CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 113(d) of the Clean Air Act (CAA), 42 U.S.C. § 7413(d), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation/Termination or Suspension of Permits (Consolidated Rules), published in 40 CFR Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, Region 4, United States Environmental Protection Agency (EPA). Respondent is W.M. Barr and Company, Inc. (hereinafter, "Respondent").

2. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 CFR § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 CFR § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

3. The authority to take action under Section 113(d) of the CAA, 42 U.S.C. § 7413(d), is vested in the Administrator of EPA. The Administrator of EPA has delegated this authority under the CAA to the Regional Administrators by EPA Delegation 7-6-A, last updated on August 4, 1994. The Regional Administrator, Region 4, has re-delegated this authority to the Director, Air, Pesticides and Toxics Management Division. Pursuant to that delegation, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter.

4. Respondent, W.M. Barr and Company, Inc., is a corporation doing business in the State of Tennessee.

5. Respondent is a “person” within the meaning of Section 302(e) of the CAA, 42 U.S.C. § 7602(e), and is therefore subject to the provisions of the CAA and regulations promulgated thereunder.

6. Respondent operates a “stationary source” as that term is defined by Section 302(z) of the CAA, 42 U.S.C. § 7602(z). The Respondent’s stationary source is located at 2170 Buoy Street, Memphis, Tennessee.

7. Section 112(r)(7) of the CAA, 42 U.S.C. § 7412(r)(7), addresses the prevention of releases of substances listed pursuant to Section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3). The purpose of this section is to prevent the accidental release of extremely hazardous substances and to minimize the consequences of such releases. Pursuant to Section 112(r)(7) of the CAA, 42 U.S.C. § 7412(r)(7), EPA is authorized to promulgate regulations for accidental release prevention.

8. Pursuant to Section 112(r)(3) and 112(r)(7) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(7), EPA promulgated rules codified at 40 CFR Part 68, Chemical Accident Prevention Provisions. These regulations are collectively referred to as the “Risk Management Program” (RMProgram) and apply to an owner or operator of a stationary source that has more than a threshold quantity of a regulated substance in a process. Pursuant to Sections 112(r)(3) and 112(r)(5) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(5), the list of regulated substances and threshold levels are codified at 40 CFR § 68.130.

9. The Respondent, at its stationary source identified in Paragraph 6 of this CAFO, has RMProgram covered processes which store or otherwise use regulated substances in quantities exceeding applicable RMProgram thresholds (10,000 pounds for flammable substances).

10. Pursuant to Section 112(r)(7)(B)(iii) of the CAA, 42 U.S.C. § 7412(r)(7)(B)(iii), and 40 CFR §§ 68.12 and 68.150, the owner or operator of a stationary source that has 10,000 pounds or more of regulated flammable substances in a “process” as defined in 40 CFR § 68.3, must develop an RMProgram accidental release prevention program, and submit and register a single Risk Management Plan (RMPlan) to EPA.

11. Respondent has submitted and registered an RMPlan to EPA for the stationary source identified in Paragraph 6 of this CAFO. Respondent has developed an RMProgram accidental release prevention program for the stationary source identified in Paragraph 6 of this CAFO.

12. On June 29, 2006, an authorized representative of the EPA conducted a compliance monitoring inspection at the Respondent’s stationary source to determine compliance with the RMProgram regulations. At the time of inspection, EPA alleges that the Respondent was not compliant with the regulatory requirements of 40 CFR Part 68. The specific alleged violations cited below are relevant to the Respondent’s Paint and Coating Manufacturing processes (RMP Processes 55092 through 55095):

Failure to provide evidence that, at least every three years, the Respondent has provided refresher training to each employee involved in operating its process to assure that each employee understands and adheres to the current operating procedures of the process as required by 40 CFR § 68.54(b); and

Failure to provide evidence that, at least every three years, the Respondent has evaluated its compliance with the prevention program requirements and certified that its procedures and practices are adequate and are being followed as required by 40 CFR § 68.58(a).

III. Consent Agreement

13. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set out above but neither admits nor denies the factual allegations set out above.

14. Respondent waives any right to contest the allegations and its right to appeal the proposed final order accompanying the Consent Agreement.

15. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.

16. Respondent certifies that as of the date of execution of this CAFO, to the best of the Respondent's knowledge, it is compliant with the applicable requirements of Section 112(r)(7) of the CAA.

17. Compliance with the CAFO shall resolve the allegation of violation contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States other than as expressed herein. Neither EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.

18. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of the RMProgram.

IV. Final Order

19. Respondent shall pay a civil penalty of FOURTEEN THOUSAND AND SEVEN HUNDRED (\$14,700). Payment is to be paid within thirty (30) days of the effective date of this CAFO.

20. Respondent shall pay the penalty by forwarding a cashier's or certified check payable to the "Treasurer, United States of America," to one of the following addresses:

For payment sent via U.S. Postal Service
U.S. Environmental Protection Agency
Box 371099M

22. For the purposes of state and federal income taxation, Respondent shall not be entitled, and agrees not to attempt, to claim a deduction for any civil penalty payment made pursuant to this CAFO. Any attempt by Respondent to deduct any such payment shall constitute a violation of this CAFO.

23. Pursuant to 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the date of entry of the CAFO if the penalty is not paid by the date required. Interest will be assessed at the rate

established by the Secretary of Treasury pursuant to 31 U.S.C. § 3717. A charge will be assessed to cover the costs of debt collection, including processing and handling costs and attorney fees. In addition, a penalty charge up to six percent per year compounded annually will be assessed on any portion of the debt that remains delinquent more than ninety (90) days after payment is due.
