Complainant, United States Environmental Protection Agency ("EPA"), by its undersigned attorney, hereby submits a Motion to Withdraw the Proposed Compliance Order and Complaint filed on December 20, 2010. On or about August 30, 2010, Complainant conducted an inspection at the Respondent's facility. During that inspection, Respondent's employee informed Complainant that the facility discharges motor vehicle wastes from its vehicle maintenance shop into a subsurface injection system. In correspondence dated January 25, 2011, Respondent provided evidence that the facility did not have a "Class V Injection Well" as defined by 40 C.F.R. §§144.6 and 146.5. Complainant respectfully requests that the Regional Judicial Officer grants Complainant's Motion to Withdraw the Compliance Order and Complaint.

Respectfully Submitted this 22th day of February.
