Subj: Administrative Order issued to Consolidated Charlo Lake County Water and Sewer District regarding Consolidated Charlo Lake Co. W and S Dist. Public Water System, PWS ID #MT0000172, Docket No. SDWA-08-2025-0029

Dear Ms. Bauer:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that Consolidated Charlo Lake County Water and Sewer District (District), as owner and operator of the Consolidated Charlo Lake Co. W and S Dist. Public Water System (System), has violated the Lead and Copper Rule Improvements (LCRI), specifically 40 C.F.R. §§ 141.84, 141.85, and 141.90 (Part 141). The EPA is issuing this Order because the State of Montana's (State) previous compliance assurance efforts have not been effective in returning the System to compliance with Part 141, and the State has not yet obtained primary enforcement responsibility for the LCRI.

The Order is effective upon the date received. Please review the Order and within 10 business days provide the EPA with any pertinent information you believe the EPA may not have regarding your development or submittal of the required Lead Service Line Inventory. If the EPA does not hear from you, the EPA will assume this information is correct. Please note if the District chooses to submit a plan and schedule to address submitting the Lead Service Line Inventory, the final date should be no greater than six months from the effective date of this Order, unless the District can provide documentation of extenuating circumstances. If the District complies with the Order, the EPA may close the Order without further action.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small entities, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or Part 141. Also enclosed are several templates and fact sheets to assist the District in addressing the outstanding violations.
