Docket No. CWA-02-2021-3301
NPDES/SPDES Tracking No. NYU003945 and NYR00G431**

Dear Messrs. Drought and Schilberg:

Enclosed is a copy of the Signed Expedited Settlement Agreement (“ESA”)/Consent Agreement and Final Order (“CAFO”).

Prime Materials Recovery has already submitted full payment of **\$5,000** to EPA. Therefore, no further action in this matter is required, except for complying with your Multi-Sector General Permit for Stormwater Associated with Industrial Activity

This settles all civil penalties claims against Prime Materials Recover only for the Clean Water Act violations described in the ESA/CAFO. If you have any questions concerning the above, please contact Murray Lantner, P.E. Environmental Engineer at (212) 637-3976.

Sincerely,

For Dore LaPosta, Division Director
