

PUBLIC NOTICE
Harsco Corporation
1344 Bowman Street
Mansfield, Ohio 44903
Case Docket No.

The U.S. Environmental Protection Agency (EPA), Region 5, is providing notice of intent to execute a Consent Agreement and Final Order (CAFO) with Harsco Corporation (“Harsco” or “Respondent”) for alleged violations of the Clean Water Act (CWA). Harsco discharged pollutants to the Rocky Fork of Mohican River through permitted outfalls according to requirements of the National Pollutant Discharge Elimination System (NPDES) Permit No. OH0053040 (“Permit”). EPA made observations during an inspection conducted at Harsco’s facility located at 1344 Bowman Street, Mansfield, Ohio (the “Facility”) on March 20, 2019 and reviewed information submitted by Harsco as part of their monthly Discharge Monitoring Reports (DMRs) to the Ohio Environmental Protection Agency (Ohio EPA). EPA determined that Harsco as the owner and operator of the Facility, had been discharging process wastewater in exceedance of the effluent limits as described in their Permit, in violation of the CWA, 33 U.S.C. §§ 1311.

On October 19 and November 16, 2021, Harsco submitted information that showed actions that the Facility had taken to address the alleged violations.

EPA and Respondent have agreed that Respondent will pay a civil penalty of \$32,136.00. Full payment of the penalty will resolve Respondent’s liability for federal civil penalties for the violations alleged in the CAFO.

A copy of the CAFO may be viewed online at: www.epa.gov/aboutepa/epa-region-5#events by clicking on the “Proposed Consent Agreement and Final Order” link on the Region 5 events calendar for the docket number identified above. Alternatively, the Proposed CAFO may be received by contacting the Regional Hearing Clerk at the address below.
