Re: Administrative Order issued to City Kids to Wilderness Project Inc., for the Broken Arrow Ranch  
Public Water System, PWS ID #WY5601081, Docket No. SDWA-08-2014-0028

Dear Mr. Luskey:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency (EPA) under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that the City Kids to Wilderness Project, Inc., (Company), as owner and/or operator of the Broken Arrow Ranch Public Water System (System) has violated the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141.

The Order is effective upon the date received. Please review the Order and within 10 days provide the EPA with any pertinent information the Company believes the EPA may not have (e.g., any monitoring that may have been done but not submitted, any updates to the numbers of connections and/or individuals served, etc.)

If the Company complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the Drinking Water Regulations.

To submit information or request an informal conference with the EPA, please contact Mario Mérida at the above address (with the mailcode 8ENF-W) or by phone at (800) 227-8917, extension 6297, or (303) 312-6297. Any questions from your attorney should be directed to Mia Bearley, Enforcement

Attorney, who may be reached at the above address (with the mailcode 8ENF-L) or by phone at (800) 227-8917, extension 6554, or (303) 312-6554.

We urge your prompt attention to this matter.

Sincerely,

) **ADMINISTRATIVE ORDER**

1. This Order is issued under the authority vested in the Administrator of the United States Environmental Protection Agency (EPA) by section 1414(g) of the Safe Drinking Water Act (Act), 42 U.S.C. § 300g-3(g), as properly delegated to the undersigned officials.
2. The City Kids to Wilderness Project, Inc. (Respondent), is a non-profit corporation registered in Wyoming and in the District of Columbia that owns and/or operates the Broken Arrow Ranch Public Water System (System), which provides piped water to the public in Teton County, Wyoming, for human consumption.
3. The System is supplied by a groundwater source consisting of one well and one spring box; the water is not treated.
4. The System has approximately 16 service connections and/or regularly serves an average of approximately 45 individuals daily at least 60 days out of the year. Therefore, the System is a "public water system" as defined in section 1401(4) of the Act, 42 U.S.C. § 300f(4), and 40 C.F.R. § 141.2. The System is also a "transient, non-community water system" as defined in 40 C.F.R. § 141.2.
5. Respondent is subject to the Act and the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141. The Drinking Water Regulations are "applicable requirements" as defined in section 1414(i) of the Act, 42 U.S.C. § 300g-3(i).
6. The Drinking Water Regulations include monitoring requirements. The EPA has sent Respondent annual notifications of the specific monitoring requirements that apply to the System.

**VIOLATIONS**

7. Respondent is required to monitor the System's water annually for nitrate. 40 C.F.R. § 141.23(d). Respondent failed to monitor the System's water for nitrate during 2013, and, therefore, violated this requirement.
8. Respondent is required to report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours (except where the Drinking Water Regulations specify a different time period). 40 C.F.R. § 141.31(b). Respondent failed to report the violation cited in paragraph 7, above, to the EPA and, therefore, violated this requirement.

### **ORDER**

Based on the above violations, Respondent is ordered to perform the following actions upon Respondent's receipt of this Order (unless a different deadline is specified below):

9. Within 30 days after receipt of this Order, and as required by the Drinking Water Regulations thereafter, Respondent shall monitor the System's water for nitrate. 40 C.F.R. § 141.23. Respondent shall report analytical results to the EPA within the first 10 days following the month in which Respondent receives sample results, as required by 40 C.F.R. § 141.31(a). Respondent shall report any violation of the nitrate monitoring requirements to the EPA within 48 hours of the violation occurring, as required by 40 C.F.R. § 141.31(b).
10. This Order shall be binding on Respondent, its successors and assigns, and any person (e.g., employee, contractor, or other agent) acting in concert with Respondent.
11. If Respondent (a) leases or sells the System to another person or entity, or (b) contracts with or hires any other person or entity to operate the System, Respondent shall, no later than the date of such lease, sale, or other contract, provide a copy of this Order to the lessee, purchaser, or contractor. No later than 10 days thereafter, Respondent shall notify the EPA in writing of the lease, sale, or other contract, with such notification to include the name and contact information of the person who has leased, bought, or contracted to operate the System. Respondent shall remain obligated to comply with this Order even if Respondent leases the System to another person or entity or hires another person or entity to operate the System.
12. Respondent shall send all reporting and notifications required by this Order in writing to:

U.S. EPA Region 8 (8P-W-DW)  
1595 Wynkoop  
Denver, Colorado 80202-1129

### **GENERAL PROVISIONS**

13. This Order shall not constitute a waiver, suspension, or modification of any requirement of the Act or the Drinking Water Regulations. Issuance of this Order is not an election by the EPA to forgo any civil or criminal action.
14. Violation of any part of this Order or the Drinking Water Regulations may subject Respondent to a civil penalty of up to \$37,500 (as adjusted for inflation) per day of violation. 42 U.S.C. § 300g-3; 40 C.F.R. part 19.
15. Respondent may seek federal judicial review of this Order pursuant to section 1448(a) of the Safe
