ORDER

The Court has received EPA's latest status report in this matter. While the court understands that other matters are being handled by EPA counsel, requesting another "six to eight weeks" to obtain signatures is excessive and inconsistent with the time the undersigned has observed as necessary to finalize a settlement. Therefore, if the settlement is not completed by April 23, 2008, a conference will be held at 9:00am on that date to set the case for hearing.
