondent violated Subtitle I of RCRA, 42 U.S.C. § 6991-6991m, and is subject to the assessment of penalties under Section 9006 of RCRA, 42 U.S.C. § 6991e.

Count 2

Failure to perform piping release detection

31. The information and allegations in the preceding paragraphs of this Consent Agreement are incorporated herein by reference.
32. COMAR § 26.10.05.02 sets forth general requirements for release detection for petroleum UST systems. COMAR § 26.10.05.02.C establishes the release detection requirements for piping, including COMAR § 26.10.05.02.C(2)(b) which requires underground piping that conveys regulated substances under pressure to have “an annual line tightness test conducted in accordance with [COMAR § 26.10.05.05.C] or have a monthly monitoring conducted in accordance with [COMAR § 26.10.05.05.D].”
33. The USTs at the Facility use pressurized piping.
34. During the Inspection, the EPA Inspectors observed the sump sensors in the submersible turbine pump sumps for the tanks, but the sensors were incorrectly set in a manner where they could not be used to perform piping release detection.
35. During the Inspection, the EPA Inspectors asked for documentation of either the most recent annual line tightness test or the most recent twelve months of sump sensor records. However, the Facility representative was unable to provide any documentation.

36. An MDE UST Compliance Inspection Report, dated April 14, 2022, indicates that the Facility provided documentation that line tightness testing was performed for all USTs on August 16, 2021. Accordingly, annual line tightness tests for the USTs were due August 16, 2022, or the Facility had to begin monthly monitoring by August 16, 2022.
37. The EPA Inspector emailed Respondent on August 8, 2024, asking for line tightness testing records. Respondent provided documentation that the USTs were tested August 23, 2024, with passing results.
38. On September 10, 2024, the EPA Inspector emailed Respondent asking for any line tightness testing documentation from 2022, 2023, or 2024 testing prior to the August 23, 2024 test. However, the EPA Inspector did not receive a response, and Respondent has not provided any documentation of testing prior to August 23, 2024.
39. From August 16, 2022 until August 22, 2024, Respondent violated COMAR § 26.10.05.02.C(2)(b) and RCRA Subtitle I by failing to perform piping release detection for all three USTs through either an annual line tightness test or monthly monitoring.
40. In failing to comply with COMAR § 26.10.05.02.C(2)(b), Respondent violated Subtitle I of RCRA, 42 U.S.C. § 6991-6991m, and is subject to the assessment of penalties under Section 9006 of RCRA, 42 U.S.C. § 6991e.

CIVIL PENALTY

41. In settlement of the EPA's claims for civil penalties for the violations alleged in this Consent Agreement, Respondent consents to the assessment of a civil penalty in the amount of one thousand dollars (\$1,000), which Respondent shall be liable to pay in accordance with the terms set forth below.
42. In determining the amount of the civil penalty to be assessed, EPA has taken into account the factors specified in Section 9006(c) of RCRA, 42 U.S.C. § 6991e(c). After considering these factors, EPA has determined that an appropriate penalty to settle this action is \$1,000.
43. The civil penalty is also based upon an analysis of Respondent's ability to pay a civil penalty. This analysis was based upon information submitted to the EPA by Respondent including the following: tax returns from 2022-2024, a profit and loss report for 2025, and a corporate financial form.
44. Respondent agrees to pay a civil penalty in the amount of \$1,000 ("Assessed Penalty"). Based upon Respondent's documented inability to pay claim, and in accordance with applicable laws, the EPA conducted an analysis of Respondent's financial information

and determined that the Assessed Penalty is an appropriate amount to settle this action, which Respondent consents to pay as follows.

45. Respondent shall pay the Assessed Penalty and any interest, fees, and other charges due using one of the electronic payment options provided on the EPA website: <https://www.epa.gov/financial/makepayment>. For additional instructions see: <https://www.epa.gov/financial/additional-instructions-making-payments-epa>. For additional instructions relating to electronic payment options, see: <https://www.epa.gov/financial/additional-instructions-making-payments-epa>. Respondent acknowledges that EPA has provided adequate notification that, prior to the Effective Date, in accordance with Executive Order 14247: [Modernizing Payments To and From America's Bank Account](#), EPA ceased accepting paper checks as a form of payment of civil penalties and EPA only accepts specific electronic methods of payments as provided on the above website.
46. When making a payment, Respondent shall:
- a. Identify every payment with Respondent's name and the docket number of this Consent Agreement, RCRA-03-2026-0027,
 - b. Concurrently with any payment or within 24 hours of any payment, Respondent shall serve Proof of Payment simultaneously **by email** to the following person(s):

Amy Stevens
Assistant Regional Counsel
Stevens.amy@epa.gov,

U.S. Environmental Protection Agency
Cincinnati Finance Center
CINWD_AcctsReceivable@epa.gov,

and

U.S. EPA Region 3 Regional Hearing Clerk
R3_Hearing_Clerk@epa.gov.

"Proof of Payment" means, as applicable, a copy of the check, confirmation of credit card or debit card payment, or confirmation of wire or automated clearinghouse transfer, and any other information required to demonstrate that payment has been made according to the EPA requirements, in the amount due, and identified with the appropriate docket number and Respondent's name.

47. Interest, Charges, and Penalties on Late Payments. Pursuant to 31 U.S.C. § 3717, 31 C.F.R. § 901.9, and 40 C.F.R. § 13.11, if Respondent fails to timely pay the full amount of the Assessed Penalty per this Consent Agreement, the EPA is authorized to recover, in addition to the amount of the unpaid Assessed Penalty, the following amounts.
- a. Interest. Interest begins to accrue from the Effective Date of this Consent Agreement. If the Assessed Penalty is paid in full within thirty (30) days, interest accrued is waived. If the Assessed Penalty is not paid in full within thirty (30) days, interest will continue to accrue until any unpaid portion of the Assessed Penalty as well as any interest, penalties, and other charges are paid in full. To protect the interests of the United States, the rate of interest is set at the Internal Revenue Service (“IRS”) standard underpayment rate, any lower rate would fail to provide Respondent adequate incentive for timely payment.
 - b. Handling Charges. Respondent will be assessed monthly a charge to cover the EPA’s costs of processing and handling overdue debts. If Respondent fails to pay the Assessed Penalty in accordance with this Consent Agreement, the EPA will assess a charge to cover the costs of handling any unpaid amounts for the first thirty (30) day period after the Effective Date. Additional handling charges will be assessed every thirty (30) days, or any portion thereof, until the unpaid portion of the Assessed Penalty as well as any accrued interest, penalties, and other charges are paid in full.
 - c. Late Payment Penalty. A late payment penalty of six percent (6%) per annum, will be assessed monthly on all debts, including any unpaid portion of the Assessed Penalty, interest, penalties, and other charges, that remain delinquent more than ninety (90) days. Any such amounts will accrue from the Effective Date.
48. Late Penalty Actions. In addition to the amounts described in the prior Paragraph, if Respondent fails to timely pay any portion of the Assessed Penalty, interest, or other charges and penalties per this Consent Agreement, the EPA may take additional actions. Such actions the EPA may take include, but are not limited to, the following.
- a. Refer the debt to a credit reporting agency or a collection agency, per 40 C.F.R. §§ 13.13 and 13.14.
 - b. Collect the debt by administrative offset (i.e., the withholding of money payable by the United States government to, or held by the United States government for, a person to satisfy the debt the person owes the United States government), which includes, but is not limited to, referral to the Internal Revenue Service for offset against income tax refunds, per 40 C.F.R. Part 13, Subparts C and H.

- c. Suspend or revoke Respondent's licenses or other privileges, or suspend or disqualify Respondent from doing business with the EPA or engaging in programs the EPA sponsors or funds, per 40 C.F.R. § 13.17.
 - d. Refer this matter to the United States Department of Justice for litigation and collection, per 40 C.F.R. § 13.33.
49. Allocation of Payments. Pursuant to 31 C.F.R. § 901.9(f) and 40 C.F.R. § 13.11(d), a partial payment of debt will be applied first to outstanding handling charges, second to late penalty charges, third to accrued interest, and last to the principal that is the outstanding Assessed Penalty amount.
50. Tax Treatment of Penalties. Penalties, interest, and other charges paid pursuant to this Consent Agreement shall not be deductible for purposes of federal taxes.
51. Payment of the civil penalty is due and payable immediately upon receipt by Respondent of a true and correct copy of the fully executed and filed Consent Agreement and Final Order. Receipt by Respondent or Respondent's legal counsel of such copy of the fully executed Consent Agreement and Final Order, with a date stamp indicating the date on which the Consent Agreement and Final Order was filed with the Regional Hearing Clerk, shall constitute receipt of written initial notice that a debt is owed the EPA by Respondent in accordance with 40 C.F.R. § 13.9(a).
52. The Parties consent to service of the Final Order by e-mail at the following valid email addresses: stevens.amy@epa.gov (for Complainant), and saswot2010@gmail.com (for Respondent).

Nothing in this Consent Agreement and Final Order shall relieve Respondent of its obligation to comply with all applicable federal, state, and local laws and regulations, nor shall it restrict the EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on the validity of any federal, state or local permit. This Consent Agreement and Final Order does not constitute a waiver, suspension or modification of the requirements of RCRA, or any regulations promulgated thereunder.

This settlement is subject to all limitations on the scope of resolution and to the reservation of rights set forth in Section 22.18(c) of the Consolidated Rules of Practice, 40 C.F.R. § 22.18(c). The EPA reserves any rights and remedies available to it under RCRA, the regulations promulgated thereunder and any other federal law or regulation to enforce the terms of this Consent Agreement and Final Order after its effective date.
